I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the Market Dominant or the Competitive product list, or the modification of an existing product currently appearing on the Market Dominant or the Competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern Market Dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern Competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100963; File No. SR-NYSE-2024-49]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the Existing Note in the Connectivity Fee Schedule

September 6, 2024.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on August 27, 2024, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory

³ 17 CFR 240.19b-4.

organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the existing note in the Connectivity Fee Schedule ("Fee Schedule") regarding cabinet and combined waitlists. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the existing note in the Fee Schedule regarding cabinet and combined waitlists.

Background

Shortly after the onset of the Covid-19 pandemic, the Exchange began experiencing unprecedented User⁴ demand for cabinets and power at the Mahwah, New Jersey data center ("MDC").⁵ In order to manage its

⁴ For purposes of the Exchange's colocation services, a "User" means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by NYSE American LLC, NYSE Arca, Inc., NYSE Chicago, Inc. and NYSE National, Inc. (together, the "Affiliate SROs"). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the changes described herein. See SR-NYSEAMER-2024-52, SR-NYSEARCA-2024-71, SR-NYSECHX-2024-27, and SR-NYSEENAT-2024-24.

⁵ Through its Fixed Income and Data Services ("FIDS") (previously ICE Data Services) business,

inventory, in late 2020, the Exchange filed to create purchasing limits and a waitlist for cabinet orders ("Cabinet Waitlist").⁶ In early 2021, the Exchange filed to create additional purchasing limits and a waitlist for orders for additional power in the MDC.⁷

In 2021 and 2022, the Exchange expanded the amount of space and power available in the MDC by opening a new colocation hall (*i.e.*, Hall 4). ICE is currently expanding the amount of colocation space and power available at the MDC through a new colocation hall (*i.e.*, Hall 5).

The Exchange subsequently amended the Fee Schedule to provide an alternative procedure by which the Exchange can allocate power in the Mahwah Data Center via deposit-guaranteed orders from Users made within a 90-day "Ordering Window."⁸ The Ordering Window procedure was designed with the goal of addressing both (a) whether customer demand would support additional expansion projects to provide further power, and (b) the fact that previous procedures in the Fee Schedule were not well-tailored to allocating large amounts of power that become available all at once, such as when a new colocation hall opens.⁹ Orders received during an Ordering Window are not considered finalized until the Exchange has received the User's signed order form and a deposit equal to two months' worth of the monthly recurring costs of the amount of new power ordered.

The Exchange had a power and cabinet waitlist ("Combined Waitlist") in place before the Ordering Window. The Exchange found that when the Combined Waitlist was in effect, approximately 2/3 of its offers of power were rejected. Users further down the Combined Waitlist received power only after those higher up the Combined

Intercontinental Exchange, Inc. ("ICE") operates the MDC. The Exchange and the Affiliate SROs are indirect subsidiaries of ICE.

Waitlist were offered the power and rejected it. As a result, the Users that actually wanted power received it only after a delay that lasted weeks or even months.

Proposed Changes

In response, the Exchange proposes to amend Fee Schedule Colocation Note 7 (Cabinet and Combined Waitlists) ("Note 7") to require that Users wanting to be placed on a waitlist must guarantee their order with a deposit.¹⁰ Requiring Users to submit deposits with their orders in order to be placed on the waitlist would help avoid delays for Users further down the list, by encouraging Users to carefully assess their true power and cabinet needs and protecting against Users ordering more power or cabinets than they actually intend to purchase. Requiring Users to submit deposits along with their orders was approved by the Commission in the Exchange's Ordering Window filing,¹¹ and so the deposit requirement here would not be novel.

