[Project No. 2333-094]

#### Rumford Falls Hydro LLC; Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Rumford Falls Hydroelectric Project, located on the Androscoggin River in the Town of Rumford, Oxford County, Maine and has prepared a Final Environmental Assessment (FEA) for the project. No federal land is occupied by project works or located within the project boundary.

The FEA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the FEA via the internet through the Commission's Home Page (<http://www.ferc.gov>), using the "eLibrary" link. [Federal Energy Regulatory Commission  
[Docket No. CP24-509-000]]

#### Rockies Express Pipeline LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on August 7, 2024, Rockies Express Pipeline LLC (Rockies Express), 370 Van Gordon St., Lakewood, Colorado 80228, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.210 of the Commission's regulations under the Natural Gas Act (NGA), and Rockies Express' blanket certificate issued in Docket No. CP04-415-000, for authorization to increase its certificated mainline capacity by 80,000 dekatherms per day (Dth/d) by re-cylindering a reciprocating compressor unit (Unit 5300) at its Chandlersville Compressor Station in Muskingum County, Ohio (Re-cylindering Project). Specifically, Rockies Express proposes to decrease the size of Unit 5300's cylinder bore, which will allow the compressor to operate at a higher-pressure differential and lower suction pressure and thus increase station throughput. Rockies Express estimates the cost of the project to be approximately \$1,357,000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). Email the Public Reference Room at [public.referenceroom@ferc.gov](mailto:public.referenceroom@ferc.gov).

Any questions concerning this request should be directed to Shannon

Coleman, Vice President, Associate General Counsel and Chief FERC Compliance Office, Tallgrass Energy, LP, 370 Van Gordon St., Lakewood, Colorado 80228, by telephone at (303) 763-3287, or by email [shannon.coleman@tallgrass.com](mailto:shannon.coleman@tallgrass.com).

### Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on October 14, 2024. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

### Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is October 14, 2024. A protest may also serve as a motion to intervene so long as the

protestor states it also seeks to be an intervenor.

### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is October 14, 2024. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before October 14, 2024. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP24-509-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. **SUPPLEMENTARY INFORMATION:** The Administrative Dispute Resolution Act of 1996 (ADRA), 5 U.S.C. 571 *et seq.*, authorizes and encourages agencies to use various alternative means of dispute resolution in the federal administrative process in order to avoid the time and

expense of litigation. This legislation also amends the Taft-Hartley Act by permanently adding section 173(f) of title 29 of the United States Code (29 U.S.C. 173(f)) so that FMCS may provide all forms of alternative dispute resolution assistance to federal agencies. Under this legislation, FMCS contains a dispute resolution program to assist with EEO and workplace disputes for all federal agencies. This Shared Neutrals program provides more than 50 participating federal agencies access to a pool of trained, collateral-duty federal employees. These employees provide mediation services to agencies other than their own in exchange for like services to the program from the recipient agency.

FMCS uses online activity tools that includes Survey Monkey and Microsoft Forms, all of which are online licensed software platforms, for evaluating mediators, and registering participants for training and roundtable discussions.
