

engage parents and caregivers is through Parents' Night Out (PNO).

The *PNO Evaluation* will assess changes in knowledge, skills, and confidence of parents and caregivers after receiving the training and materials for PNO and TTHY products. This evaluation will be delivered in partnership with community partners, who will be exposed to varying combinations of PNO and materials to determine change before and after exposure. The information gleaned in a survey of parents and caregivers will allow the evaluation team to assess whether PNO is being implemented as intended, and which products are most useful in increasing parents' and

caregivers' capacity and intentions. The results will be shared with the implementation team for PNO curriculum modifications and for updating TTHY materials.

PNO data will be collected from participants through a survey delivered via email using Qualtrics. Completing the survey is not a requirement of the event, but an option to provide feedback to the campaign team. Collecting data through Qualtrics will improve the participant experience and allow them to quickly provide feedback. The distribution of the *PNO Evaluation* survey will be facilitated by local organizations who host a PNO event. They will be provided with the link to

the survey and will be asked to spend a few moments of the presentation to share the link. The TTHY campaign team will develop, distribute, and support the survey.

Table 4 indicates the estimated total annual burden on the participants of PNO. The survey estimates include reading the instructions and questions and responding to each question, and totals 7 minutes. The wage rate was determined based on the highest state minimum wage, as site locations have not yet been identified.

The estimated annual response burden to collect this information is as follows:

Instrument	Number of respondents	Responses/ respondent	Total responses	Hours per response	Total hour burden	Wage rate	Total hour cost
PNO Evaluation Survey	150	1	150	0.12	18	\$16.28*	\$293.04

BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2024-0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbabit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.