To implement the change, Note 7(a), which sets forth the practices the Exchange follows for a Cabinet Waitlist, would be revised to provide that a User would be placed on the Cabinet Waitlist based on the date its finalized order is received, and that a User's order would be finalized when the Exchange receives (a) User's signed order form and (b) a deposit equal to two months' worth of the monthly recurring costs of the power requested for the cabinets ordered.¹²

Note 7(b), which sets forth the practices the Exchange follows for a Combined Waitlist, similarly would be revised to provide that a User would be placed on the Combined Waitlist based on the date its finalized order for cabinets and/or additional power is received, and that a User's order would be finalized when the Exchange receives (a) User's signed order form and (b) a deposit equal to two months' worth of the monthly recurring costs of (i) the power requested for the cabinets

¹⁰ The proposed change would not apply to Users that are already on a waitlist at the time the proposed change becomes operative.

¹¹ See Ordering Window Approval Order, *supra* note 8.

¹² Because monthly charges are calculated based on power, not on cabinets, the Exchange proposes to calculate the deposit based on the power requested for the cabinets ordered. In such a case, the deposit would be calculated as (a) the number of kilowatts allocated to the cabinets the User is ordering, multiplied by (b) the appropriate "Per kW Monthly Fee" as indicated in the Connectivity Fee Schedule. The Per kW Monthly Fee is a factor of the total number of kilowatts allocated to all of a User's dedicated cabinets and varies based on the total kilowatts allocated to a User.

ordered and/or (ii) the additional power ordered.¹³

Note 7(a) and (b) would be revised to provide that:

- If a User changes the size of its order while it is on the Cabinet or Combined Waitlist, as the case may be, and any additional deposit is received by the Exchange, it will maintain its place, provided that the User may not increase the size of its order such that it would exceed the Cabinet Limits or Combined Limits, as applicable.
- If a User wishes to reduce the size of its order while it is on the Cabinet or Combined Waitlist, its deposit would not be reduced or returned, but rather would be applied against the User's first and subsequent months' invoices after cabinets are, and/or the power is, delivered until the deposit is depleted.
- If the User removes its order from the Cabinet Waitlist or Combined Waitlist, its deposit will be returned.
- A User that is removed from the Cabinet or Combined Waitlist but subsequently submits a new finalized order for cabinets and/or additional power will be added back to the bottom of the waitlist.
- The deposit will be applied to the User's first and subsequent months' invoices after the cabinets are and/or additional power is delivered until the deposit is completely depleted.

General

The proposed changes would not apply differently to distinct types or sizes of market participants. Rather, they would apply to all Users equally. As is currently the case, the Fee Schedule would be applied uniformly to all Users. FIDS does not expect that the proposed rule change will result in new Users.

The proposed changes are not otherwise intended to address any other issues relating to co-location services and/or related fees, and the Exchange is not aware of any problems that customers would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹⁴ in general, and furthers the objectives of Section 6(b)(5)

of the Act,¹⁵ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange further believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,¹⁶ because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers.

The Proposed Change Is Reasonable

The Exchange believes that the proposed change is reasonable because requiring Users to submit deposits with their orders in order to be placed on the waitlist would help avoid delays for Users further down the list, by encouraging Users to carefully assess their true power and cabinet needs and protecting against Users ordering more power or cabinets than they actually intend to purchase. Without firm, guaranteed commitments from waitlisted Users to purchase cabinets or power if made available, the Exchange runs the risk of overestimating waitlisted Users' true demand, creating delays for Users further down the list. The proposed deposit requirement would address this by discouraging waitlisted Users from submitting orders for more cabinets or power than they actually intend to purchase.

The proposed deposit requirement is reasonable because, on the one hand, it is not so onerous as to dissuade Users from submitting orders, and, on the other hand, it is not so trivial that it would fail to deter Users from submitting exaggerated orders. It is substantially similar to the deposit provision already required under the Ordering Window, and as such, the deposit requirement here would not be novel.¹⁷

In addition, the Exchange believes that the proposed change is reasonable because the deposit is proportional to the size of the order, and not a fixed amount. As a result, smaller Users would not be disproportionately affected by the deposit requirement.

