#### MountainWest Pipeline, LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on July 18, 2024, MountainWest Pipeline, LLC (MWP) filed a prior notice request for authorization, in accordance with sections 157.205 and 157.214, of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act and MWP's blanket certificate issued in Docket No. CP82–491–000,<sup>1</sup> to increase: (1) the maximum certificated shut-in pressure, (2) the maximum certificated volume of natural gas to be stored, and (3) the working gas inventory at its Clay Basin underground gas storage reservoir (Clay Basin Storage Reservoir) in Daggett County, Utah. MWP proposes to increase the maximum certificated shut-in pressure from 2,536 pounds per square inch absolute (psia) to 2,700 psia, the maximum certificated storage capacity from 120.2 billion standard cubic feet (Bscf) to 128.0 Bscf and the working gas inventory from 54.0 Bscf to 61.8 Bscf at its existing Clay Basin Storage Reservoir, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Any questions concerning this request should be directed to Greg Williams, Regulatory Analyst Lead, MountainWest Pipeline, LLC, 333 South State Street, Salt Lake City, Utah 84111, or call (801) 209-6764, or via email to [greg.williams@williams.com](mailto:greg.williams@williams.com).

### Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on September 23, 2024. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

### Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>2</sup> any person<sup>3</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>4</sup> and must be submitted by the protest deadline, which is September 23, 2024. A protest may also

serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>5</sup> and the regulations under the NGA<sup>6</sup> by the intervention deadline for the project, which is September 23, 2024. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before September 23, 2024. The filing of a comment alone will not serve to make the filer a party

to the proceeding. To become a party, you must intervene in the proceeding.

### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP24-497-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or<sup>7</sup>

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP24-497-000.

*To file via USPS:* Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426

*To file via any other method:* Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

##### I. Comments

FHFA seeks public comments on the revision to the system of records and will take all comments into consideration. In addition to referencing “Comments/No. 2024-N-9,” please reference “FHFA-14, Emergency Notification System.”

FHFA will post all public comments on the FHFA public website at <http://www.fhfa.gov>, except as described below. Commenters should submit only information that the commenter wishes to make available publicly. FHFA may post only a single representative

example of identical or substantially identical comments, and in such cases will generally identify the number of identical or substantially identical comments represented by the posted example. FHFA may, in its discretion, redact or refrain from posting all or any portion of any comment that contains content that is obscene, vulgar, profane, or threatens harm. FHFA cannot guarantee that such data or information, or the identity of the commenter, will remain confidential if disclosure is sought pursuant to an applicable statute or regulation. *See* 12 CFR 1202.8, 12 CFR 1214.2, and <https://www.fhfa.gov/about/foia-reference-guide> for additional information.

##### II. Introduction

This notice informs the public of FHFA’s proposed revision to an existing system of records. This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when there is an addition or change to an agency’s system of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business.

Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. Records and information in this system of records are not exempt from the requirements of the Privacy Act.

Pursuant to OMB Circular A-108, FHFA has not submitted a report describing the modified system of records covered by this notice to OMB
