### Agricultural Marketing Service

*Title:* Regulations Governing the Voluntary Grading of Shell Eggs, Poultry Products, and Rabbit Products—7 CFR parts 54, 56, 62 and 70.

*OMB Control Number:* 0581-0128.

*Summary of Collection:* The Agricultural Marketing Act of 1946 (60 Stat. 1087-1091, as amended; 7 U.S.C. 1621-1627) hereinafter referred to as the "Act," authorizes the Secretary of Agriculture to provide consumers with voluntary Federal grading and certification services that facilitate the marketing of agricultural commodities. The Quality Assessment Division (QAD) provides these services under the authority of 7 CFR parts 54, 56, and 70.

The regulations provide a voluntary program for grading and certification services based on U.S. standards, grades, and weight classes to enable orderly marketing of the corresponding agricultural products. The regulation in 7 CFR part 62—AMS Audit Verification and Accreditation Programs (AVAAP) is

a collection of voluntary, audit-based, user-fee funded programs that allow applicants to have program documentation and program processes assessed by Agricultural Marketing Service (AMS) auditor(s) and other USDA officials. Services are made available to respondents who request it and provided on a user fee-for-service basis. The Regulations provide provisions for the collection of fees from users of QAD services. To facilitate QAD services, a minimal amount of information collection and/or documentation is required using Forms LP-109, LP-110, LP-157, LP-210P, LP-210S, LP-234, LP-240P, and LP-240S. Information on these forms is collected only from respondents who elect to utilize QAD voluntary user fee-for-service.

*Need and Use of the Information:* Using forms LPS-109, LPS-110, LPS-157, LPS-240P, LPS-240S, LPS-210P, LPS-210S and LPS-234, information is collected only from respondents who elect to utilize this voluntary user fee-for-service. Only authorized representatives of the USDA use the information collected. The information is used to administer, conduct and carry out the grading services requested by the respondents. If the information were not collected, the agency would not be able to provide the voluntary grading services authorized and requested by congress, provide the types of services requested by industry, administer the program, ensure properly grade-labeled products, calculate the cost of the service or collect for the cost furnishing service.

*Description of Respondents:* Business or other for profit, Farms.

*Number of Respondents:* 1,483.

*Frequency of Responses:* Reporting: On occasion; Semi-annually; Monthly; Annually; Other (daily).
