SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA has taken a final agency action subject to 23 U.S.C. 139(l)(1) by issuing a FONSI for the following new highway project in the State of Georgia: The I-16 at Old Cuyler Road Interchange Project located in Bryan County, Georgia. The Selected Alternative will construct a new interchange along I-16 at Old Cuyler Road. Old Cuyler and Cuyler Roads will be realigned and reconstructed over I-16, including the construction of a new bridge over I-16. The new interchange project will also tie into a new frontage road just east of Jernigan Road and will extend this road along the south side of I-16 to a multi-lane roundabout with the realigned Cuyler Road. Multi-lane roundabouts will also be located at the eastbound and westbound I-16 ramp termini. The length of the construction is approximately 1.2 miles.

The purpose of the project is listed below:

- Provide new, direct vehicular access to I-16, which will serve current and projected future vehicular and truck traffic.
- Provide congestion relief for the existing I-16/US 280 interchange to the

west, which is not anticipated to have sufficient capacity to accommodate projected traffic volumes by 2047.

- Accelerate project delivery.

The FHWA's action, related actions by other Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) for the project, approved on January 9, 2024, the FONSI issued on July 24, 2024, and other documents in the project file. The EA, FONSI and other project records are available by contacting FHWA or the Georgia Department of Transportation at the addresses listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Information Collections Open for Comment

Currently, we are seeking comments on the following forms, letterhead applications or notices, recordkeeping requirements, questionnaires, or surveys:

OMB Control No. 1513–0006

Title: Volatile Fruit-Flavor Concentrate Plants—Applications and Related Records.

TTB Form Number: TTB F 5520.3.

TTB Recordkeeping Number: TTB REC 5520/2.

Abstract: Volatile fruit-flavor concentrates contain alcohol when made by an evaporative process from the mash or juice of a fruit. However, under the Internal Revenue Code (IRC) at 26 U.S.C. 5511, alcohol excise taxes and most other provisions of chapter 51 of the IRC do not apply to such concentrates if the manufacturers file applications, keep records, and meet certain statutory and regulatory requirements. Under that IRC authority, the Alcohol and Tobacco Tax and Trade Bureau (TTB) regulations in 27 CFR part 18 require volatile fruit-flavor concentrate manufacturers to register using form TTB F 5520.3 and file amendments to their registrations using that form or a letterhead application (depending on circumstances). Additionally, concentrate manufacturers are required to maintain a record file of all approved registrations and related supporting documents. TTB uses the collected information to identify concentrate manufacturers and their operations to ensure that the tax provisions of the IRC are appropriately applied.

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

Title: Volatile Fruit-Flavor Concentrate Manufacturers—Annual Report and Usual and Customary Business Records (TTB REC 5520/1).

TTB Form Number: TTB F 5520.2.

TTB Recordkeeping Number: TTB F 5520/1.

Abstract: Volatile fruit-flavor concentrates contain alcohol when made by an evaporative process from the mash or juice of a fruit. However, under the IRC at 26 U.S.C. 5511, alcohol excise taxes and most other provisions of chapter 51 of the IRC do not apply to such concentrates if the manufacturers meet certain statutory and regulatory requirements. Under that IRC authority, the TTB regulations in 27 CFR part 18 require manufacturers of volatile fruit-flavor concentrates to submit an annual summary report, using form TTB F 5520.2 in order to account for all volatile fruit-flavor concentrates produced, removed, or made unfit for beverage use. Such manufacturers compile this report from usual and customary business, which, under the regulations, respondents must retain for 3 years. TTB uses the collected information to ensure that the tax provisions of the IRC are appropriately applied.

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

OMB Control No. 1513–0042

Title: Drawback on Distilled Spirits Exported.

TTB Form Number: TTB F 5110.30.

Abstract: Under the IRC at 26 U.S.C. 5062(b), on the exportation of distilled spirits produced, bottled, or packaged in

casks or bulk containers in the United States on which Federal excise tax has been paid or determined, and are in bulk containers or in bottles packed in cases or other containers, the bottler or packager of the spirits may file a claim for the drawback (refund) of the tax. Section 5062(b) also authorizes the Secretary to issue regulations governing such export drawback claims, including requirements for notices, bonds, and evidence showing tax payment or determination and export of the spirits in question. The TTB regulations in 27 CFR part 28 require that export drawback claimants use TTB F 5110.30 to submit such claims to TTB. The form collects information regarding the claimant, a description of the distilled spirits exported along with the amount exported, and the amount of drawback claimed. The information collected is used by exporters to obtain drawback of taxes on articles exported, and TTB uses the information on TTB F 5110.30 and its attached documents to verify and substantiate the drawback claim.

Current Actions: There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates, TTB is decreasing the number of annual respondents, responses, and burden hours associated with this collection.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

- **Number of Respondents:** 20.
- **Average Responses per Respondent:** 18 per year.

