

from other Federal agencies, State governments, land grant universities, and other organizations that seek NASS's assistance in collecting agricultural data through surveys. Results from these surveys are important for the cooperators in carrying out their missions, as well as of general interest to the agricultural community. Results from these surveys will be made available to the public by NASS or the cooperators who fund them. This generic clearance seeks approval for NASS to conduct a variety of agricultural surveys which will be paid for entirely by cooperators. NASS anticipates the cooperator-funded surveys will cover topics such as: (1) farm management practices, (2) food safety, (3) workplace safety, (4) conservation and land use practices, (5) chemical use management practices, (6) crop quality, (7) agri-tourism, (8) local foods, and (9) other agricultural-related topics. This generic clearance is subject to the regular clearance process at OMB with a 60-day notice and a 30-day notice as part of the 120-day review period. Each individual cooperator-funded survey is then subject to a clearance process with an abbreviated clearance package which justifies the particular content of the survey, describes the sample design, provides the timeline for the survey activities, and the questionnaire. The review period for each individual survey is approximately 45 days, including a 30-day **Federal Register** notice period.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–113, 44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115–435, codified in 44 U.S.C. ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA. NASS uses the information only for statistical

purposes and publishes only tabulated total data.

Estimate of Burden: Public reporting burden for this information collection is estimated to average 30 minutes per response. Up to 10 individual surveys are included in this generic clearance to be conducted annually (total of 30). The estimated sample size for each of the 30 surveys is approximately 7,500. Each of the 30 surveys are expected to be conducted once annually. The estimated number of responses per respondent is 1. Publicity materials and instruction sheets will account for approximately 5 minutes of additional burden per respondent. Respondents who refuse to complete a survey will be allotted 2 minutes of burden per attempt to collect the data. NASS will conduct the surveys initially by mail and/or internet with phone follow-up for non-response. Face-to-face interviews may also be used in limited situations.

Respondents: Farmers and ranchers, and others associated with the agricultural industry.

Estimated Number of Respondents: 225,000.

Frequency of Responses: Once annually for each individual survey.

Estimated Total Burden on Respondents: The total estimated burden is 112,000 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, July 30, 2024.

If determined eligible, the application will be submitted to the National Office, where it will be reviewed and prioritized by ranking each application received in that quarter, from highest to lowest score order. SUPPLEMENTARY INFORMATION:

Background

On May 2, 2024 Commerce published in the **Federal Register** the *Preliminary Results* of the 2022-2023 administrative review¹ of the antidumping duty on tapered roller bearings and parts thereof, finished and unfinished (TRBs) from the People's Republic of China (China).² We invited interested parties to comment on the *Preliminary Results*.³ No interested party submitted comments.
