NUCLEAR REGULATORY COMMISSION

[NRC-2023-0168]

Privacy Act of 1974; Systems of Records

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of modified systems of records; request for comment.

SUMMARY: Pursuant to the Privacy Act of 1974 and Office of Management and Budget (OMB) Circular No. A-108, to ensure the system of records notices remain accurate, the U.S. Nuclear Regulatory Commission (NRC) staff reviews each notice on a periodic basis. As a result of this review, the NRC is republishing 16 of its system of records notices and has made various revisions to ensure that the NRC's notices remain clear, accurate, and up to date. Three of the system notices—NRC 37, Information Security Files and Associated Records, NRC 44, Employee Fitness Center Records, and NRC 46, Health Emergency Records—are subject to a 30-day comment period based on the nature of their revisions. The revisions to these systems are in effect upon this publication with the exception of the NRC 37, NRC 44 and NRC 46 modifications, which will go into effect 30 days after this publication. The remaining systems revisions are minor corrective and administrative changes that do not meet the threshold criteria established by OMB for either a new or altered system of records. The minor modifications include updating authorities, system managers, retention schedules, and various other minor updates, in accordance with OMB Circular A-108.

DATES: Submit comments on revisions and changes by August 19, 2024. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website:

- *Federal rulemaking website:* Go to <https://www.regulations.gov> and search

for Docket ID NRC-2023-0168. Address questions about Docket IDs in [Regulations.gov](https://www.regulations.gov) to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

II. Background

Pursuant to the Privacy Act of 1974 and OMB Circular No. A-108, “Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act,” notice is hereby given that the NRC is republishing 16 of its system of records notices. In 12 of those system of records notices, there are revisions that include minor and administrative changes that do not meet the criteria for either a new or altered system of records notice. One system is being republished without any revisions as part of our review process for ease of use and reference since the last publication in 2019.

The changes in the following three Privacy Act system of records notices do meet the criteria for an altered system of records:

The NRC is revising NRC 37, Information Security Files and Associated Records. Modifications include revision of the purpose, categories of records in the system, record source categories and storage of records.

The NRC is revising NRC 44, Employee Fitness Center Records. Modifications include removing duplicate system locations.

The NRC is revising NRC 46, Health Emergency Records. Modifications include revision of the authority for maintenance of the system, categories of individuals covered, categories of records, record source categories, routine uses and storage of records.

A report on these revisions has been sent to OMB, the Committee on
