

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Museum of Us has completed an inventory of associated funerary objects and has determined that there is a cultural affiliation between the associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the associated funerary objects in this notice may occur on or after August 19, 2024.

ADDRESSES: Carmen Mosley, NAGPRA Repatriation Manager, Museum of Us, 1350 El Prado, Balboa Park, San Diego, CA 92101, telephone (619) 239-2001 Ext. 42, email cmosley@museumofus.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Museum of Us, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

The 77 associated funerary objects are from two sites. The 18 associated funerary objects removed from Elliot Mound (CV-7; CA-SAC-88) in Sacramento County, CA, include 18 spool-shaped baked clay items. The 59 associated funerary objects removed from Willow Mound (CV-18) in Sacramento County, CA include 14 bone beads, one bone tube, seven *Haliotis* ornaments, two strings of clam shell beads, one string *Olivella* beads, two strings glass trade beads, one lot loose beads, one carbonized hair and textile material fragment, five charmstone fragments, three pieces miscellaneous stone; six pieces miscellaneous material, five perforated stone discoids, one obsidian projectile point, two brass buttons, one brass buckle, and seven metal objects.

Between 1930 and 1936, the 77 associated funerary objects were removed by Henry Gibbs, a private collector and looter. In 1937, Paul A. Walker purchased Gibbs' Central Valley, California archeological collection. Walker was an amateur archeologist and collector who worked by himself and with other amateur archeologists, and in collaboration with the University of California and Sacramento Junior College. Over the course of his life,

Walker amassed an extensive archeological collection from California's Central Valley and smaller collections from Northern and Southern California, and outside of California. In 1968, Walker's private archeological collection was acquired by the San Diego Museum of Man (now Museum of Us) through a purchase/donation transaction with Walker's widow, Bessie B. Walker.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the associated funerary objects described in this notice.

Determinations

The Museum of Us has determined that:

- The 77 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a reasonable connection between the associated funerary objects described in this notice and the Wilton Rancheria, California.

Requests for Repatriation

Written requests for repatriation of the associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the associated funerary objects in this notice to a requestor may occur on or after August 19, 2024. If competing requests for repatriation are received, the Museum of Us must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary objects are considered a single request and not competing requests. The Museum of Us is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
