Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (89 FR 48904, June 10, 2024) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

Information Collection Request

Title: Adequacy Certification for Reception Facilities and Advance Notice—33 CFR part 158.

OMB Control Number: 1625-0045.

Summary: This information helps ensure that waterfront facilities are in compliance with reception facility standards. Advance notice information from vessels ensure effective management of reception facilities.

Need: Section 1905 of Title 33 U.S.C. gives the Coast Guard the authority to certify the adequacy of reception facilities in ports. Reception facilities are needed to receive waste from ships which may not discharge at sea. Under the regulations in 33 CFR part 158 there are discharge limitations for oil and oily waste, noxious liquid substances, plastics and other garbage.

Forms:

- CG-5401, Certificate of Adequacy for Reception Facility
- CG-5401A, Application for a Reception Facility Certificate of Adequacy (COA) for Oil, Form A
- CG-5401B, Application for a Reception Facility Certificate of Adequacy (COA) for Noxious Liquid Substance (NLS) Residues and Mixtures Containing NLS Residues, Form B
- CG-5401C, Application for a Reception Facility Certificate of Adequacy for Garbage, Form C

- CG-5401D, Application for a Reception Facility Certificate of Adequacy for Ozone Depletion Substances and Exhaust Gas Cleaning System Residue, Form D
- CG-5401X, Certificate of Adequacy (COA) Application

Why is the Coast Guard proposing a new form: The Coast Guard is adding a new optional form CG-5401X to streamline the application process. The new form may be used when a facility is applying for more than one COA type (*i.e.*, MARPOL Annex category). The COA types are—Oil Residue (Annex I), Noxious Liquid Substances (Annex II), Garbage (Annex V), Ozone Depleting Substances (Annex VI) and Exhaust Gas Cleaning Systems (Annex VI).

Respondents: Owners and operators of reception facilities, and owners and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has decreased from 4,167 hours to 3,963 hours a year, due to the estimated decrease in time to complete a COA application.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. *et seq.*, chapter 35, as amended.

Dated: August 23, 2024.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.