Under the proposed procedure, if a User wishes to reduce an order while on a waitlist, its deposit would not be reduced or returned, but rather would be applied against the User's first and subsequent months' invoices after the cabinets are, or the power is, delivered until the deposit is completely depleted. The Exchange believes that this would remove impediments and perfect the mechanism of a free and open market and a national market system because a waitlisted User would be reimbursed for all of its deposit even if it reduces its order. This would remove any incentive a User otherwise might have to understate its needs for cabinets and/or power out of a concern that it would not be reimbursed for the full amount of its deposit.

The Proposed Change Is Equitable and Not Unfairly Discriminatory

The Exchange believes that the proposed change provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The proposed changes would apply equally to all types and sizes of market participants. All Users would receive equal notice of the deposit requirement through the proposed changes to Note 7, and the deposit requirement would be the same for all Users. Smaller Users with more modest power needs would not be disadvantaged by the proposed changes, as the deposit is proportional to the size of the order and not a fixed amount.

The proposed deposit requirement is equitable because, on the one hand, it is not so onerous as to dissuade Users from submitting orders, and, on the other hand, it is not so trivial that it would fail to deter Users from submitting exaggerated orders. It is

application fee as part of the process for listing a new security on the exchange. This fee functions as a deposit that is credited toward the issuer's listing fees after it is listed on the exchange. The deposit functions as "a disincentive for impractical applications by issuers." The deposit is forfeited if the issuer does not ultimately list on the exchange. See Securities Exchange Act Release No. 68470 (December 19, 2021), 77 FR 76116 at 76117 (December 26, 2012) (SR-NYSE-2012-68).

¹³ The deposit would be calculated as (a) the number of kilowatts allocated to the cabinets the User is ordering, if any, plus the number of kilowatts of additional power, multiplied by (b) the appropriate "Per kW Monthly Fee" as indicated in the Connectivity Fee Schedule. The Per kW Monthly Fee is a factor of the total number of kilowatts allocated to all of a User's dedicated cabinets and varies based on the total kilowatts allocated to a User.

¹⁴ 15 U.S.C. 78f(b).

¹⁵ 15 U.S.C. 78f(b)(5).

¹⁶ 15 U.S.C. 78f(b)(4).

¹⁷ See Ordering Window Approval Order, *supra* note 8. The NYSE requires market participants to submit deposits in other contexts as well. For example, since 2012, the NYSE has required prospective issuers to pay a \$25,000 initial

substantially similar to the deposit provision already required under the Ordering Window, and as such, the deposit requirement here would not be novel.¹⁸

Under the proposed procedure, if a User wishes to reduce an order while on a waitlist, its deposit would not be reduced or returned, but rather would be applied against the User's first and subsequent months' invoices after the cabinets are, or the power is, delivered until the deposit is completely depleted. The Exchange believes that this is equitable because a waitlisted User would be reimbursed for all of its deposit even if it reduces its order. This would remove any incentive a User otherwise might have to understate its needs for cabinets and/or power out of a concern that it would not be reimbursed for the full amount of its deposit.

For the reasons above, the proposed changes do not unfairly discriminate between or among market participants that are otherwise capable of satisfying any applicable co-location fees, requirements, terms, and conditions established from time to time by the Exchange.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposal will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of Section 6(b)(8) of the Act.¹⁹

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to help avoid delays for waitlisted Users, by encouraging Users to carefully assess their true power and cabinet needs and protecting against Users ordering more power or cabinets than they actually intend to purchase. Without firm, guaranteed commitments from waitlisted Users to purchase cabinets or power if made available, the Exchange runs the risk of overestimating waitlisted Users' true demand, creating delays for Users further down the list. The proposed deposit requirement would address this by discouraging waitlisted Users from submitting orders for more cabinets or power than they actually intend to purchase, thereby

facilitating a more equitable distribution of cabinets and power. Moreover, the Ordering Window already requires a deposit, and as such, the deposit requirement here would not be novel.²⁰

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act²¹ and Rule 19b-4(f)(6) thereunder.²² Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.²³

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²⁴ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

²² 17 CFR 240.19b-4(f)(6).

²³ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
