

necessary or appropriate in furtherance of the purposes of the Act.

In terms of intra-market competition, the Exchange will apply the proposed surcharge uniformly to all market participants. As discussed above, the majority of NDX contracts have a premium of less than \$25.00 and these contracts would not incur the proposed \$0.25 surcharge as they would fall under the premium price threshold at which the surcharge would be assessed. By limiting the proposed surcharge to higher-priced NDX contracts (*i.e.*, with a premium price of \$25.00 or higher), the Exchange believes that its proposal will continue to promote liquidity in NDX by maintaining lower costs for lower-priced NDX contracts. Greater liquidity benefits all market participants by providing more trading opportunities, tighter spreads, and added market transparency and price discovery.

In terms of inter-market competition, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other options exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As noted above, market participants are offered an opportunity to transact in NDX or XND, or separately execute options overlying QQQ. Offering these products provides market participants with a variety of choices in selecting the product they desire to use to gain exposure to the Nasdaq 100 Index. Furthermore, the proposed surcharge is in line with surcharges assessed on other products at another options exchange.¹⁸

In addition to the Exchange, market participants have alternative options exchanges that they may participate on and direct their order flow, which list proprietary products that compete with NDX.¹⁹ In sum, if the changes proposed herein are unattractive to market participants, it is likely that the

Exchange will lose market share as a result. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of members or competing options exchanges to maintain their competitive standing in the financial markets.

**SECURITIES AND EXCHANGE
COMMISSION**

[Release No. 34-100577; File No. SR-
GEMX-2024-22]

**Self-Regulatory Organizations; Nasdaq
GEMX, LLC; Notice of Filing and
Immediate Effectiveness of Proposed
Rule Change To Amend the Fees for
Nasdaq 100 Index Options in Options
7, Section 3**

July 23, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 12,

2024, Nasdaq GEMX, LLC (“GEMX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s
Statement of the Terms of Substance of
the Proposed Rule Change**

The Exchange proposes to amend the fees for Nasdaq 100 Index options in the Exchange’s Pricing Schedule at Options 7, Section 3.

The text of the proposed rule change is available on the Exchange’s website at <https://listingcenter.nasdaq.com/rulebook/gemx/rules>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

**II. Self-Regulatory Organization’s
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization’s
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change*

1. Purpose

The purpose of the proposed rule change is to amend the fees for NDX³ in Options 7, Section 3. The Exchange initially filed the proposed pricing changes on July 1, 2024 (SR-GEMX-2024-18). On July 12, 2024, the

Exchange withdrew that filing and submitted this filing.

Today, the Exchange assesses transaction fees of \$0.75 per contract for all Non-Priority Customer⁴ orders in NDX and \$0.25 per contract for all Priority Customers⁵ NDX orders. The Exchange now proposes to assess a surcharge of \$0.25 per contract to all market participants for executions in NDX with a premium price of \$25.00 or greater.⁶ The fees for NDX executions with a premium price of less than \$25.00 will remain unchanged under this proposal. The Exchange notes that charging different fees based on the option premium is consistent with how other options are priced at another options exchange.⁷ The Exchange further notes that the proposed surcharge amount is within the range of surcharges assessed for transactions in other products at other options exchanges.⁸

The Exchange notes that less than 50% of total NDX executed volume is in NDX contracts with a premium of \$25.00 or greater, as shown in the chart below.⁹

⁴ “Non-Priority Customers” include Market Makers, Non-Nasdaq GEMX Market Makers (FarMMs), Firm Proprietary/Broker-Dealers, and Professional Customers.

⁵ A “Priority Customer” is a person or entity that is not a broker/dealer in securities, and does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s), as defined in Nasdaq GEMX Options 1, Section 1(a)(36).

⁶ See proposed note 14 (which is currently reserved) of Options 7, Section 3.

⁷ For example, Cboe Options (“Cboe”) currently assesses customers a \$0.36 per contract fee (if premium < \$1.00) or \$0.45 per contract fee (if premium ≥ \$1.00) for SPX and SPESG options. Cboe also currently assesses market-makers a \$0.05 per contract fee (if premium is \$0.00–\$0.10) or \$0.23 per contract (if premium ≥ \$0.11) for VIX options. See Cboe Fees Schedule.

⁸ For example, Cboe currently assesses customers a \$0.25 per contract exotic surcharge and a \$0.21 per contract execution surcharge in SPX and SPESG options. See Cboe Fees Schedule. In addition, the Exchange’s affiliate, Nasdaq Phlx LLC (“Phlx”) current assesses a \$0.25 per contract complex surcharge for executions in singly-listed U.S. dollar-settled foreign currency options. See Phlx Options 7, Section 5.D.

⁹ The chart includes A.M. and P.M. settled options on the full value of the Nasdaq 100® Index on Nasdaq ISE, LLC, Nasdaq GEMX, LLC, and Nasdaq Phlx LLC.
