

OPA–2008–0563, by any of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.

- **Email:** Email your comments to and-r-Docket@epa.gov. Include Docket ID No. EPA–HQ–OPA–2008–0563 in the subject line of the message.

- **Mail:** U.S. Environmental Protection Agency, EPA Docket Center, Office of Land and Emergency Management Docket, Mail Code 28221T, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

- **Hand Delivery or Courier:** EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Avenue NW, Washington, DC 20004. The Docket Center's hours of operations are 8:30 a.m.–4:30 p.m., Monday–Friday (except Federal Holidays).

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the “Public Participation” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Michael Beuthe, Office of Land and Emergency Management, Office of Emergency Management 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW; telephone number: (202) 566–1499; email address: beuthe.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Written Comments

Submit your comments, identified by Docket ID No. EPA–HQ–OPA–2008–0563, at https://www.regulations.gov (our preferred method), or the other methods identified in the **ADDRESSES** section. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI), Proprietary Business Information (PBI), or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to

make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). Please visit <https://www.epa.gov/dockets/commenting-epa-dockets> for additional submission methods; the full EPA public comment policy; information about CBI, PBI, or multimedia submissions; and general guidance on making effective comments.

II. General Information

A. Does this action apply to me?

This action is directed to the general public. This action may, however, be of interest to parties who submit an application for listing a product on the NCP Product Schedule or Sorbent Product List under subpart J of 40 CFR part 300.

Dated: June 12, 2024.

Patricia Gioffre,

Acting Deputy Director, Office of Emergency Management.

[FR Doc. 2024–14835 Filed 7–5–24; 8:45 am]

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–XXXX, OMB 3060–0636, OMB 3060–0804; FR ID 230199]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.” The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that

does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before August 7, 2024.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418–2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of

automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060-xxxx.

Title: Section 9.10(s), Location-Based Routing for Wireless 911 Calls.

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit entities.

Number of Respondents and

Responses: 59 respondents; 59 responses.

Estimated Time per Response: 40 hours.

Frequency of Response: One-time and on occasion reporting requirement.

Obligation to Respond: Mandatory. Statutory authority for this collection is contained in sections 1, 2, 4(i), 4(j), 4(o), 251(e), 303(b), 303(g), 303(r), 316, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, 403, and section 4 of the Wireless Communications and Public Safety Act of 1999, Public Law 106–81, sections 101 and 201 of the New and Emerging Technologies 911 Improvement Act of 2008, Public Law 110–283, and section 106 of the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111–260, as amended 47 U.S.C. 615a, 615a–1, 615b, 615c.

Total Annual Burden: 2,360 hours.

Total Annual Cost: No Cost.

Needs and Uses: Technical limitations of legacy Enhanced 911 (E911) routing can result in a Commercial Mobile Radio Service (CMRS) provider routing a wireless 911 call to a Public Safety Answering Point (PSAP) other than the one designated by the relevant state or local 911 authority to receive calls from the actual location of the caller. To improve emergency response times, the Commission adopted rules and procedures to require CMRS providers to implement location-based routing (LBR) for wireless 911 voice calls and real-time text (RTT) communications to 911 nationwide. With location-based routing as implemented under the Commission’s rules, CMRS providers will use precise location information to route wireless 911 voice calls and RTT communications to 911 to the appropriate public safety answering point. To facilitate the implementation

of location-based routing for wireless 911 voice calls and RTT communications to 911, and to monitor compliance, promote transparency, and ensure accountability, the Commission adopted certain information collection requirements.

Certification and reporting. The Commission will use the information collected pursuant to section 9.10(s)(4) that is submitted by the CMRS providers in their compliance certifications, including technologies and methodologies used, and live call data reports to assess and monitor the implementation of LBR for wireless 911 voice calls and RTT communications to 911 call centers nationwide. Also, the Commission would use the data generated by the information collections to analyze the effectiveness of the LBR implementation at the benchmark dates set forth in the rules. In addition, it is imperative that CMRS providers ensure the privacy and security of location-based routing information.

