Finished Carbon Steel Flanges From Spain: Final Results of Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that sales of finished carbon steel flanges (flanges) from Spain were made at less than normal value (NV) during the period of review (POR) June 1, 2022, through May 31, 2023.

DATES: Applicable July 29, 2024.

FOR FURTHER INFORMATION CONTACT: Jacob Waddell or Mark Flessner, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1369 or (202) 482-6312, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 10, 2024, Commerce published the preliminary results of this

administrative review of the antidumping duty order on flanges from Spain¹ and invited interested parties to comment.² On June 10, 2024, ULMA Forja, S.Coop (ULMA) submitted its case brief.³ No other interested party filed a case or rebuttal brief. These final results cover the sole mandatory respondent, ULMA. Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). On July 22, 2024, Commerce tolled certain deadlines in this proceeding by seven days.⁴ The deadline for the final results is now September 16, 2024

Scope of the Order

The scope of the *Order* covers finished carbon steel flanges from Spain. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.⁵

Analysis of Comments Received

All issues raised in the case brief filed by ULMA in this review are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is included in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, and for the reasons explained in the Issues and Decision Memorandum, we made one change to the preliminary weighted-average

dumping margin calculations for ULMA.⁶

Final Results of Review

For these final results, we determine that the following weighted-average dumping margin exists for the period June 1, 2022, through May 31, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
ULMA Forja, S.Coop	1.89

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For ULMA, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by ULMA for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the

time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication of this notice for all shipments of flanges from Spain entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 18.81 percent, the all-others rate established in the less-than-fair-value investigation of this proceeding.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction or return of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written

notification of the destruction or return of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: July 23, 2024.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Circular Welded Carbon-Quality Steel Pipe From the United Arab Emirates: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is initiating and issuing preliminary results of a changed circumstances review (CCR) of the antidumping duty (AD) order on circular welded carbon-quality steel pipe (CWP) from the United Arab Emirates (UAE) to determine whether Universal Tube and Pipe Industries FZE (Universal Tube and Pipe), is the successor-in-interest to Universal Tube and Plastic Industries Limited (UTP). Based on information on the record, we preliminarily determine that Universal Tube and Pipe is the successor-in-interest to UTP and should be assigned UTP's cash deposit rate for purposes of the AD order. Interested parties are invited to comment on these preliminary results.

DATES: Applicable July 29, 2024.