OMB Control No. 1513-0043

Title: Application and Permit to Ship Puerto Rican Spirits to the United States Without Payment of Tax.

TTB Form Number: TTB F 5110.31.

Abstract: The IRC at 26 U.S.C. 7652 imposes on Puerto Rican distilled spirits shipped to the United States for consumption or sale a tax equal to the internal revenue (excise) tax imposed in the United States on distilled spirits of domestic manufacture. However, the IRC at 26 U.S.C. 5232 provides that distilled spirits imported or brought into the United States in bulk containers may, under regulations prescribed by the Secretary, be withdrawn from Customs custody and transferred to the bonded premises of a domestic distilled spirits plant without payment of the internal revenue tax imposed on such

spirits. The IRC at 26 U.S.C. 5314 also states that spirits may be withdrawn from the bonded premises of a distilled spirits plant in Puerto Rico pursuant to an authorization issued under the laws of Puerto Rico. Under those IRC authorities, TTB has issued regulations in 27 CFR part 26, Liquors and Articles from Puerto Rico and the Virgin Islands, which require respondents to use form TTB F 5110.31 to apply for and receive permission to ship Puerto Rican distilled spirits to the United States without payment of Federal excise tax. The form identifies the specific spirits to be shipped, the amount of spirits shipped and received, and the shipment's consignor in Puerto Rico and consignee in the United States. The collected information is necessary to protect the revenue.

Current Actions: There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates, TTB is increasing the number of responses per respondent and burden hours associated with this collection.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

- **Number of Respondents:** 10.
- **Average Responses per Respondent:** 58 per year.
- **Number of Responses:** 580.
- **Average Per-response Burden:** 0.75 hour.
- **Total Burden:** 435 hours.

OMB Control No. 1513-0047
Title: Distilled Spirits Production Records (TTB REC 5110/01) and Monthly Report of Production Operations.

TTB Form Number: TTB F 5110.40.
TTB Recordkeeping Number: TTB REC 5110/01.

Abstract: The IRC at 26 U.S.C. 5001 sets forth, in general, the Federal excise tax rates for distilled spirits produced in or imported into the United States. The IRC at 26 U.S.C. 5207 also requires distilled spirit plant (DSP) proprietors to maintain records of production, storage, denaturation, and processing activities and to submit reports covering those operations, as the Secretary prescribes by regulation. The TTB regulations in 27 CFR part 19 require DSP proprietors to keep records regarding the materials used to produce distilled spirits, the amount of spirits produced, the withdrawal of spirits from the production account, and the production of spirits byproducts. The regulations in part 19 also require these records to be retained for at least three years. In

addition, DSP proprietors must submit monthly reports of production operations using TTB F 5110.40. The form collects information about the types and amounts of distilled spirits produced, the amounts of certain types of materials used in the production of the spirits, and the disposition of the spirits. TTB uses the collected information to account for the amount of distilled spirits produced at a DSP and to determine the proprietor's resulting excise tax liability and the amount of bond coverage needed if such coverage is required.

Current Actions: There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates resulting from continued growth in the number of DSPs in the United States, TTB is increasing the number of annual respondents, responses, and burden hours associated with this collection.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

- **Number of Respondents:** 4,800.
- **Average Responses per Respondent:** 12 per year.
- **Number of Responses:** 57,600.
- **Average Per-response Burden:** 2 hours.
- **Total Burden:** 115,200 hours.

Title: Wholesale Dealers Records of Receipt of Alcohol Beverages, Disposition of Distilled Spirits, and Monthly Summary Reports (TTB REC 5170/2).

TTB Recordkeeping Number: TTB REC 5170/2.

Abstract: The IRC at 26 U.S.C. 5121 requires wholesale dealers in liquors to keep daily records of all distilled spirits received and disposed of, and, at the Secretary's discretion, to submit periodic summaries of those daily records. Section 5121 also requires wholesale dealers in liquors and wholesale dealers in beer to keep daily records of all wine and beer received. In addition, section 5121 authorizes the Secretary to issue regulations regarding the keeping and submission of these records and summary reports by such wholesale dealers. The IRC at 26 U.S.C. 5123 also sets forth retention and inspection requirements for the required wholesale dealer records and reports. Under these IRC authorities, TTB has issued regulations applicable to wholesale dealers, which are contained in 27 CFR part 31. These regulations require wholesale dealers to keep usual

and customary business records, such as consignment and purchase invoices, documenting their daily receipt and disposition of distilled spirits and their daily receipt of wine and beer. TTB, at its discretion, also may require a particular wholesale liquor dealer to submit monthly summary reports regarding all distilled spirits received and disposed of on a daily basis. In addition, the TTB regulations require that wholesaler dealers retain the required records and copies of any required monthly summary reports at their place of business, available for inspection, for at least 3 years.

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits.

- **Number of Respondents:** 30,400 for recordkeeping; 50 for monthly summary reports.