Section 9.10(s)(4) requires that within 60 days after each benchmark specified in paragraphs (s)(1)(i), (ii), and (2) of section 9.10 of the rules, CMRS providers must comply with the following certification and reporting requirements.

Under section 9.10(s)(4)(i)(A), CMRS providers must certify that they are in compliance with the requirements specified in paragraphs (s)(1)(i), (ii), and (2) of this section applicable to them.

Under section 9.10(s)(4)(i)(B), CMRS providers must identify specific network architecture, systems, and procedures used to comply with paragraphs (s)(1)(i), (ii), and (2) of this section, including the extent to which the CMRS provider validates location information for routing purposes and the validation practices used in connection with this information.

Under section 9.10(s)(4)(i)(C), CMRS providers must certify that neither they nor any third party they rely on to obtain location information or associated data used for compliance with paragraphs (s)(1)(i), (ii), or (2) of this section will use such location information or associated data for any non-911 purpose, except with prior express consent or as otherwise required by law. The certification must state that the CMRS provider and any third parties it relies on to obtain location information or associated data used for compliance with paragraphs (s)(1)(i), (ii), or (2) of this section have implemented measures sufficient to safeguard the privacy and security of such location information or associated data.

Under section 9.10(s)(4)(ii)(A), CMRS providers must collect and report aggregate data on the routing technologies used for all live wireless 911 voice calls in the locations specified for live 911 call location data in paragraph (i)(3)(ii) of this section for a thirty-day period which begins on the compliance date(s) specified in paragraphs (s)(1)(i) and (ii) of this section. CMRS providers must retain live wireless 911 voice call data gathered pursuant to this section for a period of 2 years. CMRS providers must collect and report the following data, expressed as both a number and percentage of the total number of live wireless 911 voice calls for which data is collected pursuant to this section.

Under section 9.10(s)(4)(ii)(A)(1), CMRS providers must collect and report the data, expressed as both a number and percentage of the total number of live wireless 911 voice calls for which data is collected pursuant to this section, for live wireless 911 voice calls routed with location-based routing using location information that meets the timeliness and accuracy thresholds defined in paragraph (s)(3)(i)(A) and (B) of this section.

Under section 9.10(s)(4)(ii)(A)(2), CMRS providers must collect and report the data, expressed as both a number and percentage of the total number of live wireless 911 voice calls for which data is collected pursuant to this section, for live wireless 911 voice calls routed with location-based routing using location information that does not meet the timeliness or accuracy thresholds defined in paragraph (s)(3)(i)(A) and (B) of this section.

Under section 9.10(s)(4)(ii)(A)(3), CMRS providers must collect and report the data, expressed as both a number and percentage of the total number of live wireless 911 voice calls for which data is collected pursuant to this section, for live wireless 911 voice calls routed using tower-based routing.

Modification of deadlines by agreement. To monitor compliance dates agreed to between CMRS providers and PSAPs that are different from the compliance dates established by the new rules, section 9.10(s)(5) establishes notification requirements for CMRS providers related to any modification of deadlines between the PSAPs and CMRS providers by mutual agreement. Nothing in this section of the rules shall prevent PSAPs and CMRS providers from establishing, by mutual consent, deadlines different from those established for CMRS provider compliance in paragraphs (s)(1)(i), (ii), and (2) of this section. The CMRS provider must notify the Commission of

the dates and terms of the alternate time frame within 30 days of the parties' agreement or by June 12, 2024, whichever is later. The CMRS provider must subsequently notify the Commission of the actual date by which it comes into compliance with the location-based routing requirements in paragraphs (s)(1)(i), (ii), or (2) of section 9.10 within 30 days of that date or by June 12, 2024, whichever is later. The CMRS providers must file any such notifications pursuant to this paragraph (s)(5) in PS Docket No. 18–64.

OMB Control Number: 3060–0636.

Title: Sections 2.906, 2.909, 2.1071, 2.1074, 2.1077 and 15.37, Equipment Authorizations—Supplier's Declaration of Conformity (SDoC).

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 8,500 respondents; 17,000 responses.

Estimated Time per Response: 1–18 hours (average).

