Abstract: The collection of the information on the “Create/Update Importer Identity Form”, commonly referred to as “CBP Form 5106,” is the basis for establishing bond coverage, release and entry of merchandise, liquidation, and the issuance of bills and refunds. Members of the trade community use the Create/Update Importer Identification Form to register an entity as an Importer of Record (IOR) in the Automated Commercial Environment (ACE). Registering as IOR with CBP is required if an entity intends to transact Customs business and be involved as an importer, consignee/ultimate consignee, any individual or organization involved as a party, such as 4811 party, or sold to party on an informal or formal entry. Collecting this information from the importer enables CBP to verify the identity of the importers and meet regulatory requirements for collecting information.

This form is also filed for the ultimate consignee for whom an entry is being made.
