

of Purpose for an Extension of Credit by a Creditor (FR T-4), and Statement of Purpose for an Extension of Credit Secured by Margin Stock (FR U-1). These reports relate to extensions of credit secured by margin stock. The Board collects the information gathered by the Margin Credit Reports so that it may meet certain obligations under the Securities Exchange Act of 1934.

Certain lenders that are not brokers, dealers, or banks making loans secured by margin stock must register and deregister with the Federal Reserve using the FR G-1 and FR G-2, respectively, and must file an annual report (FR G-4) while registered. The FR G-1, FR G-2, and FR G-4 reporting requirements collect data used to identify lenders subject to the Board's Regulation U to verify their compliance with the regulation and to monitor margin credit.

The FR T-4, FR U-1, and FR G-3 are forms that implement recordkeeping requirements for brokers and dealers, banks, and other lenders, respectively. The FR T-4 documents the purpose of credit being extended when that credit is not to purchase, carry, or trade in securities and the credit is in excess of that otherwise permitted under Regulation T. The FR G-3 and FR U-1 document the purpose of loans secured by margin stock.

Frequency: The FR G-1, FR G-2, FR G-3, FR T-4, and FR U-1 are event-generated; the FR G-4 is completed annually.

Respondents: The FR G-1, FR G-2, FR G-3, and FR G-4 panels comprise lenders, other than banks, brokers, or dealers, that extend margin credit, including federal and state credit unions; insurance companies; commercial and consumer credit organizations; production credit associations; small businesses; insurance premium funding plans; plan-lenders (a company or its affiliate that extends credit to employees to purchase company stock under an eligible employee stock option or stock purchase plan); and lenders to Employee Stock Ownership Plans (ESOPs), thrift plans, and broker-dealer affiliates. The FR T-4 panel comprises brokers and dealers and the FR U-1 panel comprises banks.

Total estimated number of respondents: FR G-1, 25; FR G-2, 12; FR G-3, 10; FR G-4, 129; FR T-4, 14; FR U-1, 14.

Estimated average hours per response: FR G-1, 1.65; FR G-2, 0.53; FR G-3, 0.25; FR G-4, 2.07; FR T-4, 0.25; FR U-1, 0.25.

Total estimated annual burden hours: 697.

Current actions: On February 16, 2024, the Board published a notice in the **Federal Register** (89 FR 12342) requesting public comment for 60 days on the extension, with revision, of the FR G-1, FR G-2, FR G-3, FR G-4, FR T-4, and FR U-1. The Board revised the FR G-1 and FR G-4 by updating the confidentiality treatment as contained in the reporting instructions to state that individual respondents may request that information submitted to the Board through the FR G-1 and FR G-4 be kept confidential and the Board will evaluate whether such treatment is appropriate on a case-by-case basis. The comment period for this notice expired on April 16, 2024. The Board did not receive any comments.

Board of Governors of the Federal Reserve System, June 25, 2024.

The OG FAC will serve as an advisory body to GSA on GSA Open Government initiatives including GSA's creation, implementation and monitoring of U.S. Open Government National Action Plans (NAPs) and commitment themes. The initial focus for the OG FAC will be to provide advice to GSA on the development of NAP 6, Open Government Policy, and Public Engagement. The OG FAC will advise GSA's Administrator on emerging open government issues, challenges and opportunities to support GSA's Open Government Secretariat.

The OG FAC advisory committee is essential to conduct agency business for GSA and bring together civil society, Federal agencies, academia, industry, and other interested stakeholders. GSA needs a wide diversity of views on Open Government initiatives.