Frequency of Response: One-time reporting requirement, recordkeeping requirement and third party disclosure requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154(i), 301, 302a, 303, 309(j), 312, 403, 503, and the Secure Equipment Act of 2021, Public Law 117–55, 135 Stat. 423.

Total Annual Burden: 161,500 hours.

Total Annual Cost: \$17,000,000.

Needs and Uses: The Commission will submit this revised information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them.

In 2022, the Supplier's Declaration of Conformity (SDoC) procedure were revised in a Report and Order, FCC 22–84 (88 FR 7592, February 6, 2023). Revisions to the information collection included amendments to rule sections 2.906 and 2.909 as reported herein, therefore, the eligibility restrictions resulted in fewer applicants but the continued growth in participation in the program resulted in a re-adjustment of applicants which supports program changes and adjustments.

§ 2.906 Supplier's Declaration of Conformity

(a) Supplier's Declaration of Conformity (SDoC) is a procedure where the responsible party, as defined in § 2.909, makes measurements or completes other procedures found

acceptable to the Commission to ensure that the equipment complies with the appropriate technical standards and other applicable requirements. Submittal to the Commission of a sample unit or representative data demonstrating compliance is not required unless specifically requested pursuant to § 2.945.

(b) Supplier's Declaration of Conformity is applicable to all items subsequently marketed by the manufacturer, importer, or the responsible party that are identical, as defined in § 2.908, to the sample tested and found acceptable by the manufacturer.

(c) The responsible party may, if it desires, apply for Certification of a device subject to the Supplier's Declaration of Conformity. In such cases, all rules governing certification will apply to that device.

(d) Notwithstanding other parts of this section, equipment otherwise subject to the Supplier's Declaration of Conformity process that is produced by any entity identified on the Covered List, established pursuant to § 1.50002 of this chapter, as producing covered communications equipment is prohibited from obtaining equipment authorization through that process. The rules governing certification apply to authorization of such equipment.

§ 2.909 Responsible Party

(a) In the case of equipment that requires the issuance of a grant of certification, the party to whom that grant of certification is issued is responsible for the compliance of the equipment with the applicable technical and other requirements. If any party other than the grantee modifies the radio frequency equipment and that party is not working under the authorization of the grantee pursuant to § 2.929(b), the party performing the modification is responsible for compliance of the product with the applicable administrative and technical provisions in this chapter.

(b) For equipment subject to Supplier's Declaration of Conformity the party responsible for the compliance of the equipment with the applicable standards, who must be located in the United States (see § 2.1077), is set forth as follows:

(1) The manufacturer or, if the equipment is assembled from individual component parts and the resulting system is subject to authorization under Supplier's Declaration of Conformity, the assembler.

(2) If the equipment by itself, or, a system is assembled from individual parts and the resulting system is subject

to Supplier's Declaration of Conformity and that equipment or system is imported, the importer.

(3) Retailers or original equipment manufacturers may enter into an agreement with the responsible party designated in paragraph (b)(1) or (b)(2) of this section to assume the responsibilities to ensure compliance of equipment and become the new responsible party.

(4) If the radio frequency equipment is modified by any party not working under the authority of the responsible party, the party performing the modifications, if located within the U.S., or the importer, if the equipment is imported subsequent to the modifications, becomes the new responsible party.

(c) If the end product or equipment is subject to both certification and Supplier's Declaration of Conformity (*i.e.*, composite system), all the requirements of paragraphs (a) and (b) apply.

(d) If, because of modifications performed subsequent to authorization, a new party becomes responsible for ensuring that a product complies with the technical standards and the new party does not obtain a new equipment authorization, the equipment shall be labeled, following the specifications in § 2.925(d), with the following: "This product has been modified by [insert name, address and telephone number or internet contact information of the party performing the modifications]."

(e) In the case of transfer of control of equipment, as in the case of sale or merger of the responsible party, the new entity shall bear the responsibility of continued compliance of the equipment.

OMB Control Number: 3060–0804.

Title: Universal Service—Rural Health Care Program.

