## DEPARTMENT OF JUSTICE

[OMB Number 1121-NEW1]

### Agency Information Collection Activities; Proposed eCollection eComments Requested; New; Juvenile Facility Census Program (JFCP)

**AGENCY:** Office of Justice Programs, Department of Justice.

**ACTION:** 30-Day notice.

**SUMMARY:** The National Institute of Justice, Office of Justice Programs (OJP), Department of Justice (DOJ), will be submitting the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA).

**DATES:** Comments are encouraged and will be accepted for 30 days until September 12, 2024.

**FOR FURTHER INFORMATION CONTACT:** If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact: Benjamin Adams, Supervisory Social Science Analyst, National Institute of Justice, 810 Seventh Street NW, Washington, DC 20531 (email: [benjamin.adams@usdoj.gov](mailto:benjamin.adams@usdoj.gov); telephone: 202-616-3687).

**SUPPLEMENTARY INFORMATION:** The proposed information collection was previously published in the **Federal Register** on May 21, 2024, allowing a 60-day comment period (89 FR 44709). Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms

of information technology, *e.g.*, permitting electronic submission of responses.

Written comments and recommendations for this information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the information collection or the OMB Control Number [1121-NEW1]. This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view Department of Justice, information collections currently under review by OMB.

DOJ seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOJ notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

### Overview of This Information Collection

1. *Type of Information Collection:* New.
2. *Title of the Form/Collection:* Juvenile Facility Census Program (JFCP).
3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form numbers are CJ-14 (CJRP) and CJ-15 (JRFC). The applicable components within the Department of Justice are the National Institute of Justice and the Office of Juvenile Justice and Delinquency Prevention, in the Office of Justice Programs.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:* State, local and tribal governments, individuals or households, and Private Sector-for or not for profit institutions.  
*Abstract:* This request for clearance of the Juvenile Facility Census Program (JFCP) will combine two previously, separately cleared data collections: the Census of Juveniles in Residential Placement (OMB # 1121-0218) and the Juvenile Residential Facility Census (OMB # 1121-0219). The Census of Juveniles in Residential Placement (CJRP), which is administered biennially, collects information from all secure and nonsecure residential placement facilities that house persons younger than age 21 who are held in a residential setting as a result of some

contact with the juvenile justice system for an offense. This encompasses both status offenses and delinquency offenses, and includes youth who are either temporarily detained by the court or committed after adjudication for an offense. The CJRP collects information on the characteristics of the youth held for an offense, including offense and demographics, and information on their placement, including adjudication status and length of stay. The Juvenile Residential Facility Census (JRFC), which is administered biennially in the years the CJRP is not administered, collects information about how juvenile facilities operate, the services they provide, and staff training from all secure and nonsecure residential placement facilities that house persons younger than 21 who are held for an offense. The information gathered in these national collections will be used in published reports and statistics. The reports will be made available to the U.S. Congress, Executive Office of the President, practitioners, researchers, students, the media, others interested in juvenile residential facilities, and the general public via the OJP agency websites. The two data collections are being combined into a single clearance packet because they are closely related and designed to be complementary. They are drawn from the same frame, are administered to the same respondents with identical eligibility criteria, have the same reference day, and use the same mode of collection. The collection administrations are deliberately sequenced and scheduled for alternating years because of the complementary nature of the information and overlap in respondents. Additionally, each collections' imputation procedures rely upon information from the other collection, and for some longitudinal analyses, data from both collections are combined to produce published statistics.

5. *Obligation to Respond*: Voluntary.

6. *Total Estimated Number of Respondents*: The total estimated respondents is 1,569 for each collection for each year.

7. *Estimated Time per Respondent*: It takes an average of 4 hours to complete the CJRP. The total burden for the CJRP is 6,844 hours. It takes an average of 2 hours to complete the JRFC. The total burden for the JRFC is 3,422 hours.

8. *Frequency*: The CJRP and JRFC are each administered biennially in alternating years.

9. *Total Estimated Annual Time Burden*: The average annual burden is 5,703 hours or 17,110 total hours for the 2025 CJRP, 2026 JRFC, and 2027 CJRP.

10. *Total Estimated Annual Other Costs Burden*: The estimated annual cost for CJRP and JRFC is \$633,054 each. The estimated cost for both collections is \$1,266,108 annually.

*If additional information is required, contact*: Darwin Arceo, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 4W-218, Washington, DC 20530.

Dated: August 8, 2024.

**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act**

On August 6, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Columbia in the lawsuit entitled *United States v. Lawrence N. Brandt, Inc., Glenbrook Limited Partnership, and American University* (Civil Action No. 1:24-CV-02303).

The proposed Consent Decree resolves claims set forth in the Complaint against Lawrence N. Brandt, Inc., Glenbrook Limited Partnership, and American University for recovery of costs pursuant to Sections 107(a) and 113 of CERCLA, 42 U.S.C. 9607 and 9613, and related to the 4825 Glenbrook Road Spring Valley Formerly Used Defense Site (FUDS). The Site is a residential parcel that previously included a single-family, detached home, located in the Spring Valley residential community in northwest Washington, DC. During World War I, American University offered the United States Government the use of its campus to support the war effort against Germany. Between 1917 and 1920, the United States Government subsequently used portions of the American University campus to conduct the research and development of chemical warfare material (CWM), including mustard and lewisite agents. Some of the CWM-related material was buried at various locations within the Spring Valley FUDS, including the 4825 Glenbrook Road property (which was later developed by Lawrence N. Brandt, Inc. and Glenbrook Limited Partnership). As a result, the United

States also is a responsible party in this case.

Under the proposed settlement, American University will pay \$4 million, and Lawrence N. Brandt, Inc. and Glenbrook Limited Partnership will pay \$750,000 in reimbursement for their share of response costs related to the Site. In return, the United States agrees not to sue Defendants under section 107(a) of CERCLA for certain response costs related to the Site, and Defendants likewise agree not to sue the United States with respect to certain response costs. Because the U.S. Army Corps of Engineers handles all remediation work related to the Spring Valley cleanup, no response work is required of the Defendants under the Consent Decree.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Lawrence N. Brandt, Inc., Glenbrook Limited Partnership, and American University* (Civil Action No. 1:24-CV-02303) and D.J. Ref. No. 90-11-3-12095. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
