Accounts not paid within terms are subject to a 1.5% monthly finance charge.¹²⁸ KOR SBSDR will accept and process billing adjustments up to 45 days after the invoice date.¹²⁹

Adjustment requests received after the 45-day period will not be accepted by KOR SBSDR.¹³⁰ Approved adjustments will be applied as credits and appear on the next billing cycle as a separate line item.¹³¹

E. Recordkeeping

The KOR Rulebook provides that KOR will maintain transaction data and related identifying information for not less than five years after the applicable security-based swap expires and historical positions for not less than five years: (a) in a place and format that is readily accessible and usable to the Commission and other persons with authority to access or view such information, and (b) in an electronic format that is non-rewriteable and non-erasable.¹³²

F. Disclosure

KOR publishes a disclosure document to provide a summary of information regarding its service offerings and the SBS data it maintains.¹³³ Specifically, the disclosure document sets forth a description of the following: (i) criteria for providing access to KOR SBSBR; (ii) criteria for market participants seeking to connect to the SBSDR; (iii) policies and procedures regarding the SBSDR's safeguarding of SBSDR data and operational reliability to protect the confidentiality and security of SBSDR data; (iv) policies and procedures to protect the privacy of SBSDR data; (v)

G. Regulatory Reporting and Public Dissemination

As a registered SDR, KOR would carry out an important role in the regulatory reporting and public dissemination of SBS transactions. As noted above, KOR has stated that it intends to rely on the no-action statement included in the ANE Adopting Release for the period set forth in the ANE Adopting Release with respect to any SBS asset class or classes for which it intends to accept transaction reports.¹³⁵ Therefore, KOR does not need to include materials in its application explaining how it would comply with the provisions of the SBS Reporting Rules described in the no-action statement.¹³⁶ Instead, KOR may rely on its discussion about how it complies with comparable CFTC requirements pertaining to regulatory reporting and public dissemination of swap transactions.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning KOR's Form SDR, including whether KOR has satisfied the requirements for registration as an SDR and as a SIP. Commenters are requested, to the extent possible, to provide empirical data and other factual support for their views. Comments may be submitted by any of the following methods:

C. Privacy Act

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption request. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov. As described in the system of records notice DOT/ALL 14 (Federal Docket Management System), which can be reviewed at

<https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>, the comments are searchable by the name of the submitter.

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statutes also allow the Agency to renew exemptions at the end of the 5-year period. However, FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

The physical qualification standard for drivers regarding epilepsy found in 49 CFR 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria¹ to assist Medical Examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce.

The seven individuals listed in this notice have requested renewal of their exemptions from the epilepsy and seizure disorders prohibition in § 391.41(b)(8), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b), FMCSA

¹ These criteria may be found in APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. *Epilepsy*: § 391.41(b)(8), paragraphs 3, 4, and 5, which is available on the internet at <https://www.gpo.gov/fdsys/pkg/CFR-2015-title49-vol5/pdf/CFR-2015-title49-vol5-part391-appA.pdf>.

will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the seven applicants has satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition. The seven drivers in this notice remain in good standing with the Agency, have maintained their medical monitoring and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous 2-year exemption period. In addition, for commercial driver's license (CDL) holders, the Commercial Driver's License Information System and the Motor Carrier Management Information System are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the State Driver's Licensing Agency. These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of 2 years is likely to achieve a level of safety equal to that existing without the exemption.

As of August 31, 2024, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following seven individuals have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition in the FMCSRs for interstate CMV drivers:

Cody Baker (IN)
David P. Crowe (VA)
Michael Curtis Gibson (SC)
Raymond Lobo (NJ)
Alexis Roldan (IL)
William Smith (NC)
Yoon Song (CA)

The drivers were included in docket number FMCSA–2013–0109, FMCSA–2013–044, or FMCSA–2022–0044. Their exemptions are applicable as of August 31, 2024 and will expire on August 31, 2026.

V. Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) each driver must remain seizure-free and maintain a stable treatment during the 2-year exemption period; (2) each driver must submit annual reports from their treating physicians attesting to the stability of treatment and that the driver has remained seizure-free; (3) each driver must undergo an annual medical examination by a certified ME, as

defined by § 390.5; and (4) each driver must provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy of his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. The exemption will be rescinded if: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based on its evaluation of the seven exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the epilepsy and seizure disorders prohibition in § 391.41(b)(8). In accordance with 49 U.S.C. 31136(e) and 31315(b), each exemption will be valid for 2 years unless revoked earlier by FMCSA.

Associate Administrator for Policy.
