

proposed fees neither favor nor penalize one or more categories of market participants in a manner that would impose an undue market on competition. As shown above, to the extent that particular proposed fees apply to only a subset of subscribers (e.g., Category 2 fees apply only to those making non-display use on behalf of clients; late fees apply only to customers who fail to timely submit their declarations), those distinctions are not unfairly discriminatory and do not unfairly burden one set of customers over another. To the contrary, by tailoring the proposed fees in this manner, the Exchange believes that it has eliminated the potential burden on competition that might result from unfairly asking subscribers to pay fees for services they did not use, or late fees they did not actually incur.

*Intermarket Competition.* The Exchange believes that the proposed fees do not impose a burden on competition or on other SROs that is not necessary or appropriate. In setting the proposed fees, the Exchange is constrained by the availability of substitute partial depth of book market data products and by the fact that if its pricing is unattractive, customers will have their pick of alternative partial depth of book market data products to purchase instead of purchasing the Exchange's products.

Specifically, the Exchange believes that the proposed fees do not impose a burden on competition or on other exchanges that is not necessary or appropriate because of the availability of substitute partial depth of book market data products. Many other exchanges offer proprietary data feeds like the NYSE Arca Agg Lite data feed, supplying partial depth of book order data, security status updates, stock summary messages, and the exchange's best bid and offer at any given time, on a real-time basis. Because market data users can find suitable substitute feeds, an exchange that overprices its market data products stands a high risk that users may purchase another market's market data product. These competitive pressures ensure that no one exchange's market data fees can impose an unnecessary burden on competition, and the Exchange's proposed fees do not do so here.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)<sup>44</sup> of the Act and subparagraph (f)(2) of Rule 19b-4<sup>45</sup> thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>46</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

*Electronic Comments*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–101107; File No. SR–NYSE–2024–54]

### Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish Fees for the NYSE Aggregated Lite Data Feed

September 19, 2024.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (“Act”)<sup>2</sup> and Rule 19b–4 thereunder,<sup>3</sup> notice is hereby given that, on September 6, 2024, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to establish fees for the NYSE Aggregated Lite data feed. The proposed rule change is available on the Exchange's website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 15 U.S.C. 78a.

<sup>3</sup> 17 CFR 240.19b–4.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend the NYSE Proprietary Market Data Fees Schedule (“Fee Schedule”) and establish fees for the NYSE Aggregated Lite (“NYSE Agg Lite”) data feed,<sup>4</sup> effective September 6, 2024.<sup>5</sup>

In summary, the NYSE Agg Lite is a NYSE-only frequency-based depth of book market data feed of the NYSE's limit order book for up to ten (10) price levels on both the bid and offer sides of the order book for securities traded on the Exchange and for which the Exchange reports quotes and trades under the Consolidated Tape Association (“CTA”) Plan or the Nasdaq/UTP Plan. The NYSE Agg Lite is a compilation of limit order data that the Exchange provides to vendors and subscribers. The NYSE Agg Lite includes partial depth of book order data as well as security status messages. The security status message informs subscribers of changes in the status of a specific security, such as trading halts, short sale restriction, etc. In addition, the NYSE Agg Lite includes order imbalance information prior to the opening and closing of trading.

##### Background

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”<sup>6</sup>

<sup>4</sup> The proposed rule change establishing the NYSE Agg Lite data feed was immediately effective on February 27, 2024. See Securities Exchange Act Release No. 99689 (March 7, 2024), 89 FR 18466 (March 13, 2024) (SR–NYSE–2024–12) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish the NYSE Aggregated Lite Market Data Feed).

<sup>5</sup> The Exchange originally filed to amend the Fee Schedule on May 13, 2024 (SR–NYSE–2024–29). On July 11, 2024, the Exchange withdrew SR–NYSE–2024–29 and replaced it with SR–NYSE–2024–38. On September 6, 2024, the Exchange withdrew SR–NYSE–2024–38 and replaced it with this filing.

<sup>6</sup> See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496, 37499 (June 29, 2005) (File No. S7–10–04) (Final Rule) (“Regulation NMS”).
