

licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2373 is issued to Midwest Hydro, LLC for a period effective September 1, 2024, through August 31, 2025, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first.

If issuance of a new license (or other disposition) does not take place on or before August 31, 2025, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Midwest Hydro, LLC is authorized to continue operation of the Rockton Hydroelectric Project under the terms and conditions of the prior license until the issuance of a subsequent license for the project or other disposition under the FPA, whichever comes first.

Dated: September 13, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

[Project No. 15352-000]

Kram Hydro 5, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On April 26, 2024, Kram Hydro 5, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of a hydropower project proposed to be located at the U.S. Army Corps of Engineers' (Corps)

Mississippi River Lock and Dam 5A near Winona County, MN, and Buffalo County, WI. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Mississippi River Lock and Dam 5A Hydroelectric Project would consist of the following: (1) a proposed intake channel approximately 200 to 350 feet long and 90 feet wide located near the west bank of the existing Corps' dam; (2) a proposed 100-foot-long, 180-foot-wide reinforced concrete powerhouse, located downstream of the existing Corps' dam, containing two Kaplan pit turbine-generators with a total capacity of 14.0 megawatts; (4) a new 200-foot-long, 100-foot-wide unlined tailrace channel with stone riprap and a new 300-foot-long concrete retaining wall downstream of the powerhouse; and (5) a proposed transmission line approximately 1,000 foot from the project site connecting the substation to the grid. The proposed project would have an estimated annual generation of 73,500 megawatt-hours.

Applicant Contact: Kristen Fan, Kram Hydro 5, LLC, 3120 Southwest Fwy., Suite 101, PMB 50808, Houston, TX 77098; phone: (772) 418-2705.

FERC Contact: Shivani Khetani; phone: (212) 273-5917, or by email at shivani.khetani@ferc.gov.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice, November 12, 2024. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at [https://](https://ferconline.ferc.gov/eFiling.aspx)

ferconline.ferc.gov/eFiling.aspx.

Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <https://ferconline.ferc.gov/QuickComment.aspx>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-15352-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of the Commission's website at <https://elibrary.ferc.gov/eLibrary/search>. Enter the docket number (P-15352) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: September 13, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

Rover Pipeline LLC; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Rover—Sunny Farms Receipt and Delivery Meter Station Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document, that will discuss the environmental impacts of the Rover—Sunny Farms Receipt and Delivery Meter Station Project (Project) involving construction and operation of facilities by Rover Pipeline LLC (Rover) in Hancock County, Ohio. The Commission will use this environmental document in its decision-making process to determine whether the
