

(2) Provide privacy for counseling services and confidentiality of client records; and

(3) Provide accessibility features or make alternative accommodations for persons with disabilities, in accordance with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), 24 CFR parts 8 and 9, and the Americans with Disabilities Act (42 U.S.C. 12101 *et seq.*).

\* \* \* \* \*

■ 3. In § 214.300:

■ a. Revise paragraph (a)(3);

■ b. Redesignate paragraphs (a)(4) through (9) as paragraphs (5) through (10) respectively; and

■ c. Add new paragraph (a)(4).

The revision and addition read as follows:

§ 214.300 Counseling Services.

(a) \* \* \*

(3) Counseling may take place at the housing counseling agency facility or at an alternate location, and may be conducted by telephone, or via collaborative online software. Agencies must ensure that any telephonic or collaborative online software, or any form of counseling, is accessible for persons with disabilities, in accordance with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), 24 CFR parts 8 and 9, and the Americans with Disabilities Act (42 U.S.C. 12101 *et seq.*). All agencies participating in HUD's Housing Counseling program must, upon a client's request, refer clients to participating agencies that provide in-person counseling services in accordance with § 214.303(e).

(4) Regardless of setting or format, all participating agencies must continue to meet the requirements of § 214.103(d), 214.103(g), and 214.103(h).

\* \* \* \* \*

Julia R. Gordon,

Assistant Secretary for Housing—Federal Housing Commissioner.

BILLING CODE 4210-67-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2024-0852]

Safety Zones; Annual Events in the Captain of the Port Eastern Great Lakes Zone

AGENCY: Coast Guard, DHS.

**ACTION:** Notification of enforcement of regulation.

**SUMMARY:** The Coast Guard will enforce a safety zone for the Blazing Paddles Paddlefest 2024 marine event on September 15, 2024. Due to adverse heat conditions on June 22, 2024, the original event was cancelled and has been rescheduled for September 15, 2024. Additionally, the event course on the Cuyahoga River was altered to a reduced scale to accommodate the schedule change. The event course will be between the following positions: 41°29'54.2" N 081°42'18.1" W and 41°29'22.2" N 081°40'52.2" W. This action is necessary and intended for the safety of life and property on navigable waters during this event. During the enforcement period, no person or vessel may enter the respective safety zone without the permission of the Captain of the Port Eastern Great Lakes or a designated representative.

**DATES:** The regulations listed in 33 CFR 165.939 Table 165.939, will be enforced for the following event during the date and time indicated below:

(a)(7) Blazing Paddles (Blazing Paddles Paddlefest 2024)—from 10:00 a.m. through 3:00 p.m. on September 15, 2024.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this notice of enforcement, call or email Petty Officer Cody Mayrer at Marine Safety Unit Cleveland's Waterways Management Division; telephone 216-937-0111, email *D09-SMB-MSUCLEVELAND-WWM@uscg.mil*

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce this safety zone for the Blazing Paddles annual event in the Captain of the Port Eastern Great Lakes Zone listed in 33 CFR 165.939, Table 165.939. Pursuant to 33 CFR 165.23, entry into, transiting, or anchoring within this safety zone during the enforcement period is prohibited unless authorized by the Captain of the Port Eastern Great Lakes or his designated representative. Those seeking permission to enter the safety zone may request permission from the Captain of Port Eastern Great Lakes via channel 16, VHF-FM. Vessels and persons granted permission to enter the safety zone shall obey the directions of the Captain of the Port Eastern Great Lakes or his designated representative. While within a safety zone, all vessels shall operate at the minimum speed necessary to maintain a safe course.

This notice of enforcement is issued under authority of 33 CFR 165.939 and 5 U.S.C. 552(a). In addition to this notice of enforcement in the **Federal**

**Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via Broadcast Notice to Mariners or Local Notice to Mariners. If the Captain of the Port Eastern Great Lakes determines that the safety zone need not be enforced for the full duration stated in this notice, the Broadcast Notice to Mariners will be cancelled. This notification is being issued by the Coast Guard Sector Eastern Great Lakes Prevention Department Head at the direction of the Captain of the Port.

Dated: September 9, 2024.

J.B. Bybee,

Commander, U.S. Coast Guard, Sector Eastern Great Lakes Prevention Department Head.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R05-OAR-2023-0481; FRL-11913-02-R5]

Air Plan Approval; Indiana; Sulfur Dioxide

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving a revision to the monitoring and compliance requirements for certain process heater stacks at Safety-Kleen Oil Recovery Company in Lake County, Indiana (Safety-Kleen). EPA is also approving small language clarifications and equipment listing revisions for Safety-Kleen in the Indiana SIP for sulfur dioxide (SO<sub>2</sub>). EPA proposed to approve this action on June 24, 2024, and received no adverse comments.

**DATES:** This final rule is effective on October 16, 2024.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2023-0481. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI), Proprietary Business Information (PBI), or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are

available either through <https://www.regulations.gov> or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Anthony Maietta at (312) 353-8777 before visiting the Region 5 office.