- **Average Responses per Respondent:** 1 for recordkeeping; 12 for monthly summary reports.

- **Number of Responses:** 30,400 for recordkeeping; 600 for monthly summary reports.

- **Average Per-response Burden:** None for usual and customary recordkeeping; 2 hours for monthly summary reports.

- **Total Burden:** The keeping of usual and customary business records imposes no burden on respondents per the Office of Management and Budget regulations at 5 CFR 1320.3(b)(2). For monthly summary reports, the estimated total burden is 1,200 hours.

OMB Control No. 1513-0088

Title: Alcohol, Tobacco, and Firearms Related Documents for Tax Returns and Claims (TTB REC 5000/24).

TTB Recordkeeping Number: TTB REC 5000/24.

Abstract: TTB is responsible for the collection of Federal excise taxes imposed on distilled spirits, wine, beer, tobacco products, cigarette papers and tubes, and firearms and ammunition, and also for the collection of special occupational taxes related to tobacco products and cigarette papers and tubes. The IRC (26 U.S.C.) requires that such taxes be collected on the basis of a return, and it requires taxpayers to maintain records that document the information provided on such returns. The IRC also allows for the filing of claims for the abatement, credit, remission, or refund (drawback) of taxes under certain circumstances, and it requires claimants to maintain records

to support such claims. TTB uses the collected information maintained in these records to confirm the amount of excise and special occupational taxes rightly due, and to verify respondent computations on tax returns or the correctness of claims for refund or other adjustments to tax liabilities.

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits.

OMB Control No. 1513-0094

Title: Federal Firearms and Ammunition Quarterly Excise Tax Return.

TTB Form Number: TTB F 5300.26.

Abstract: The IRC at 26 U.S.C. 4181 imposes a Federal excise tax on the sale of pistols, revolvers, other firearms, and shells and cartridges (ammunition) by manufacturers, producers, and importers of such articles. The IRC, at 26 U.S.C. 6001, 6011, and 6302, also authorizes the Secretary to issue regulations regarding IRC-based taxes, returns and records, including the mode and time for collecting taxes due. Under this authority, the TTB regulations in 27 CFR part 53 require persons who have firearms and/or ammunition excise tax liability to submit a quarterly tax return using form TTB F 5300.26. The information collected on this return is necessary to identify the taxpayer, the amount and type of taxes due, and the amount of payments made. TTB uses the return information to determine whether the taxpayer has paid the correct amount of tax and to take additional action, such as assessment or refund, as necessary.

Current Actions: There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates, TTB is decreasing the estimated number of annual respondents, responses, and burden hours associated with this information collection.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses and other for-profits.

Title: Report of Removal, Transfer, or Sale of Processed Tobacco.

TTB Form Number: TTB F 5250.2.

Abstract: The IRC at 26 U.S.C. 5722 requires importers and manufacturers of tobacco products, processed tobacco, or cigarette papers and tubes to make reports containing such information, in such form, at such times, and for such periods as the Secretary prescribes by regulation. While processed tobacco is not subject to Federal excise tax under the IRC, tobacco products subject to such taxes may be manufactured using processed tobacco. To protect the revenue by preventing diversion of processed tobacco to illegal, unpermitted tobacco product manufacturers, TTB has issued regulations that require persons holding TTB permits as importers or manufacturers of processed tobacco or tobacco products to report all removals, transfers, or sales of processed tobacco made for export or for shipment to any domestic entity that does not hold such a permit or a permit to operate as an export warehouse proprietor. In general, respondents must report each such shipment by the close of the next business day using form TTB F 5250.2. However, exporters may apply to TTB to report removals made for export using a monthly summary report. TTB F 5250.2 and the monthly summary report require information identifying the TTB permit holder making the processed tobacco shipment, the type and quantity of processed tobacco shipped, the person(s) purchasing (or receiving) and delivering the processed tobacco, and the destination address of the shipment.

Current Actions: There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates, TTB is increasing the estimated number of annual respondents, responses, and burden hours associated with this information collection.

OMB Control No. 1513-0135

Title: Specific and Continuing Export Bonds for Distilled Spirits or Wine.

TTB Form Numbers: TTB F 5100.25 and TTB F 5100.30.

Abstract: The IRC at 26 U.S.C. 5175, 5214, and 5362 authorizes exporters (other than proprietors of distilled spirits plants or bonded wine premises) to withdraw distilled spirits and wine without payment of tax for export, use on certain vessels or aircraft, transfer to a foreign trade zone, or transfer to a customs bonded warehouse pending exportation, subject to such regulations as the Secretary prescribes. Under that IRC authority, to protect the revenue and provide exporters with a degree of flexibility based on individual need, the TTB alcohol export regulations in 27 CFR part 28 allow exporters to file either a specific bond using TTB F 5100.25 to cover a single export shipment or a continuing bond using TTB F 5100.30 to cover export shipments made from time to time.

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.
