[Project No. 2333-094]

Rumford Falls Hydro LLC; Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Rumford Falls Hydroelectric Project, located on the Androscoggin River in the Town of Rumford, Oxford County, Maine and has prepared a Final Environmental Assessment (FEA) for the project. No federal land is occupied by project works or located within the project boundary.

The FEA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the FEA via the internet through the Commission's Home Page (<http://www.ferc.gov>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.

You may also register online at <https://ferconline.ferc.gov/eSubscription.aspx> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any questions regarding this notice may be directed to Ryan Hansen at (202) 502-8074 or ryan.hansen@ferc.gov.

Dated: August 13, 2024.

[Docket No. CP24-509-000]]

Rockies Express Pipeline LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on August 7, 2024, Rockies Express Pipeline LLC (Rockies Express), 370 Van Gordon St., Lakewood, Colorado 80228, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.210 of the Commission's regulations under the Natural Gas Act (NGA), and Rockies Express' blanket certificate issued in Docket No. CP04-415-000, for authorization to increase its certificated mainline capacity by 80,000 dekatherms per day (Dth/d) by re-cylindering a reciprocating compressor unit (Unit 5300) at its Chandlersville Compressor Station in Muskingum County, Ohio (Re-cylindering Project). Specifically, Rockies Express proposes to decrease the size of Unit 5300's cylinder bore, which will allow the compressor to operate at a higher-pressure differential and lower suction pressure and thus increase station throughput. Rockies Express estimates the cost of the project to be approximately \$1,357,000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary.
