SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100519; File No. SR-CboeEDGX-2024-044]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Amend the Strike Interval for Options on SPDR® Gold Shares

July 12, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 2, 2024, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to amend the strike interval for options on SPDR® Gold Shares ("GLD"). The text of the proposed rule change is provided below. The text of the proposed rule change is provided below.

(additions are italicized; deletions are [bracketed])

* * * * *

Rules of Cboe EDGX Exchange, Inc.

* * * * *

Rule 19.6. Series of Options Contracts Open for Trading

* * * * *

(d) The interval between strike prices of series of options on individual stocks will be:

* * * * *

(4) The interval between strike prices of series of options on Fund Shares approved for options trading pursuant to Rule 19.3(i) shall be fixed at a price per share which is reasonably close to the price per share at which the underlying security is traded in the primary market at or about the same time such series of options is first open for trading on EDGX Options, or at such intervals as may have been established on another options exchange prior to the initiation of trading on EDGX Options. Notwithstanding any other provision regarding the interval between strike prices of series of options on Fund Shares in this Rule, the interval between strike prices of series of options on Standard & Poor's Depository Receipts Trust ("SPY"), iShares S&P 500 Index ETF ("IVV"), [and] the DIAMONDS Trust ("DIA"), and SPDR® Gold Shares ("GLD") will be \$1 or greater.

* * * * *

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 19.6, "Series of Options Contracts Open for Trading." Specifically, the Exchange proposes to amend Rule 19.6(d)(4) to allow for the interval between strike prices of series of options on Fund Shares of SPDR® Gold Shares or "GLD" to be \$1 or greater, including where the strike price is greater than \$200.

Currently Rule 19.6, Interpretation and Policy .01 provides, in relevant part, that for series of options on Exchange-Traded Fund Shares that

satisfy the criteria set forth in Rule 19.3(i), the interval of strike prices may be \$1 or greater where the strike price is \$200 or less or \$5 or greater where the strike price is over \$200, subject to certain exceptions set forth in Rule 19.3 [sic], Interpretations and Policies .02 and .03.

Further, current Rule 19.6(d)(4) provides that notwithstanding any other provision regarding the interval between strike prices of series of options on Fund Shares in Rule 19.6, the interval between strike prices of series of options on Standard & Poor's Depository Receipts Trust ("SPY"), iShares S&P 500 Index ETF ("IVV"), and the DIAMONDS Trust ("DIA") will be \$1 or greater. At this time, the Exchange proposes to modify the interval setting regime to be \$1 or greater for GLD options, similar to SPY, IVV, and DIA. The Exchange believes that the proposed rule change would make GLD options easier for investors and traders to use and more tailored to their investment needs. GLD is an Exchange-Traded Fund Share designed to closely track the price and performance of the price of gold bullion. GLD is widely quoted as an indicator of gold stock prices and is a significant indicator of overall economic health. Investors use GLD to diversify their portfolios and benefit from market trends. Additionally, GLD is a leading product in its asset class that trades within a "complex" where, in addition to the underlying security, there are multiple instruments available for hedging such as, COMEX Gold Futures; Gold Daily Futures; iShares GOLD Trust; SPDR GOLD Minishares Trust; Aberdeen Physical Gold Trust; and GraniteShares Gold Shares.

Accordingly, the Exchange believes that offering a wider base of GLD options affords traders and investors important hedging and trading opportunities, particularly in the midst of current price trends. The Exchange believes that not having the proposed \$1 strike price intervals above \$200 in GLD significantly constricts investors' hedging and trading possibilities. The Exchange therefore believes that by having smaller strike intervals in GLD, investors would have more efficient hedging and trading opportunities due to the lower \$1 interval ascension. The proposed \$1 interval above the \$200 strike price, will result in having at-the-money series based upon the underlying ETF moving less than 1%. The Exchange believes that the proposed strike setting regime is in line with the slower movements of broad-based indices. Considering the fact that \$1 intervals already exist below the \$200
