Global Diversity Export Initiative (GDEI) Trade Mission to the Caribbean Region—November 17–22, 2024

Summary

The United States Department of Commerce, International Trade Administration (ITA), is organizing a Global Diversity Export Initiative (GDEI) Trade Mission to the Caribbean region on November 17–22, 2024, that will include the "Opportunities for Minority-Led Businesses in the Caribbean Region Conference" in Santo Domingo, Dominican Republic on November 17–18, 2024.

Recruitment and consideration will be extended to all export-ready U.S. companies, including small businesses, trade associations, and other exporting organizations that meet the established criteria for participation in the mission. ITA is seeking to improve outreach and representation of businesses with owners and/or leaders from underserved communities, including through the GDEI. This mission is focused on expanding export opportunities to U.S. small and medium-sized businesses with owners and/or leaders from underserved communities from industries with growing potential in the Caribbean region. The mission is horizontal, with various sectors represented, based on best prospects for U.S. companies, such as automotive parts and services, consumer goods, construction equipment/road building

machinery/building products/ infrastructure projects, medical equipment and pharmaceuticals, ICT, energy equipment and services, safety and security equipment, hotel and restaurant equipment, franchising, manufacturing equipment, yachting/ maritime services/sailing equipment, marine ports, aviation/airports, tourism and related construction, waste management, and water treatment and supply.

This mission will also support the Department's GDEI, providing export promotion resources to businesses from underserved communities. U.S. small and medium-sized businesses with owners and/or leaders from underserved communities face unique obstacles in accessing overseas markets, including difficulty obtaining financing and lack knowledge about export opportunities. This mission will assist U.S. small and medium-sized businesses with owners and/or leaders from underserved communities to find partners and begin or expand their exports in seven markets. With almost 272,000 U.S. small and medium-sized businesses exporting, the limited number of companies from underserved communities participating in international trade is in stark contrast with the total universe of exporters. According to the most recent Census data (2021), from a sample of approximately 146,000 firms that export, 15% are women-owned; 6% are Hispanic-owned; 6% are veteran-owned; and 1% are Black or African American-owned firms. Additionally, based on the 2020–2021 Census Bureau Profile of U.S. Importing and Exporting Companies and the 2022 Annual Business Survey, Caribbean countries were not in the top 15 markets ranked for women-owned small and medium-sized businesses and veteran-owned small and medium-sized businesses, while the Dominican Republic ranked as the 4th top export market for Hispanic American and Native American-owned small and medium-sized businesses and Jamaica ranked as the 8th top export market for Black or African American-owned small and medium sized businesses, indicating room for export growth to the Caribbean region among . Through these events, the Department of Commerce seeks to continue to scale the next generation of innovation, maintain global competitiveness, and ensure that more diverse businesses benefit from harnessing the potential of exports.

Trade mission participants will arrive in Santo Domingo, Dominican Republic on November 17 to attend the opening reception for the “Opportunities for Minority-Led Businesses in the

Caribbean Region Conference”, which is also open to U.S. companies not participating in the trade mission. The Business Conference will focus on regional and industry-specific sessions and will gather experts on market entry strategies, logistics, procurement, trade financing, access to capital, and other important topics to assist minorities business exporters. The registration fee for the business conference is included in the trade mission costs.

On Sunday November 17, trade mission participants will participate in a networking lunch with a trade mission markets briefing, one-on-one meetings (U.S. diplomats and/or industry specialists from nine U.S. Embassies across the Caribbean region will be available), and a networking reception. On Monday November 18, participants will engage in the business conference that will include a morning plenary session, a networking lunch, afternoon workshops and one-one-one meetings with key service providers and U.S. diplomats and/or industry specialists, information and material on trade-related resources, and an evening networking reception. On Tuesday November 19, selected participants will either engage in business-to-business (B2B) meetings in Santo Domingo if approved for the Dominican Republic Trade Mission stop, or travel to other markets in the region to engage in B2B appointments in those markets. B2B meetings will be conducted with pre-screened potential buyers, agents, distributors or joint-venture partners, in the selected city/market in the Dominican Republic, and/or Barbados/ Eastern Caribbean, and/or Guyana, and/or Jamaica, and/or Suriname, and/or The Bahamas and/or Trinidad and Tobago.

The combination of the Opportunities for Minority-Led Businesses in the Caribbean Region Conference and B2B matchmaking opportunities in seven markets will provide participants with substantive information on strategies for entering or expanding their business in the Caribbean region, key contacts with Commercial Service and State Department officers and local staff, and networking opportunities to build vital business relationships.

This mission is in alignment with Executive Order 13985 on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government (January 25, 2021) (E.O. 13985), Executive Order 14091 on Further Advancing Racial Equity and Support for Underserved Communities Through the Federal Government (February 22, 2022) (E.O. 14091), and the Global Diversity Export Initiative of

the U.S. Commercial Service. For the purposes of the trade mission, ITA adopts the definition of “underserved communities” ITA adopts the definition of “underserved communities” in E.O. 13985: “populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life, as exemplified by the list in the preceding definition of ‘equity.’” “Equity” is defined by E.O. 13985 as “the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.” This trade mission is also designed to be responsive to the priorities stated by Secretary of Commerce Gina Raimondo and outlined in the Equity Action Plan released in April 2022 which aspires to “harness the talents and strengths of all parts of the country, including women, people of color, and others who are too often left behind” including by “[s]trengthen[ing] small businesses in underserved communities by helping them be successful exporters”.

Certain Frozen Warmwater Shrimp From India: Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 13, 2024, the U.S. Department of Commerce (Commerce) published the preliminary results of the changed circumstances review (CCR) of the antidumping duty (AD) order on certain frozen warmwater shrimp from India. For these final results, Commerce continues to find that Varma Marine Private Limited (Varma) is the successor-in-interest to Varma Marine.

DATES: Applicable July 3, 2024.

FOR FURTHER INFORMATION CONTACT: Whitley Herndon, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6274.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2024, Commerce published the preliminary results of this expedited CCR, determining that Varma is the successor-in-interest to Varma Marine for purposes of determining AD cash deposits and liabilities, and provided all interested parties with an

opportunity to comment.¹ No interested party submitted comments on the *Preliminary Results*. Accordingly, the final results remain unchanged from the *Preliminary Results*.

Scope of the Order

The merchandise subject to the order is certain frozen warmwater shrimp. The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) numbers: 0306.17.00.04, 0306.17.00.05, 0306.17.00.07, 0306.17.00.08, 0306.17.00.10, 0306.17.00.11, 0306.17.00.13, 0306.17.00.14, 0306.17.00.16, 0306.17.00.17, 0306.17.00.19, 0306.17.00.20, 0306.17.00.22, 0306.17.00.23, 0306.17.00.25, 0306.17.00.26, 0306.17.00.28, 0306.17.00.29, 0306.17.00.41, 0306.17.00.42, 1605.21.10.30, and 1605.29.10.10. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive. For a complete description of the scope of the order, see the *Preliminary Results*.

Final Results of CCR

For the reasons stated in the *Preliminary Results*, and because we received no comments from interested parties challenging our preliminary finding, Commerce continues to find that Varma is the successor-in-interest to Varma Marine. As a result of this determination and consistent with our established practice, we find that Varma should receive the AD cash deposit rate previously assigned to Varma Marine. Because there are no changes from the *Preliminary Results* and because we received no comments from interested parties, there is no decision memorandum accompanying this notice and we are adopting the *Preliminary Results* as the final results of this CCR.

Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced and/or exported by Varma and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 3.88 percent, which is the current AD cash deposit rate for Varma Marine.² This cash deposit requirement
