SUPPLEMENTARY INFORMATION:

Background

On December 16, 2019, Commerce published in the **Federal Register** the antidumping duty order on mattresses from China.¹ On December 1, 2023, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On December 29, 2023, Commerce received a timely request from domestic interested parties Corsicana Mattress Company, Future Foam Inc., FXI, Inc., Kolcraft Enterprises Inc., Leggett & Platt, Incorporated, Serta Simmons Bedding, LLC, and Tempur Sealy International, Inc. (collectively, the petitioners), in accordance with 19 CFR 351.213(b)(1), to conduct an administrative review of the *Order* for 44 companies.³

On February 8, 2024, Commerce published in the **Federal Register** a notice of initiation of administrative review with respect to imports of mattresses exported by 44 companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i).⁴ On February 27, 2024, we placed on the record U.S. Customs and Border Protection (CBP) data for entries of mattresses from China during the POR, showing no reviewable POR entries and invited interested parties to comment.⁵ No interested party submitted comments to Commerce regarding the CBP data.

On April 2, 2024, Commerce notified all interested parties of its intent to rescind the instant review in full because there were no reviewable, suspended entries of subject

merchandise by any of the 44 companies listed in the *Initiation Notice* during the POR and invited interested parties to comment.⁶ No interested party submitted comments to Commerce in response to this notice.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁷ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate calculated for the review period.⁸ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the antidumping duty assessment rate calculated for the review period.⁹ As noted above, there were no entries of subject merchandise for any of the 44 companies listed in the *Initiation Notice* during the POR.

Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the

disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: July 24, 2024.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Steel Nails From Malaysia: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Rescission of Review, in Part; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that certain producers and/or exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR) July 1, 2022, through June 30, 2023. Interested parties are invited to comment on these preliminary results.

DATES: Applicable July 30, 2024.

Scope of the Order

The products covered by the scope of the *Order* are certain steel nails from Malaysia. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Preliminary Determination of No Shipments

Between October 4 and 11, 2023, we received letters from non-selected respondents Astrotech Steels Private Limited (Astrotech), Geekay Wires Limited (Geekay), Modern Factory for Steel Industries Co. Ltd. (Modern Factory), Trinity Steel Private Limited (Trinity), and Oman Fasteners LLC (Oman Fasteners) timely notifying Commerce that they had no exports, sales, or entries of subject merchandise

during the POR.⁶ We issued a no-shipment inquiry to U.S. Customs and Border Protection (CBP) with respect to each of these companies, and CBP responded that it has no record of any shipments of subject merchandise for these companies during the POR.⁷ The record, therefore, demonstrates that Astrotech, Geekay, Modern Factory, Trinity, and Oman Fasteners had no shipments during the POR. On this basis, we are preliminarily rescinding the review with respect to Astrotech, Geekay, Modern Factory, Trinity, and Oman Fasteners, and will issue appropriate instructions to CBP based on the final results of this review.⁸

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum.

Rate for Non-Selected Respondents

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

In these preliminary results, we have calculated a non-*de minimis* weighted-average dumping margins for both Region International Co., Ltd. and

Region System Sdn. Bhd. (collectively, Region) and Inmax Sdn. Bhd. and Inmax Industries Sdn. Bhd. (collectively, Inmax). Region's and Inmax's weighted-average dumping margins were not determined entirely on the basis of facts available. Accordingly, for the preliminary results of this review, we are assigning a dumping margin which is determined as the simple average of the margins for Region and Inmax to the non-selected mandatory respondents. Therefore, the preliminary rate for non-selected respondents is 1.01 percent.

