Foreign-Trade Zones Board

[B–43–2024]

Foreign-Trade Zone 3; Application for Production Authority; Phillips 66 Company; (Renewable Fuels and By-Products); Rodeo, California

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the San Francisco Port Commission, grantee of FTZ 3, requesting production authority on behalf of Phillips 66 Company (Phillips), located in Rodeo, California. The application conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.23) was docketed on August 8, 2024.

The Phillips facility (650 employees) is located within Subzone 3E. The facility was used for petroleum refining and is in the process of being converted into a renewable fuels production facility. Production under FTZ procedures could exempt Phillips from customs duty payments on the foreign components used in export production. The company anticipates that between eight to 14 percent of the plant's products will be exported. On its domestic sales, Phillips would be able to choose the duty rates during customs entry procedures that apply to treated renewable feedstock, sulfur, renewable fuels (naphtha; diesel; jet), sustainable jet fuel, butane, and mixed gas streams (duty rate ranges from duty-free to 8.0%, and 10.5¢/bbl) for the foreign-status inputs noted below. Phillips would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

Components and materials sourced from abroad (representing 40 to 45% of the value of the finished product) include: animal fats; oils (soybean; canola; rapeseed; distiller's corn; used cooking); mixed fats, oils, and grease (also known as FOG); and, greases (trap; brown; yellow (a mix of animal fats that may include used cooking oil)) (duty rate ranges from 0.43¢/kg to 3¢/kg, 3.4% to 19.1%). The request indicates that certain materials/components are subject to duties under section 301 of

the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

In accordance with the FTZ Board's regulations, Juanita Chen of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is October 15, 2024. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 28, 2024.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Juanita Chen at juanita.chen@trade.gov.

Pentafluoroethane (R–125) From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2021–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the mandatory respondents under review sold pentafluoroethane (R–125) to the United States from the People's Republic of China (China) at prices below normal value during the period of review (POR), August 17, 2021, through February 28, 2023.

DATES: Applicable August 14, 2024.

FOR FURTHER INFORMATION CONTACT: Andrew Hart or Samantha Kinney, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone:

SUPPLEMENTARY INFORMATION:

Background

On April 3, 2024, Commerce published in the **Federal Register** the preliminary results of the 2021–2023 administrative review¹ of the antidumping duty order on R–125 from China and invited parties to comment.² The review covers two mandatory respondents, Zhejiang Sanmei Chemical Ind. Co., Ltd. (Zhejiang Sanmei), and Zhejiang Yonghe Refrigerant Co., Ltd. (Zhejiang Yonghe). We received case briefs and rebuttal briefs from Zhejiang Yonghe, National Refrigerants, Inc., a U.S. importer of subject merchandise, and Honeywell International, Inc. (the petitioner).³

On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁴ The deadline for the final results is now August 8, 2024. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Scope of the Order

The products subject to the *Order* is R–125 from China. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in briefs filed by parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in the Appendix to this notice. The Issues and Decision Memorandum is a public

Separate Rate

Commerce determines that the Sanmei Companies⁶ and the Yonghe Companies,⁷ the two companies individually examined in this review,

are eligible to receive separate rates in this review.⁸

China-Wide Entity

Under Commerce’s policy regarding the conditional review of the China-wide entity,⁹ the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review, and the entity’s rate (*i.e.*, 267.51. percent) is not subject to change.¹⁰

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested

parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the margin calculations for the Yonghe Companies.¹¹ Additionally, Commerce collapsed two additional companies with the Yonghe Companies.¹²

Final Results of Review

For the companies subject to this review that established their eligibility for a separate rate, Commerce determines that the following estimated weighted-average dumping margins exist for the period August 17, 2021, through February 28, 2023:

Exporter	Weighted-average dumping margin (percent)
Zhejiang Sanmei Chemical Industry Co., Ltd.; Fujian Qingliu Dongying Chemical Co., Ltd.; Jiangsu Sanmei Chemical Ind. Co., Ltd	24.62
Zhejiang Yonghe Refrigerant Co., Ltd.; Jinhua Yonghe Fluorine Chemical Co., Ltd.; Inner Mongolia Yonghe Fluorochemical Co., Ltd.; Shaowu Yonghe Jintang new material Co., Ltd.; Inner Mongolia Huasheng Hydrohuone Alid Co., Ltd.; Jiangxi Shilei Fluorochemical Co., Ltd	267.66

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For the Sanmei Companies and the Yonghe Companies, Commerce will calculate importer-specific assessment

rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1).

For entries that were not reported in the U.S. sales database submitted by the exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate.¹³

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for shipments of the subject

merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that currently have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding where the exporter received that separate rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 267.51 percent); and (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit

⁶ For these final results, Commerce continues to find that the following affiliated companies should be collapsed and treated as a single entity as it determined in the *Preliminary Results*: Zhejiang Sanmei; Jiangsu Sanmei Chemical Ind. Co., Ltd.; and Fujian Qingliu Dongying Chemical Ind. Co., Ltd. (collectively, Sanmei Companies). See *Preliminary Results* PDM at 5.

⁷ For these final results, Commerce continues to find that the following affiliated companies should be collapsed and treated as a single entity as determined in the *Preliminary Results*: Zhejiang Yonghe; Jinhua Yonghe Fluorine Chemical Co., Ltd.;

Inner Mongolia Yonghe Fluorochemical Co., Ltd.; and Shaowu Yonghe Jintang new material Co., Ltd. (collectively, the Yonghe Companies). Additionally for these final results, Commerce collapsed Inner Mongolia Huasheng Hydrohuone Alid Co., Ltd. and Jiangxi Shilei Fluorochemical Co., Ltd. with the Yonghe Companies. See Issues and Decision Memorandum at Comment 3 for details.

rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties has occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(2).

Dated: August 7, 2024.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with July anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable August 14, 2024.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with July anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or

questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/submission of the Q&V data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to this review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in