Form Numbers: FCC Forms 460, 461, 462, 463, 465, 466, 467, and 469.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit; Not-for-profit institutions; Federal Government; and State, Local, or Tribal governments.

Number of Respondents and Responses: 12,854 unique respondents; 117,071 responses.

Estimated Time per Response: 0.30–17 hours.

Frequency of Response: On occasion, one-time, annual, and monthly reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in sections 1–4, 201–205, 214, 254, 303(r), and 403 of the Communications Act of 1934, as

amended, 47 U.S.C. 151–154, 201–205, 214, 254, 303(r), and 403, unless otherwise noted.

Total Annual Burden: 442,389 hours.

Total Annual Cost: No Cost.

Needs and Uses: The Commission seeks OMB approval of a revision of this information collection as a result of the *2023 Promoting Telehealth Third Report and Order*, FCC 23–110, rel. December 14, 2023 (*2023 Third Report and Order*) (89 FR 1834, January 11, 2024). This collection is utilized for the RHC support mechanism of the Commission's universal service fund (USF). The collection of this information is necessary so that the Commission and the Universal Service Administrative Company (USAC) will have sufficient information to determine if entities are eligible for funding pursuant to the RHC universal service support mechanism, to determine if entities are complying with the Commission's rules, and to promote program integrity. This information is also necessary in order to allow the Commission to evaluate the extent to which the RHC Program is meeting the statutory objectives specified in section 254(h) of the 1996 Act, and the Commission's performance goals for the RHC Program.

This information collection is being revised to: (1) extend some of the existing information collection requirements for the Healthcare Connect Fund and Telecom Programs; (2) revise some of the information collection requirements for the Healthcare Connect Fund and Telecom Programs as a result of the *2023 Third Report and Order*; and (3) add a new information collection requirement for the Healthcare Connect Fund and Telecom Programs as a result of the *2023 Third Report and Order*. As part of this information collection, the Commission is also revising the FCC Form 460 Template, the FCC Form 461 Template, the FCC Form 465 Template, the FCC Form 466 Template, and the Post-Commitment Template. We propose to make changes to the Post-Commitment Template effective funding year 2024. We propose to make changes to the FCC Form 460 Template, the FCC Form 461 Template, the FCC Form 465 Template, and the FCC Form 466 Template effective funding year 2025. The FCC Form 467 and Telecom Invoice Form will not be used after funding year 2023.

As part of this information collection, the Commission is harmonizing the RHC Program eligibility determination process by using the FCC Form 460 for eligibility determinations in both the Telecom Program and the HCF Program, eliminating the eligibility determination

portion from FCC Form 465, which was previously used for eligibility determinations in the Telecom Program. The FCC Form 460 will also be amended to seek information applicable to conditional approvals of eligibility, which will enable health care providers to engage in competitive bidding and request funding (but not receive disbursements) before they become eligible. Additionally, the FCC Form 466 will be amended effective to reflect a streamlined process for calculating urban rates. Finally, the information collection will be updated to allow health care providers to update the time period covered by evergreen contract designations.

The Healthcare Connect Fund Program currently includes FCC Forms 460, 461, 462, and 463. Effective funding year 2024, the Telecom Program includes FCC Forms 465, 466, and 469 and will include the FCC Form 460 starting in funding year 2025. The information on the FCC Form templates is a representative description of the information to be collected via an online portal and is not intended to be a visual representation of what each applicant or service provider will see, the order in which they will see information, or the exact wording or directions used to collect the information. Where possible, information already provided by applicants from previous filing years or that was pre-filed in the system portal will be carried forward and auto-generated into the form to simplify the information collection for applicants.

Federal Communications Commission.

Aleta Bowers,

Information Management Specialist, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0149; FR ID 230200]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general

public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before September 6, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

OMB Control Number: 3060–0149.

Title: Part 63, Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, WC Docket No. 17–84, FCC 18–74.

Form Number(s): N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit.

Number of Respondents and Responses: 80 respondents; 88 responses.

Estimated Time per Response: 6–62 hours.

Frequency of Response: One-time reporting requirement and third-party disclosure requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in 47 U.S.C. 214 and section 402 of the
