

2024, and extends the date of intergovernmental review until September 27, 2024.

DATES:

Deadline for Transmittal of Applications: July 29, 2024.

Deadline for Intergovernmental Review: September 27, 2024.

FOR FURTHER INFORMATION CONTACT:

Clifton Jones. Telephone: (202) 205-2204. Email: charter.facilities@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

SUPPLEMENTARY INFORMATION: On April 24, 2024, we published the NIA in the **Federal Register** (89 FR 31151). Under the NIA, applications are due on July 23, 2024. We are extending the deadline for transmittal of applications for affected applicants (as defined under *Eligibility*) to allow these applicants more time—until July 29, 2024—to prepare and submit their applications.

Eligibility: The application deadline extension applies only to eligible applicants under the FY 2024 SFIG Program competition that are affected applicants. An eligible applicant for this competition is defined in the NIA. To qualify as an affected applicant, the applicant must have a mailing address that is located in the federally declared disaster area and must provide appropriate supporting documentation, if requested.

The applicable federally declared disaster area under this declaration is the area in which assistance to individuals or public assistance has been authorized under FEMA's disaster declaration for Texas Hurricane Beryl DR-4798-TX. See the disaster declaration available at <https://www.fema.gov/disaster/4798>.

Affected applicants that have already timely submitted applications under the FY 2024 SFIG Program competition may resubmit applications on or before the extended application deadline of July 29, 2024, but are not required to do so. If a new application is not submitted, the Department will use the application that was submitted by the original deadline. If a new application is submitted, the Department will consider the application that is last submitted and timely received by 11:59:59 p.m., Eastern Time, on July 29, 2024.

Any application submitted by an affected applicant under the extended deadline must contain evidence (e.g., the applicant organization mailing address) that the applicant is located in the applicable federally declared disaster area and, if requested, the

applicant must provide appropriate supporting documentation.

The application period is not extended for all applicants. Applications from applicants that are not affected, as defined above, will not be accepted past the original July 23, 2024 deadline.

Note: All information in the NIA for this competition remains the same, except for the deadline for the transmittal of applications and the deadline for intergovernmental review.

Program Authority: Title IV, Part C Section 4304 of the ESEA, as amended (20 U.S.C. 7221(c)).

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this notice, the NIA, and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other Department documents published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP24–88–000]

Rover Pipeline LLC; Notice of Availability of the Environmental Assessment for the Proposed Rover—Bulger Delivery Meter Station Project

The staff of the Federal Energy Regulatory Commission (FERC or

Commission) has prepared an environmental assessment (EA) for the Rover—Bulger Delivery Meter Station Project, proposed by Rover Pipeline LLC (Rover) in the above-referenced docket. Rover requests authorization to construct, own, and operate a new pipeline delivery point interconnection, the Rover-Bulger Delivery Meter Station, entirely within Rover's existing Bulger Compressor Station at milepost 0.0 of Rover's Burgettstown Lateral in Washington County, Pennsylvania.

The EA assesses the potential environmental effects of the construction and operation activities associated with the Rover—Bulger Delivery Meter Station Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project would not constitute a major federal action significantly affecting the quality of the human environment.

The proposed Rover—Bulger Delivery Meter Station Project includes the following facilities:

- one-16-inch-diameter hot tap;
- one tap valve;
- two Ultrasonic Meter Skids;
- two flow control valves;
- a gas quality/measurement building;
- satellite communications; and
- associated interconnect piping.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.*, CP24–88). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the

environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on August 14, 2024.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208–3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's website (www.ferc.gov) under the link to *FERC Online*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the *eFiling* feature on the Commission's website (www.ferc.gov) under the link to *FERC Online*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP24–88–000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek
