The NRC is issuing for public comment draft Supplement 61 to the GEIS for License Renewal of Nuclear Plants, NUREG-1437, regarding the proposed renewal of Renewed Facility Operating License No. NPF-58, for an additional 20 years of operation for Perry Plant. Draft site-specific Supplement 61 to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC staff's preliminary recommendation is that the adverse environmental impacts of license renewal for Perry Plant are not so great that preserving the option of license renewal for energy-planning decisionmakers would be unreasonable.

OFFICE OF PERSONNEL MANAGEMENT

Privacy Act of 1974; System of Records

AGENCY: U.S. Office of Personnel Management, Healthcare and Insurance.

ACTION: Notice of modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Office of Personnel Management (OPM) proposes to modify the current system of records titled "OPM/Central-23 FEHB Program Enrollment Records." This system of records contains information about enrollees and their family members, who are or have been covered under the Federal Employees Health Benefits (FEHB) Program. The modification is necessary to add categories of records and record source categories to the system of records based upon information exchange necessary to implement the Postal Service Health Benefits (PSHB) Program and meet requirements under the Postal Service Reform Act of 2022 (PSRA). The modification is also necessary to clarify in the Purposes section that references in the system of records to the "FEHB Program" or "FEHB" will encompass the PSHB Program, a separate program within the FEHB Program. In addition, OPM is taking this opportunity to clarify two existing routine uses and make a

technical correction to the Administrative, Technical, and Physical Safeguards section. We have also updated the policies and practices for retention and disposal of records to reflect that a new schedule that will incorporate Postal Service records is currently under review by the National Archives and Records Administration (NARA).

DATES: Please submit comments on or before October 7, 2024. This new system is effective upon today's publication in the **Federal Register**, with the exception of new or modified routine uses, which are effective October 11, 2024.

ADDRESSES: You may submit written comments by one of the following methods:

- *Federal Rulemaking Portal*: <https://www.regulations.gov>. Follow the instructions for submitting comments. All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

- *Mail*: Padma Babubhai Shah, Senior Policy Analyst, Healthcare and Insurance, Office of Personnel Management, Suite 3468, 1900 E Street NW, Washington, DC 20415.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact Padma Babubhai Shah, Senior Policy Analyst, 202-606-4056. For privacy questions, please contact Kirsten J. Moncada, Senior Agency Official for Privacy, privacy@opm.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Office of Personnel Management proposes to modify a system of records titled "OPM/Central-23, FEHB Program Enrollment Records." This system of records supports OPM's administration of the Federal Employees Health Benefits (FEHB) Program and contains information about enrollees and their family members, who are or have been covered under the FEHB Program. The records are used for business processes related to eligibility verification, enrollment transactions, enrollment reconciliation, and premium collection; and to support the evaluation of the effectiveness of the FEHB Program through statistical analysis, policy planning, and reporting. To effectuate these purposes, OPM also uses contracts and interagency agreements.
