[Docket No. DOL–2023–0007]

RIN 1291–AA43

DOL Acquisition Regulation: Department of Labor Acquisition Regulation System

AGENCY: Office of the Assistant Secretary for Administration and Management, Department of Labor.

ACTION: Final rule.

SUMMARY: With this final rule, the Department of Labor (DOL) is revising the Department of Labor Acquisition Regulation (DOLAR) to remove provisions from the regulation that were redundant or obsolete. The final rule also codifies the use of certain contractual provisions that DOL has developed and deployed in recent years. Those newly codified contractual provisions address a range of matters, including government property, continuity of operations, system requirements, records management, telework policy for contractor personnel, submission of invoices, mandatory training for contractors, organizational conflicts of interest, and notification of changes to the scope of a contract. The final rule also includes revisions intended for greater clarity. Finally, the final rule removes provisions from the prior regulation that were DOL internal operating procedures.

DATES: This final rule is effective September 16, 2024.

SUPPLEMENTARY INFORMATION:

I. Discussion

A. Background—The FAR, the OFPP Act, and the DOLAR

The DOLAR is part of the Federal Acquisition Regulations System, which

consists of the Federal Acquisition Regulation (FAR), chapter 1 of title 48 of the CFR, and various agency acquisition regulations that implement or supplement the FAR. 48 CFR 1.101. The DOLAR is DOL’s acquisition regulation implementing and supplementing the FAR, and addresses matters specific to DOL’s procurement of goods and services.

This rulemaking is issued under the authority of the Office of Federal Procurement Policy (OFPP) Act and implementing regulations which authorize the heads of Federal executive agencies to issue agency acquisition regulations that implement or supplement the FAR. 41 U.S.C. 1707 and FAR 1.301(b), 1.303(b).

The DOLAR uses the regulatory structure and arrangement of the FAR, and headings and subject areas are consistent with FAR content. The DOLAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts, and sections.

B. Relation of the FAR to the DOLAR

The FAR contains many provisions and clauses applicable to DOL procurements which need not be, and are not, repeated in the new DOLAR. If the DOLAR does not include provisions supplementing the FAR under the corresponding part or subpart, it is because the FAR language is considered sufficient. Where the DOLAR does not address a FAR subject, the FAR guidance is to be followed. The DOLAR is not by itself a complete document, as it must be read in conjunction with the FAR.

C. Purpose of the Regulatory Action

The DOLAR was last revised effective May 27, 2004, 69 FR 22990 (April 27, 2004). The final rule codifies internal departmental guidance to align with the FAR, removes outdated and duplicative requirements, streamlines sections, and removes information that applies only to DOL’s internal operating procedures. With this final rule, DOL adopts a more efficient and straightforward approach to procurement regulations. The final DOLAR supersedes the prior regulation in its entirety.

D. Summary of Changes From NPRM to Final Rule

On September 5, 2023, DOL published a notice of proposed rulemaking (NPRM), including the proposed text of the new DOLAR, in the **Federal Register**. 88 FR 60612. After reviewing and considering the comments received, DOL made no changes to the text of the rule as

published in the NPRM, except to correct some typographical errors. This final rule is in substance the same as the proposed rule. As DOL explained in the NPRM, DOL is revising the DOLAR in its entirety to update and streamline agency procurement regulations consistent with the Federal Acquisition Reform Act and the Federal Acquisition Streamlining Act. The DOLAR final rule removes provisions that are redundant or obsolete and codifies provisions addressing a range of matters, including government property, continuity of operations, system requirements, records management, telework policy for contractor personnel, submission of invoices, mandatory training for contractors, organizational conflicts of interest, and changing the scope of a contract. The final rule also makes updates to existing language for clarity and streamlining purposes. Finally, the final rule removes provisions in the previous DOLAR that are DOL internal operating procedures, which need not be published in the CFR for them to take effect, per 41 U.S.C. 1707 and FAR 1.301(b), 1.303(b). Additionally, as noted in the NPRM, an appendix included in the NPRM (a table listing sections in the prior regulation and the corresponding section in the NPRM) will not appear in the CFR. Accordingly, that appendix has been removed and does not appear in the final rule.

In the NPRM, DOL explained all the revisions being made to the DOLAR from the prior regulation. To reiterate, the final rule removes parts that contain internal DOL policy and operating procedures, as well as parts that duplicate or adopt the FAR by reference; adds parts which codify clauses that are currently prescribed for incorporation in DOL contracts, when appropriate; and renames and renumbers sections to streamline the DOLAR.

Additionally, this final rule removes the following parts of the DOLAR because they relate to internal operating procedures of DOL and need not be published in the **Federal Register** (per 41 U.S.C. 1707 and FAR 1.301(b) and 1.303(b)): Parts 2906 (Competition Requirements); 2908 (Required Sources of Supplies and Services); 2922 (Application of Labor Laws to Government Acquisitions); 2923 (Environment, Energy and Water Efficiency, Renewable Energy Technologies, Occupational Safety, and Drug-Free Workplace); 2929 (Taxes); 2931 (Contract Cost Principles and Procedures); and 2953 (Forms).

Further, this final rule removes the following parts of the DOLAR because they are duplicative of the FAR, or merely adopt it by reference: Part 2910
