

Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On September 6, 2024, the petitioner<sup>3</sup> submitted a timely request that Commerce postpone the preliminary determination in the LTFV investigation.<sup>4</sup> The petitioner stated that it requested postponement due to the “size and complexity of the investigation.”<sup>5</sup>

For the reason stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination by 50 days (*i.e.*, 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than November 26, 2024. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: September 11, 2024.

**Ryan Majerus,**

*Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

**BILLING CODE 3510-DS-P**

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

[RTID 0648-XE267]

**Pacific Fishery Management Council; Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The Pacific Fishery Management Council (Pacific Council) will convene a joint meeting of the Salmon Technical Team (STT) and the Scientific and Statistical Committee's Salmon Subcommittee (SSC-SC). The Model Evaluation Workgroup (MEW) and Sacramento River Fall Chinook Workgroup (SRWG) may also contribute and participate in this meeting.

**DATES:** The online meeting will be held Friday, October 4, 2024, from 9:30 a.m. until 4:30 p.m., Pacific daylight time, or until business for the day has been completed.

**ADDRESSES:** This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see [www.pcouncil.org](http://www.pcouncil.org)). You may send an email to Mr. Kris Kleinschmidt ([kris.kleinschmidt@noaa.gov](mailto:kris.kleinschmidt@noaa.gov)) or contact him at (503) 820-2412 for technical assistance.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Angela Forristall, Staff Officer, Pacific Council; telephone: (503) 820-2419.

**SUPPLEMENTARY INFORMATION:** The purpose of the meeting is to conduct a salmon methodology review to discuss and review proposed changes to analytical methods used in salmon management. Topics will be proposed at the September 2024 Pacific Council meeting. If time allows additional topics may be discussed, including but not limited to, future Pacific Council agenda items and salmon-related topics of interest to the STT and SSC-SC. The STT and SSC-SC will report on the outcomes of the meeting to the Pacific Council at their November Council meeting.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this

meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

**Special Accommodations**

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt ([kris.kleinschmidt@noaa.gov](mailto:kris.kleinschmidt@noaa.gov); (503) 820-2412) at least 10 days prior to the meeting date.

*Authority:* 16 U.S.C. 1801 *et seq.*

Dated: September 12, 2024.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Queen Conch Reporting Form**

**AGENCY:** National Oceanic & Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of information collection, request for comment.

**SUMMARY:** The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before November 18, 2024.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at [NOAA.PRA@noaa.gov](mailto:NOAA.PRA@noaa.gov). Please reference OMB Control Number 0648-XXXX in the subject line of your comments. All comments received are

part of the public record and will generally be posted on <https://www.regulations.gov> without change. Do not submit Confidential Business Information or otherwise sensitive or protected information.

**FOR FURTHER INFORMATION CONTACT:**

Requests for additional information or specific questions related to collection activities should be directed to Orian Tzadik, Natural Resource Specialist, National Marine Fisheries Service, Southeast Regional Office, USCG Air station Borinquen, 260 Guard Road, Aguadilla, PR 00603, (813)-906-0353, and [Orain.Tzadik@noaa.gov](mailto:Orain.Tzadik@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This is a request for a new collection of information. The Protected Resources Division of the National Marine Fisheries Service's Southeast Regional Office will be collecting Queen Conch (*strombus gigas*) data under the authority of the Endangered Species Act of 1973, as amended. Data will be requested via an online form that will be provided to action agencies during the ESA Section 7 consultation process. Federal action agencies will ensure a survey is conducted as a condition of their permitted projects. Collection of monitoring data is consistent with ESA Section 7 consultation requirements, to ensure accurate reporting of "take" for listed species. The required monitoring data collected through this form will be used to determine if nearshore development projects are resulting in unanticipated "take" of queen conch, and cumulatively affecting species distribution and habitat use within the species' range in the southeastern United States. Data may also be important for estimating the population of queen conch in various locations of its range.

**II. Method of Collection**

Data will be collected via an online form that will be shared by the National Marine Fisheries Service.

**III. Data**

*OMB Control Number:* 0648-XXXX.  
*Form Number(s):* None.

*Type of Review:* Regular submission. This is a new information collection.

*Affected Public:* Businesses or other for-profit organizations conducting in-water construction activities under federal permits within the range of Queen Conch in the southeastern United States.

*Estimated Number of Respondents:* 200.

*Estimated Time per Response:* 9 minutes.

*Estimated Total Annual Burden Hours:* 33 hours.

*Estimated Total Annual Cost to Public:* \$0 to complete survey.

*Respondent's Obligation:* Mandatory, as condition of federally permitted activity.

*Legal Authority:* Endangered Species Act of 1973, as amended.

**IV. Request for Comments**

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

[RTID 0648-XE254]

**Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 92 Atlantic Blueline Tilefish Life History Topical Working Group (LH-TWG) Webinar I.

**SUMMARY:** The SEDAR 92 assessment of the Atlantic stock of blueline tilefish will consist of a series of assessment webinars. See **SUPPLEMENTARY INFORMATION**.

**DATES:** The SEDAR 92 Atlantic Blueline Tilefish LH-TWG Webinar I has been scheduled for October 3, 2024, from 11 a.m. to 1 p.m., eastern. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

**ADDRESSES:**

*Meeting address:* The meeting will be held via webinar. The webinar is open to members of the public. Registration for the webinar is available by contacting the SEDAR coordinator via email at [Julie.Neer@safmc.net](mailto:Julie.Neer@safmc.net).

*SEDAR address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; [www.sedarweb.org](http://www.sedarweb.org).

**FOR FURTHER INFORMATION CONTACT:** Julie Neer, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366; email: [Julie.Neer@safmc.net](mailto:Julie.Neer@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses
