

FEDERAL MARITIME COMMISSION

[DOCKET NO. 24–27]

Notice of Filing of Complaint and Assignment; INTERNATIONAL LUMBER IMPORTS, INC., Complainant v. CEVA FREIGHT, LLC; ZIM INTEGRATED SHIPPING SERVICE LTD.; AND ZIM AMERICAN INTEGRATED SHIPPING SERVICES COMPANY CO. LLC, Respondents

Served: August 23, 2024.

Notice is given that a complaint has been filed with the Federal Maritime Commission (the “Commission”) by International Lumber Imports, Inc. (the “Complainant”) against CEVA Freight, LLC; ZIM Integrated Shipping Service Ltd.; and ZIM American Integrated Shipping Services Company Co. LLC. Complainant states that the Commission has subject matter jurisdiction over the complaint pursuant to the Shipping Act of 1984, as amended, 46 U.S.C. 40101 *et seq.*, personal jurisdiction over ZIM Integrated Shipping Service Ltd. and ZIM American Integrated Shipping Services Company Co. LLC (“Respondent ZIM”) as a common carrier and a vessel-operating ocean common carrier, as these terms are defined in 46 U.S.C. 40102, and personal jurisdiction over CEVA Freight, LLC when acting as a regulated entity by attempting to pass through detention charges subject to the complaint.

Complainant is a corporation organized and existing under the laws of the State of Florida with its principal place of business in Sarasota, Florida.

Complainant identifies Respondent CEVA Freight, LLC as having an address in Miami, Florida and as acting as a delivery agent for Pyramid Lines Ltd., d/b/a Pyramid Lines, and as consignee on Respondent ZIM bills of lading for the shipments that are subject to the complaint.

Complainant identifies Respondent ZIM Integrated Shipping Service Ltd. as a global ocean carrier with a corporate address in Haifa, Israel, and as conducting business in the United States through ZIM American Integrated Shipping Services Company Co. LLC, with its principal corporate office in Norfolk, Virginia.

Complainant alleges that Respondent ZIM violated 46 U.S.C. 41102(c) and 46 CFR 545.5. Complainant alleges these violations arose from the assessment of detention charges during the period in which the containers were subject to a government hold, the assessment of demurrage charges that serve no incentivizing principle and do not

promote freight fluidity, and a refusal to extend free time or waive or reduce demurrage charges for containers that were unavailable for pickup.

Complainant alleges that Respondent CEVA Freight, LLC is interwound with the violations of Respondent ZIM and is a necessary and indispensable party.

An answer to the complaint must be filed with the Commission within 25 days after the date of service.

The full text of the complaint can be found in the Commission’s electronic Reading Room at <https://www2.fmc.gov/readingroom/proceeding/24-27/>. This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding judge shall be issued by August 25, 2025, and the final decision of the Commission shall be issued by March 11, 2026.

David Eng,
Secretary.

BILLING CODE 6730–02–P**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Centers for Disease Control and Prevention****[60Day-24–0020; Docket No. CDC–2024–0060]****Proposed Data Collection Submitted for Public Comment and Recommendations**

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Coal Workers’ Health Surveillance Program (CWHSP). The CWHSP is a congressionally-mandated medical examination program for monitoring the health of coal miners and was originally established under the Federal Coal Mine Health and Safety Act of 1969 with all subsequent amendments (the Act).

DATES: CDC must receive written comments on or before November 4, 2024.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2024–0060 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, MS H21–8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329; Telephone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who
