

“the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies.” EPA further defines the term fair treatment to mean that “no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative environmental consequences of industrial, governmental, and commercial operations or programs and policies.”

The Connecticut Department of Energy and Environmental Protection did not evaluate environmental justice considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this action. Due to the nature of the action being taken here, this action is expected to have a neutral to positive impact on the air quality of the affected area. Consideration of EJ is not required as part of this action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving environmental justice for communities with EJ concerns.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 18, 2024. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. (See section 307(b)(2).)

**Television Broadcasting Services Cape Girardeau, Missouri**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** The Video Division, Media Bureau (Bureau), has before it a Notice

of Proposed Rulemaking issued in response to a Petition for Rulemaking filed by Gray Television Licensee, LLC (Gray), the licensee of KFVS–TV (Station or KFVS–TV), Cape Girardeau, Missouri (Cape Girardeau). Gray requests amendment of the Table of TV Allotments to substitute channel 11 for channel 32. Gray filed comments in support of the Petition, as required by the Commission’s rules (rules), reaffirming its interest in the proposed channel substitution and that it will promptly file an application seeking authorization on channel 11.

**DATES:** Effective October 17, 2024.

**FOR FURTHER INFORMATION CONTACT:** Joyce Bernstein, Media Bureau, at (202) 418–1647 or [Joyce.Bernstein@fcc.gov](mailto:Joyce.Bernstein@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 89 FR 56250 on July 9, 2024. Gray filed comments in support of the petition reaffirming its commitment to apply for channel 11. No other comments were received.

The Bureau believes the public interest would be served by substituting channel 11 for channel 32 at Cape Girardeau. On May 17, 2021, the Bureau granted a petition for rulemaking submitted by Gray to substitute channel 32 for channel 11 at Cape Girardeau for KFVS–TV. Gray was also granted a construction permit to construct a facility on channel 32 at Cape Girardeau, but was unable to complete construction of the channel facility by the expiration date—June 23, 2024. Thus, Gray requests amendment of the Table of TV Allotments to allow it to continue to operate pursuant to the parameters of its current license on channel 11. The substitution of channel 11 for channel 32 in the TV Table of Allotments will allow the Station to remain on the air and continue to provide service to viewers within its service area. Gray proposes to utilize its currently licensed parameters, and as such we find that channel 11 can be substituted for channel 32 at Cape Girardeau as proposed, in compliance with the principal community coverage requirements of § 73.618(a) of the rules, at coordinates 37–25–44.7” N and 089–30–14.2” W. In addition, we find that this channel substitution meets the technical requirements set forth in § 73.622(a) of the rules.
