Telephone: (404) 498–1650; Email: KReeves3@cdc.gov.

SUPPLEMENTARY INFORMATION:

Background: The Secretary of Health and Human Services, the Assistant Secretary for Health, and by delegation, the Director, Centers for Disease Control and Prevention (CDC), are authorized under Sections 301 and 308 of the Public Health Service Act to conduct directly, or by grants or contracts, research, experiments, and demonstrations relating to occupational safety and health and to mine health.

The Board of Scientific Counselors, National Institute for Occupational Safety and Health (BSC, NIOSH) provides advice to the NIOSH Director on NIOSH research and prevention programs. The Board also provides guidance on the Institute’s research activities related to developing and evaluating hypotheses, systematically documenting findings, and disseminating results. In addition, the Board evaluates the degree to which the activities of NIOSH: (1) conform to those standards of scientific excellence appropriate for Federal scientific institutions in accomplishing objectives in occupational safety and health; (2) address currently relevant needs in the fields of occupational safety and health either alone or in conjunction with other known activities inside and outside of NIOSH; and (3) produce their intended results in addressing important research questions in occupational safety and health, both in terms of applicability of the research findings and dissemination of the findings.

Purpose: The BSC, NIOSH National Firefighter Registry Subcommittee provides scientific expertise to the Board that assists the BSC, NIOSH in advising the NIOSH Director about the Institute’s efforts to establish and operate the National Firefighter Registry for Cancer. Specifically, the Subcommittee advises the Board on the following issues pertaining to the “required strategy” as mandated by the Firefighter Cancer Registry Act of 2018 (the Act): (1) increase awareness of the National Firefighter Registry for Cancer and encourage participation among all groups of firefighters; (2) consider data collection needs; (3) consider data storage and electronic access of health information; and (4) in consultation with subject matter experts, develop a method for estimating the number and type of fire incidents attended by a firefighter. Additional responsibilities of the Subcommittee are to provide guidance to the Board regarding the inclusion and maintenance of data on firefighters as required by the Act.

Matters to be Considered: The agenda for the meeting includes the National Firefighter Registry for Cancer project overview, status, national launch updates, communication strategies, targeted enrollment approach, data review, and future planning applicable to stakeholders. Agenda items are subject to change as priorities dictate.

The agenda is also posted on the NIOSH website at <https://www.cdc.gov/niosh/scientific-counselors/nfrs.html>.
