

## Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, email blasts, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than August 5, 2024. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a ROLLING basis. Applications received after August 5, 2024, will be considered only if space and scheduling constraints permit.

### New England Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Joint Skate Committee and Advisory Panel

via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This webinar will be held on Wednesday, August 21, 2024, at 1 p.m.

### ADDRESSES:

Webinar registration URL information: <https://nefmc-org.zoom.us/j/61x3vDVJGSEiopidlySjQfA>.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Cate O'Keefe, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

### SUPPLEMENTARY INFORMATION:

### Agenda

The Skate Committee and Advisory Panel will meet to discuss recent fishery performance and outlook for remainder of fishing year 2024. They will review the 2024 Northeast Skate Complex Annual Monitoring Report (for FY 2023) and discuss updates to survey biomass indices, catch accounting, and other information provided by the Plan Development Team. They will also discuss expected work in 2025 related to skates. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Cate O'Keefe, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 30, 2024.

### Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

### Deepwater Horizon Natural Resource Damage Assessment Alabama Trustee Implementation Group Final Supplemental Restoration Plan II and Environmental Assessment: Marine Mammals, and Finding of No Significant Impact

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability.

**SUMMARY:** The Deepwater Horizon (DWH) natural resource trustees for the Alabama Trustee Implementation Group (TIG) have prepared the Final Supplemental Restoration Plan II and Environmental Assessment: Marine Mammals (RPII/EA) and Finding of No Significant Impact. The Final Supplemental RPII/EA evaluates the use of additional funds from the Marine Mammals Restoration Type to extend the implementation of one or more projects currently underway in the Alabama Restoration Area to continue the Alabama TIG's efforts to restore for injuries to marine mammals impacted by the DWH oil spill. The Final Supplemental RPII/EA evaluates two restoration alternatives including consideration of the criteria set forth in the OPA natural resource damage assessment (NRDA) regulations, and an analysis under National Environmental Policy Act (NEPA) implementing regulations. A No Action Alternative is also evaluated pursuant to the NEPA. In the Final Supplemental RPII/EA the Alabama TIG selects the preferred alternative for implementation. The total estimated cost to implement the Alabama TIG's Preferred Alternative—an extension of the Enhancing Capacity for the Alabama Marine Mammal Stranding Network Project—is \$1,881,237. This action allocates the Alabama TIG's remaining Marine Mammals restoration funds.

**ADDRESSES:** You may view and download the Final Supplemental RPII/EA at <https://www.gulfspillrestoration.noaa.gov/restoration-areas/alabama>.

You may also request a flash drive containing the Final Supplemental RPII/EA (see **FOR FURTHER INFORMATION CONTACT**).

**FOR FURTHER INFORMATION CONTACT:** Stella Wilson, NOAA Restoration Center, (850) 332-4169, [gulfspill.restoration@noaa.gov](mailto:gulfspill.restoration@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**Introduction**

On April 20, 2010, the mobile offshore drilling unit DWH, which was drilling a well for BP Exploration and Production, Inc., (BP) experienced a significant explosion, fire and subsequent sinking in the Gulf of Mexico, resulting in the release of millions of barrels of oil and other discharges into the Gulf. Under the authority of the OPA, designated Federal and State trustees, acting on behalf of the public, assessed the injuries to natural resources and prepared the “Deepwater Horizon Oil Spill Final Programmatic Damage Assessment and Restoration Plan and Final Programmatic Environmental Impact Statement” and the “Record of Decision for the Deepwater Horizon Oil Spill Final Programmatic Damage Assessment and Restoration Plan and Final Programmatic Environmental Impact Statement”, which sets forth the governance structure and process for DWH restoration planning under the OPA NRDA regulations. On April 4, 2016, the U.S. District Court for the eastern district of Louisiana entered a consent decree resolving civil claims by the trustees against BP.

The Alabama TIG, which is composed of the Alabama Department of Conservation and Natural Resources, NOAA, Environmental Protection Agency, U.S. Department of the Interior, Environmental Protection Agency, and U.S. Department of Agriculture, selects and implements restoration projects under the Alabama TIG’s management authority in accordance with the consent decree. The Final PDARP/PEIS, ROD, consent decree, and information on the DWH trustees can be found at <https://www.gulfspillrestoration.noaa.gov/restoration-planning/gulf-plan>.

**Background**

In September 2018, the Alabama TIG completed the “Deepwater Horizon Oil Spill Alabama Trustee Implementation Group Final Restoration Plan II and Environmental Assessment: Restoration of Wetlands, Coastal, and Nearshore Habitats; Habitat Projects on Federally Managed Lands; Nutrient Reduction (Nonpoint Source); Sea Turtles; Marine

Mammals; Birds; and Oysters”. Twenty restoration projects were selected for implementation; one of which was *Enhancing Capacity for the Alabama Marine Mammal Stranding Network*. That project has been successfully implemented utilizing Marine Mammal Restoration Type funds identified in the DWH consent decree.

**Overview of the Final Supplemental RPII/EA**

In the Final Supplemental RPII/EA, the Alabama TIG analyzes a reasonable range of two project alternatives and, pursuant to the NEPA, a No Action Alternative. Those alternatives include:

- Enhancing Capacity for the Alabama Marine Mammal Stranding Network project Extension (preferred); and
- Reducing Illegal Feeding of Bottlenose Dolphins project (non-preferred).

Funding to implement either alternative ultimately selected by the Alabama TIG would come from the Marine Mammal Restoration Type allocation. The total estimated cost to implement the preferred alternative is \$1,881,237 and would utilize the remaining allocation of Alabama TIG Marine Mammal Restoration Type funds.

**Administrative Record**

The Administrative Record for the Final Supplemental RPII/EA can be viewed electronically at <https://www.doi.gov/deepwaterhorizon/adminrecord> under the folder 6.5.3.2.

**Authority**

The authority for this action is the OPA of 1990 (33 U.S.C. 2701 *et seq.*), its implementing NRDA regulations found at 15 CFR part 990, and the NEPA of 1969 (42 U.S.C. 4321 *et seq.*), its implementing regulations found at 40 CFR parts 1500–1508.

Dated: July 29, 2024.

**Marine Mammals; File No. 28171**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that Rachel Cartwright, Ph.D., Keiki Kohola Project, 1330 Sabal Lakes Road, Delray Beach, FL 33445, has applied in due form for a permit to conduct research on humpback whales (*Megaptera novaeangliae*; Hawaii distinct population segment [DPS]), bottlenose dolphins (*Tursiops truncatus*), spinner dolphins (*Stenella longirostris*), pantropical spotted dolphins (*Stenella attenuata*), false killer whales (*Pseudorca crassidens*; Hawaiian insular DPS), and short-finned pilot whales (*Globicephala macrorhynchus*).

**DATES:** Written comments must be received on or before September 3, 2024.

**ADDRESSES:** The application and related documents are available for review by selecting “Records Open for Public Comment” from the “Features” box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 28171 from the list of available applications. These documents are also available upon written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov).

Written comments on this application should be submitted via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). Please include “File No. 28171” in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Erin Markin, Ph.D., or Carrie Hubbard, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The applicant proposes to continue long-term monitoring of the health, behavior, and habitat use of humpback whales in Hawaiian waters. Research may be conducted from a vessel or unmanned aircraft system for counts, observations, and photograph and video recordings (above and underwater) on
