

a well-founded basis (and maintain sufficient written documentation of that legal review) that: (i) the agreement meets the requirements of the definition of qualifying master netting agreement in section 50.3 and (ii) in the event of a legal challenge, the relevant judicial and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions.

Section 50.4(a)(2) also requires a covered bank to establish and maintain written procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of the definition of qualifying master netting agreement in section 50.3.

Section 50.22(a)(1) requires a covered bank to demonstrate the operational capability to monetize the bank's HQLA (*i.e.*, high-quality liquid assets) by implementing and maintaining procedures and systems to monetize any HQLA at any time in accordance with relevant standard settlement periods and procedures and periodically monetizing a sample of the HQLA that reflects the composition of the covered bank's eligible HQLA.

Section 50.22(a)(2) requires a covered bank to implement policies that require the eligible HQLA to be under the control of the management function in the covered bank that is charged with managing liquidity risk. The management function must evidence its control over the HQLA by segregating the HQLA from other assets, with the sole intent to use the HQLA as a source of liquidity, or by demonstrating the ability to monetize the assets and making the proceeds available to the liquidity management function without conflicting with a business or risk management strategy of the covered bank.

Section 50.22(a)(4) requires a covered bank to implement and maintain policies and procedures that determine the composition of its eligible HQLA on each calculation date by identifying, determining, and ensuring certain required steps.

Section 50.22(a)(5) requires a covered bank to have a documented methodology that results in a consistent treatment for determining that the covered bank's eligible HQLA meets the requirements of section 50.22.

Section 50.109(b) provides that if a covered bank includes an ASF (*i.e.*, available stable funding) amount in excess of the RSF (*i.e.*, required stable funding) amount of the consolidated subsidiary, it must implement and maintain written procedures to identify and monitor applicable statutory,

regulatory, contractual, supervisory, or other restrictions on transferring assets from the consolidated subsidiaries.

These procedures must document which types of transactions the institution could use to transfer assets from a consolidated subsidiary to the institution and how these types of transactions comply with applicable statutory, regulatory, contractual, supervisory, or other restrictions.

Public Comment: Members of the public wishing to comment on the business of the ACRSM are invited to submit written statements by any of the following methods:

Electronic Statements

- Send electronic comments to acrsm@treasury.gov.

Paper Statements

- Send paper statements in triplicate to the Advisory Committee on Risk-Sharing Mechanisms, U.S. Department of the Treasury, 1500 Pennsylvania Ave. NW, Room 1410 MT, Washington, DC 20220.

In general, the U.S. Department of the Treasury will post all statements on its

website <https://www.treasury.gov/initiatives/fio/acrsm/Pages/default.aspx> without change, including any business or personal information provided such as names, addresses, email addresses, or telephone numbers. The U.S. Department of the Treasury will also make such statements available for public inspection and copying in the U.S. Department of the Treasury's Library, 720 Madison Place NW, Room 1020, Washington, DC 20220, on official business days between the hours of 10:00 a.m. and 5:00 p.m. Eastern Time. You can make an appointment to inspect statements by telephoning (202) 622-2000. All statements received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. You should submit only information that you wish to make available publicly.

Background: The ACRSM provides advice and recommendations to the Federal Insurance Office (FIO) with respect to (1) the creation and development of non-governmental, private market risk-sharing mechanisms for protection against losses arising from acts of terrorism, and (2) FIO's administration of the Terrorism Risk Insurance Program (TRIP).

Tentative Agenda/Topics for Discussion: This will be the second ACRSM meeting of 2024. In this meeting, the ACRSM will address, consistent with its charter's mandate, topics related to the role of nongovernmental mechanisms in supporting the terrorism risk insurance market. Specifically, the ACRSM will hear presentations addressing (1) FIO's partnership with the National Science Foundation (NSF) to establish a new Industry-University Cooperative Research Center (IUCRC) to provide research, analysis, and thought leadership to improve the insurance sector's modeling and underwriting of terrorism and catastrophic cyber risks.; (2) a presentation by FIO staff on the 2024 Report on the Effectiveness of the Terrorism Risk Insurance Program and the International Forum of Terrorism Risk (Re)Insurance Pools (IFTRIP) Conference hosted by FIO in April 2024; and (3) a roundtable discussion by the members to provide industry insight, based upon the available data, on the effectiveness of TRIP, terrorism insurance market conditions, ideas for private market risk sharing mechanisms that can offset losses arising from acts of terrorism, and the administration of TRIP.

Dated: July 3, 2024.

Stephanie Schmelz,

Deputy Director, Federal Insurance Office.

DEPARTMENT OF VETERANS AFFAIRS

Notice of Request for Information on the Department of Veterans Affairs Registered Radiologist Assistant Standard of Practice

AGENCY: Department of Veterans Affairs.

ACTION: Request for information.

SUMMARY: The Department of Veterans Affairs (VA) is requesting information to assist in developing a national standard of practice for VA Registered Radiologist Assistants. VA seeks comments on various topics to help inform VA's development of this national standard of practice.

DATES: Comments must be received on or before September 9, 2024.

ADDRESSES: Comments must be submitted through <http://www.regulations.gov/>. Except as provided below, comments received before the close of the comment period will be available at <http://www.regulations.gov/> for public viewing, inspection, copying, including any personally identifiable or confidential business information that is included in a comment. We post the comments received before the close of the comment period on the following website as soon as possible after they have been received: <http://www.regulations.gov/>. VA will not post on <http://www.regulations.gov/> public comments that make threats to individuals or institutions or suggest that the commenter will take actions to harm the individual. VA encourages individuals not to submit duplicative comments. We will post acceptable comments from multiple unique commenters even if the content is identical or nearly identical to other comments. Any public comment received after the comment period's closing date will not be accepted.

FOR FURTHER INFORMATION CONTACT: Ethan Kalett, Office of Governance, Regulations, Appeals and Policy (10B-GRAP), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, 202-461-0500. This is not a toll-free number.

SUPPLEMENTARY INFORMATION:

Authority

Chapters 73 and 74 of 38 U.S.C. and 38 U.S.C. 303 authorize the Secretary to regulate VA health care professions to make certain that VA's health care system provides safe and effective health care by qualified health care professionals to ensure the well-being of those veterans who have borne the battle.

On November 12, 2020, VA published an interim final rule confirming that VA health care professionals may practice their health care profession consistent with the scope and requirements of their VA employment, notwithstanding any State license, registration, certification, or other State requirements that unduly interfere with their practice. 38 CFR 17.419; 85 FR 71838. Specifically, this rulemaking confirmed VA's current practice of allowing VA health care professionals to deliver health care services in a State other than the health care professional's State of licensure, registration, certification, or other State requirement, thereby enhancing beneficiaries' access to critical VA health care services. The rulemaking also confirmed VA's authority to establish national standards of practice for its health care professionals which would standardize a health care professional's practice in all VA medical facilities, regardless of conflicting State laws, rules, regulations, or other State requirements.

The rulemaking explained that a national standard of practice describes the tasks and duties that a VA health care professional practicing in the health care profession may perform and may be permitted to undertake. Having a national standard of practice means that individuals from the same VA health care profession may provide the same type of tasks and duties regardless of the State where they are located or the State license, registration, certification, or other State requirement they hold. We emphasized in the rulemaking and reiterate here that VA will determine, on an individual basis, that a health care professional has the proper education, training, and skills to perform the tasks and duties detailed in the national standard of practice, and that they will only be able to perform such tasks and duties after they have been incorporated into the individual's privileges, scope of practice, or functional statement. The rulemaking explicitly did not create any such national standards and directed that all national standards of practice would be subsequently created via policy.
