SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in

the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. (19 U.S.C. 1337(d)(1)). A similar provision applies to cease and desist orders. (19 U.S.C. 1337(f)(1)).

The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation, specifically: a limited exclusion order directed to certain vaporizer devices, cartridges used therewith, and components thereof imported, sold for importation, and/or sold after importation by respondents (1) NJOY, LLC of Phoenix, Arizona; (2) NJOY Holdings, Inc. of Scottsdale, Arizona; (3) Altria Group, Inc. of Richmond, Virginia; (4) Altria Group Distribution Company of Richmond, Virginia; and (5) Altria Client Services LLC of Richmond, Virginia (collectively, “Respondents”); and cease and desist orders directed to Respondents. The Commission is interested in further development of the record on the public interest in this investigation. Accordingly, members of the public and interested government agencies are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the ALJ’s Recommended Determination on Remedy and Bonding issued in this investigation on August 23, 2024. Comments should address whether issuance of the recommended remedial orders in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) explain how the articles potentially subject to the recommended remedial orders are used in the United States;
- (ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;
- (iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) indicate whether complainant, complainant’s licensees, and/or third-

party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and

(v) explain how the recommended orders would impact consumers in the United States.

Written submissions must be filed no later than by close of business on September 24, 2024.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. The Commission’s paper filing requirements in 19 CFR 210.4(f) are currently waived. 85 FR 15798 (Mar. 19, 2020). Submissions should refer to the investigation number (“Inv. No. 337–TA–1368”) in a prominent place on the cover page and/or the first page. Overview of This Information Collection

1. *Type of Information Collection:* Revision of a currently approved collection.
2. *Title of the Form/Collection:* 2025 School Crime Supplement (SCS) to the National Crime Victimization Survey (NCVS).
3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number for the

The SCS collects information on the students' victimization, perceptions of school environment, and safety at school. The SCS includes questions on preventive measures used by schools; students' participation in after school activities; students' perceptions of safety and belonging in schools; students' perception of school rules and enforcement of these rules; the presence of weapons, illegal and prescription drugs including opioids, alcohol, and gangs in school; student bullying; hate-related incidents; and attitudinal questions relating to the fear of victimization at school. Minor edits were made to the 2022 SCS questionnaire for the 2025 administration. Some items were removed as they were not applicable in 2025.