Preliminary Results of Review

We preliminarily determine that the following weighted-average dumping margins exist for the period July 1, 2022, through June 30, 2023:

Exporter/Producer	Estimated weighted-average dumping margin (percent)
Inmax Sdn. Bhd. and Inmax Industries Sdn. Bhd	0.74
Region International Co., Ltd. and Region System Sd. Bhd ..	1.28
Non-Selected Respondents ⁹	1.01

Disclosure and Public Comment

Commerce intends to disclose its calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs or other written comments to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.¹⁰ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹¹

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that

should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹² Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹³

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

Final Results of Review

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice in the **Federal Register**, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. If the weighted-average dumping margin for a mandatory respondent is not zero or *de minimis* in the final results of this review, we will calculate an importer-specific

assessment rate on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1).¹⁴ If the weighted-average dumping margin is zero or *de minimis* in the final results of review, or if an importer-specific assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁵ For entries of subject merchandise during the POR produced by the respondent(s) for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated antidumping duties, where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the

company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 2.66 percent, the all-others rate established in the less-than-fair-value investigation.¹⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(2) and 19 CFR 351.221(b)(4).

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Recreational Angler Survey of Sea Turtle Interactions

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before September 30, 2024.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer,

at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648-0774 in the subject line of your comments. All comments received are part of the public record and will generally be posted on <https://www.regulations.gov> without change. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Wendy Piniak, Biologist, NOAA National Marine Fisheries Service, Office of Protected Resources, 1315 East-West Highway, Silver Spring, Maryland 20910; (301) 427-8402; wendy.piniak@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

NOAA's National Marine Fisheries Service (NOAA Fisheries) proposes to revise and extend a current information collection designed to assess the extent of hook and line interactions between recreational anglers on piers and other shore-based fishing locations and sea turtles. The collection comprises an Angler Intercept Survey, a Fishing Site Characterization Form, and a Survey Cover Sheet. The Angler Intercept Survey will be verbally administered on piers and shore-based fishing locations within NOAA Fisheries Greater Atlantic Region and Southeast Region and will be administered to approximately 20,000 individual recreational fishermen. The respondents will be verbally asked a series of questions about their fishing practices and observations of sea turtles and the interviewer will record their answers. The survey will also assess the feasibility of an intercept survey for this purpose in terms of response rates and data collection. The Fishing Site Characterization Form will be completed by the survey administrator at each fishing location and collects information on the structure and operation of the pier or shore-based fishing location. The Site Characterization Sheet will be completed by the survey administrator during each survey period and collects information on the environmental conditions for that particular day, the number of anglers fishing, number of lines in the water, and the number of surveys completed. The collection previously included a Sea Turtle Incidental Capture Form. This form will be removed from this collection and is now included in the National Sea Turtle Stranding & Salvage Network Stranding

& Gear Interaction Data Collection (0648-0496).

Collection of data on sea turtle interactions in the shore-based recreational fishing sector is necessary to fulfill statutory requirements of the Endangered Species Act (16 U.S.C. 1531 *et seq.*). This collection will allow NOAA Fisheries obtain specific information about recreational piers (defined here to include piers and other shore-based structures), the anglers that fish on piers, the nature of interactions between pier-based anglers and sea turtles, as well as to determine specific factors that may influence the rate of interactions. NOAA Fisheries can use the information collected to evaluate the impact of these interactions on sea turtle populations and determine conservation measures that can be implemented to reduce interactions and support the conservation and recovery of endangered and threatened sea turtle populations.

II. Method of Collection

The survey will be implemented through verbal interviews.

III. Data

OMB Control Number: 0648-0774.

Form Number(s): None.

Type of Review: Regular submission [Extension including a revision of a current information collection.]

Affected Public: Individuals or households.

Estimated Number of Respondents: 20,000.

Estimated Time per Response: 10 minutes for the Fishing Site Characterization Form, 5 minutes for the Survey Cover Sheet, 10 minutes for the Angler Intercept Survey.

Estimated Total Annual Burden Hours: 1,145.

Estimated Total Annual Cost to Public: \$100.

Respondent's Obligation: Voluntary.

Legal Authority: Collection of these data on sea turtle interactions in the shore-based recreational fishing sector is necessary to fulfill statutory requirements of the Endangered Species Act (16 U.S.C. 1531 *et seq.*).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c)
