The requestor will receive instructions related to the public comment process for this meeting after the request is received. A public comment period follows the CPSTF's discussion of each systematic review and will be limited to no more than three minutes per person. Public comments may be used to inform task force discussions and will be included in the meeting summary.

Background on the CPSTF: The CPSTF is an independent, nonfederal panel whose members are appointed by the CDC Director. CPSTF members represent a broad range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health. The CPSTF was convened in 1996 by HHS to identify community preventive programs, services, and policies that increase health and longevity, save lives and dollars, and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the operations of the CPSTF. During its meetings, the CPSTF considers the findings of systematic reviews of existing research and practice-based evidence and issues recommendations. CPSTF recommendations are not mandates for compliance or spending. Instead, they provide information about evidence-based options that decision makers and affected community members can consider when they are determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents. The CPSTF's recommendations, along with the systematic reviews of the evidence on which they are based, are compiled on the Community Guide website (www.thecommunityguide.org).

Matters proposed for discussion: The agenda will consist of deliberation on systematic reviews of literature. Topics proposed for the October 2024 meeting include substance use, injury prevention, and social determinants of health. Changes regarding the start and

end times for each day, and any updates to agenda topics, will be available on the Community Guide website (www.thecommunityguide.org) closer to the date of the meeting.

The meeting agenda is subject to change without notice.

Noah Aleshire,

Chief Regulatory Officer, Centers for Disease Control and Prevention.
