### Food Safety and Inspection Service

*Title:* Consumer Complaint Monitoring System.

*OMB Control Number:* 0583–0133.

*Summary of Collection:* The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, and properly labeled. FSIS tracks consumer complaints about meat, poultry, and egg products. Consumer complaints are usually filed because food made the consumer sick, caused an allergic reaction, was not properly labeled (misbranded), or contained a foreign object. The Agency uses a web portal to capture consumer complaint information.

*Need and Use of the Information:* The Consumer Complaint Monitoring System web portal is used primarily to track consumer complaints regarding meat, poultry, and egg products. FSIS will use the information collected from the web portal. To not collect the information from the web portal would reduce the effectiveness of the meat, poultry, and egg products inspection program.

*Description of Respondents:* Individuals or households.

*Number of Respondents:* 3,000.

*Frequency of Responses:* Reporting: On occasion.

*Total Burden Hours:* 750.

### Food Safety and Inspection Service

*Title:* Voluntary Recalls of Meat and Poultry Products.

*OMB Control Number:* 0583–0135.

*Summary of Collection:* The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome,

unadulterated, and properly labeled and packaged. A firm that has produced or imported meat or poultry that is adulterated or misbranded and is being distributed in commerce, may voluntarily recall the product in question. Under the FMIA, firms are required to keep such records that fully and correctly disclose all transactions in their business (21 U.S.C. 642). Under the PPIA, firms are required to keep such records as are properly necessary for the effective enforcement of the PPIA (21 U.S.C. 460(b)).

*Need and Use of the Information:* When meat or poultry in commerce is adulterated or misbranded, FSIS requests that the establishment that produced the product voluntarily recall the product in question. In conducting a recall, the Agency asks the establishment to provide it with some basic information, including the identity of the recalled product, the reason for the recall, and information about the distributors and customers of the product. Industry representatives use the FSIS Form 5020–3 FSIS Preliminary Inquiry Worksheet to provide firm contact information and specific details regarding adulterated or misbranded product in commerce, including product identifiers, product amounts and supplemental information. Recalling firms and distributors then use the FSIS Form 5020–4 FSIS Recall Distribution Information Template to provide the location and contact information of consignees who received recalled product. The FSIS Forms 5020–3 and 5020–4 were developed to assist the respondents in collecting some of the basic information they have always been required to provide FSIS. FSIS uses this information to notify the public concerning product subject to a recall and to check on the effectiveness of the recall.

*Description of Respondents:* Business or other for-profit.

*Number of Respondents:* 6,090.

*Frequency of Responses:* Reporting: On Occasion.

*Total Burden Hours:* 6,600.
