SUPPLEMENTARY INFORMATION:

Description: Section 676 of the CSBG Act requires States, including the District of Columbia and the Commonwealth of Puerto Rico, and U.S. territories applying for CSBG funds to submit an application and plan (CSBG

State Plan). The CSBG State Plan must meet statutory requirements prior to OCS awarding CSBG grant recipients (States and territories) with CSBG funds. Grant recipients have the option to submit a detailed plan annually or biannually. Grant recipients that submit a biannual plan must provide an abbreviated plan the following year if substantial changes to the initial plan will occur. OCS is not requesting any changes to this form. As this will be the 11th year of submitting this form, OCS does not anticipate any additional burden.

OCS is also requesting to extend approval of the following information collections, with no changes proposed:

- **CSBG Eligible Entity List.** In alignment with Federal requirements, OCS requests that all grant recipients continue to keep their CSBG Eligible Entity List current, to include maintaining an accurate listing of the CSBG sub-grant recipients (CSBG eligible entities) and current Unique Entity Identifier (UEI) for each recipient listed. This is in alignment with current policies and processes, and therefore

OCS does not anticipate any additional burden.

- **Optional survey for the sub-grant recipients (or CSBG-eligible entities).** The American Customer Survey Index (ACSI) is administered biennially. OCS uses the ACSI survey for eligible entities as part of the CSBG performance management framework. The survey focuses on the customer service that the CSBG sub-grant recipients receive from the CSBG grant recipients. The survey is optional, and this will be the seventh time that CSBG sub-grant recipients have the option to complete the survey. There were no revisions to the survey.

OCS anticipates submitting a subsequent revision to this information collection, pending OMB review and approval of a separate but related information collection request (CSBG Annual Report, OMB No. 0970–0492) that is forthcoming and expected in summer 2024 and may result in minor updates to some of these materials.

Respondents: State governments, including the District of Columbia and the Commonwealth of Puerto Rico, and U.S. territories, and local level sub-grant recipients.
