### Department of Agriculture

Office of the Chief Information Officer

Title: USDA Generic Solution for Solicitation for Funding Opportunity Announcements.

OMB Control Number: 0503–0028.

Summary of Collection: The U.S. Department of Agriculture (USDA) conducts a pre-clearance consultation program to provide the public and Federal agencies an opportunity to comment on proposed, revised, and continuing information collections before submitting them to the Office of Management and Budget (OMB).

This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. Periodically USDA solicits grant applications on <http://grants.gov> by issuing a Funding Opportunity Announcement, Request for Applications, Notice of Funding Announcement, Notice of Solicitation of Applications, [Grants.gov](http://grants.gov) announcement, or other funding announcement type. To ensure grants are awarded to the applicant(s) best suited to perform the functions of the grant, applicants are generally required to submit an application. The first part of USDA grant applications consists of submitting the application form(s), which includes the Standard Form 424, Application for Federal Assistance and may include additional standard grant application forms. The second part of a grant application usually requires a technical proposal demonstrating the applicant's capabilities in accordance with a statement of work or selection criteria and other related information as specified in the funding announcement. Following the grant award, the grant awardee may also be required to provide progress reports or additional documents.

Need and Use of the Information: The information collected in response to solicitations for grant applications has been and will be used by the USDA for issuing grants to the applicants most suited for fulfilling the mission of the grant.

Description of Respondents: State, Local, and Tribal Governments; Private Sector—businesses or other for-profits and not-for-profit institutions.

Number of Respondents: 1,000,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 20,000,000.

(202) 482-3401, (202) 482-3004, (202) 482-1766, and (202) 482-5973, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April 15, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of diocetyl terephthalate from Malaysia, Poland, Taiwan, and Türkiye.<sup>1</sup> Currently, the preliminary determinations are due no later than September 3, 2024.

##### Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

##### Malaysia, Poland, Taiwan, and Türkiye

On July 16, 2024, the petitioner<sup>2</sup> submitted a timely request that Commerce postpone the preliminary determinations in the LTFV investigations.<sup>3</sup> The petitioner stated that it requested postponement to provide Commerce with the time “to develop a full record in these investigations.”<sup>4</sup>

For the reason stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for

the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than October 22, 2024. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: July 18, 2024.
