

registration and delivery, validate training records necessary for certification or granting of college credit, process billing information for training classes, and to meet Federal training reporting requirements. Information may also be collected to comply with the Americans with Disabilities Act requirements to address facilities accommodations. Training and learning records are maintained in DOI's web-based learning management system, and bureau and office systems and locations where training programs are managed. DOI bureaus offer training programs which extend to external customers; such as universities, State governments, local governments, not-for-profit organizations, and in some cases, private citizens.

Each year approximately 3,000 external users request to register for training offered by DOI bureau's and offices through DOI Talent. Each registration will require approximately 5 minutes. DOI Talent:

- Creates an authoritative system of record for all training completions;
- Offers a more flexible approach for external training requests and documentation;
- Creates a learning environment that encourages engagement on multiple levels;
- Enhances training delivery options; and
- Creates opportunities to offer world-class instruction and to engage directly with learners through discussion forums and communities of practice.

Bureau of Land Management

[L14400000 PN0000 HQ350000 212; OMB Control No. 1004-0004]

Agency Information Collection Activities; Desert Land Entry Application

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before September 23, 2024.

ADDRESSES: Send your written comments on this information collection request (ICR) by mail to Darrin King, Information Collection Clearance Officer, U.S. Department of the Interior, Bureau of Land Management, Attention PRA Office, 440 W 200 S #500, Salt Lake City, UT 84101; or by email to BLM_HQ_PRA_Comments@blm.gov. Please reference Office of Management and Budget (OMB) Control Number 1004-0004 in the subject line of your comments. Please note that the electronic submission of comments is recommended.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Jeff Holdren by email at jholdren@blm.gov, or by telephone at (703) 472-2399. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. The ICR may also be viewed at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork

Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. The BLM may not conduct or sponsor a collection of information and a response to a request for information is not required unless it displays a current valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised and continuing collections of information. This helps the BLM assess impacts of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BLM information collection requirements and ensure requested data are provided in the desired format.

The BLM is especially interested in public comment addressing the following:

(1) whether collection of information is necessary for the proper performance of the functions of the agency, including if the information will have practical utility;

(2) determination of the accuracy of the BLM's estimate of the burden for collection of information, including validity of methodology and assumptions used;

(3) methods to enhance the quality, utility, and clarity of information to be collected; and

(4) how the agency can minimize the burden of information collection on those who respond, including use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology.

Comments submitted in response to this notice are a matter of public record. The BLM will include or summarize each comment in its request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Blackwell School National Historic Site

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: As authorized by the Blackwell School National Historic Site Act, the National Park Service announces that the Secretary of the Interior has established, in the State of Texas, the Blackwell School National Historic Site as a unit of the National Park System.

ADDRESSES: A color version and more detailed area maps depicting the boundary are available online at <https://www.nps.gov/blsc/planyourvisit/maps.htm>.

FOR FURTHER INFORMATION CONTACT: Lance Hatten, Deputy Regional Director, National Park Service, Intermountain Region at 303-969-2500.

SUPPLEMENTARY INFORMATION: On October 17, 2022, President Biden

signed into law the Blackwell School National Historic Site Act (Pub. L. 117-206), designating the Blackwell School in Marfa, Texas, as a unit of the National Park System. The Blackwell School was a segregated school constructed in Marfa, Texas in 1909. The school was the sole public education institution for hundreds of Marfa's Mexican-American children until its closure in 1965 following the integration of the Marfa Independent School District (ISD). Blackwell School serves as a tangible reminder of the period during which the doctrine of "separate but equal" dominated education and social systems, and that de facto segregation of Mexican-American children was perpetuated in Texas school districts through the mid-twentieth century.

The statute provides that Blackwell School National Historic Site shall be established as a unit of the National Park System once the Secretary determines that a sufficient quantity of land, or interests in land, has been acquired to constitute a manageable park unit.

The National Park Service has acquired all 0.77 acres within the proposed historic site boundary, encompassing the core area of Blackwell School. On July 17, 2024, the Secretary of the Interior signed a Decision Memorandum determining that the Marfa Independent School District has entered into a donation agreement with the National Park Service and that a sufficient quantity of land, or interests in land, has been acquired to constitute a manageable park unit. With the signing of this Decision Memorandum by the Secretary and the publication of this notice in the **Federal Register**, Blackwell School National Historic Site is established.

Charles F. Sams, III,

Director, National Park Service.

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

Notice of Availability of the Final Environmental Assessment and Finding of No Significant Impact for Management of Federal Grazing Leases at the Falcon Dam and Reservoir, Starr and Zapata Counties, Texas

AGENCY: United States Section, International Boundary and Water Commission, United States and Mexico (USIBWC).

ACTION: Notice of availability.

SUMMARY: The USIBWC hereby gives notice that the *Final Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for Management of Federal Grazing Leases at the Falcon Dam and Reservoir, Starr and Zapata Counties, Texas* is available.

ADDRESSES: The electronic version of the Final EA and FONSI is available at the USIBWC web page: <https://www.ibwc.gov/reports-studies/>.

FOR FURTHER INFORMATION CONTACT:

Mark Howe, Cultural Resources Specialist, USIBWC, El Paso, Texas 79902. Telephone: (915) 832-4767, email: Mark.Howe@ibwc.gov.

SUPPLEMENTARY INFORMATION: The USIBWC is updating or eliminating active and inactive grazing leases in use for commercial, residential, or recreational purposes on federal land in the Falcon Project (*i.e.*, Falcon Dam and Reservoir). Rights-of-way for the Falcon Project totaled 63,192 acres on the U.S. side of the Falcon Project as of 2000. This project will assist USIBWC in determining if grazing leases should be allowed or discontinued and/or whether land management alternatives should be established in lieu of grazing.

The grazing lease program has continued for areas along the Falcon Reservoir that were originally ranches and farms before the land was acquired by the Federal Government pursuant to the Water Treaty of 1944 between the U.S. and Mexico, with construction of the Falcon Project completed on October 19, 1953. The grazing lease program assured those areas not under water or flooded and owned by the Federal Government would be economically used as they were in the past by the local community. Initially leases allowed for agricultural uses in addition to grazing, but agricultural activities and any clearing of leased lands were later restricted to reduce potential impacts on cultural resources in accordance with National Historic Preservation Act requirements. Active leases currently only allow grazing activities.

Grazing leases, licenses, and permits consist of any written permit or other legal document for an individual, corporation, etc., to use and improve land owned by the U.S. Government under the jurisdiction of the USIBWC at Falcon Reservoir. In the past, 22,270.57 acres of land were under 159 active grazing leases originally issued in 1956. As of 2020, there were 117 active grazing leases with many that are still held by the descendants of the original permittees and/or stakeholders.