**FOR FURTHER INFORMATION CONTACT:** Anthony Maietta, Air and Radiation Division (AR18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8777, [maietta.anthony@epa.gov](mailto:maietta.anthony@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

## I. Background Information

On June 24, 2024 (89 FR 52413), EPA proposed to approve revisions to Title 326 of the Indiana Administrative Code (326 IAC), Article 7-4.1-16 (*Sulfur Dioxide Emission Limitations, Lake County Sulfur Dioxide Limitations, Safety-Kleen Oil Recovery Company sulfur dioxide emission limitations*) as contained in Indiana’s September 11, 2023, submittal and clarified through a March 11, 2024, letter to EPA. 326 IAC 7-4.1-16 was revised to codify provisions of an October 20, 2021, Agreed Order into the Indiana SIP. IDEM also revised 326 IAC 7-4.1-16 to reflect equipment changes at the facility in its title V operating permit. An explanation of the Clean Air Act (CAA) requirements, a detailed analysis of the revisions, and EPA’s reasons for proposing approval were provided in the notice of proposed rulemaking and will not be restated here. The public comment period for this proposed rule ended on July 24, 2024. EPA received no comments on the proposal. Therefore, we are finalizing our action as proposed.

## II. Final Action

EPA is approving into the Indiana SIP revisions to 326 IAC 7-4.1-16, effective August 11, 2023, as contained in Indiana’s September 11, 2023, submittal and clarified through a March 11, 2024, letter to EPA.

## III. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of the Indiana Regulations described in section II of this preamble

and set forth in the amendments to 40 CFR part 52 below. EPA has made, and will continue to make, these documents generally available through <https://www.regulations.gov>, and at the EPA Region 5 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference in the next update to the SIP compilation.<sup>1</sup>

## IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993), and 14094 (88 FR 21879, April 11, 2023);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a state program;
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA.

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian Tribe has demonstrated that a Tribe has jurisdiction. In those areas of Indian country, the rule does not have Tribal implications and will not impose substantial direct costs on Tribal governments or preempt Tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 12898 (Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations, 59 FR 7629, February 16, 1994) directs Federal agencies to identify and address “disproportionately high and adverse human health or environmental effects” of their actions on communities with environmental justice (EJ) concerns to the greatest extent practicable and permitted by law. EPA defines EJ as “the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies.” EPA further defines the term fair treatment to mean that “no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative environmental consequences of industrial, governmental, and commercial operations or programs and policies.”

The Indiana Department of Environmental Management did not evaluate EJ considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this action. Due to the nature of the action being taken here, this action is expected to have a neutral to positive impact on the air quality of the affected area. Consideration of EJ is not required as part of this action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving environmental justice for communities with EJ concerns.

This action is subject to the Congressional Review Act, and EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

<sup>1</sup> 62 FR 27968 (May 22, 1997).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 15, 2024. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. (See section 307(b)(2).)

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 635**

[Docket No. 220919–0193; RTID 0648–XE277]

**Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Fisheries; Closure of the General Category September Fishery for 2024**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS closes the General category fishery for Atlantic bluefin tuna (BFT) for the remainder of the September time period. The General category may only retain, possess, or land large medium and giant (*i.e.*, measuring 73 inches (185 centimeters (cm) curved fork length (CFL) or greater) BFT when open. This action applies to Atlantic Tunas General category (commercial) permitted vessels and Atlantic highly migratory species (HMS) Charter/Headboat permitted vessels with a commercial sale endorsement when fishing commercially for BFT.

This action also waives the previously scheduled restricted-fishing days (RFDs) for the remainder of the September time period. With the RFDs waived during the closure, fishermen aboard General category permitted vessels and HMS Charter/Headboat permitted vessels may tag and release BFT of all sizes, subject to the requirements of catch-and-release and tag-and-release programs. On October 1, 2024, the fishery will reopen automatically and previously scheduled RFDs for October will resume.

**DATES:** Effective 11:30 p.m., local time, September 12, 2024, through September 30, 2024.

**FOR FURTHER INFORMATION CONTACT:** Ann Williamson, [ann.williamson@noaa.gov](mailto:ann.williamson@noaa.gov), or Larry Redd, Jr., [larry.redd@noaa.gov](mailto:larry.redd@noaa.gov), 301–427–8503.

**SUPPLEMENTARY INFORMATION:** Atlantic BFT fisheries are managed under the 2006 Consolidated HMS Fishery Management Plan (FMP) and its amendments, pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and consistent with the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*). HMS implementing regulations are at 50 CFR part 635. Section 635.27(a) divides the U.S. BFT quota, established by the International Commission for the Conservation of Atlantic Tunas (ICCAT) and as implemented by the United States among the various domestic fishing

categories, per the allocations established in the 2006 Consolidated HMS FMP and its amendments. NMFS is required under the Magnuson-Stevens Act at 16 U.S.C. 1854(g)(1)(D) to provide U.S. fishing vessels with a reasonable opportunity to harvest quotas under relevant international fishery agreements such as the ICCAT Convention, which is implemented domestically pursuant to ATCA.

Under § 635.28(a)(1), NMFS files a closure action with the Office of the Federal Register for publication when a BFT quota (or subquota) is reached or is projected to be reached. Retaining, possessing, or landing BFT under that quota category is prohibited on or after the effective date and time of a closure action for that category until the opening of the relevant subsequent quota period or until such date as specified.

As described in § 635.27(a), the current baseline U.S. BFT quota is 1,316.14 metric tons (mt) (not including the 25 mt ICCAT allocated to the United States to account for bycatch of BFT in pelagic longline fisheries in the Northeast Distant Gear Restricted Area per § 635.27(a)(3)). The General category baseline quota is 710.7 mt. The General category baseline quota is suballocated to time periods. Relevant to this action, the baseline subquota for the September time period is 188.3 mt.
