The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by pipeline removal activities that may include deployment of heavy equipment which will obstruct vessel traffic, continuous diver's operations, and various other activities which create underwater hazards while people are working. It is categorically excluded from further review under paragraph L60(a), in Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

technical errors in the amendatory instructions and regulatory text. This document does not contain any substantive changes to the regulations.

**DATES:** Effective September 30, 2024.

**FOR FURTHER INFORMATION CONTACT:** Kelly Terpak, U.S. Department of Education, 400 Maryland Avenue SW, Room 4C212, Washington, DC 20202. Telephone: (202) 245-6776. Email: [EDGAR@ed.gov](mailto:EDGAR@ed.gov).

**SUPPLEMENTARY INFORMATION:** On August 29, 2024, the Department published in the **Federal Register** final regulations amending the Education Department General Administrative Regulations and related regulatory provisions (89 FR 70300). Those final regulations contain technical errors, which we are correcting. This document does not contain any substantive changes to the regulations.

Specifically, we are correcting:

- The wording of the regulatory text being replaced in § 75.50;
- Section 75.210 by restoring a selection criterion factor from the current regulation which was inadvertently omitted from the revisions to that section;
- One paragraph designation in § 75.225;
- Punctuation in the section heading for § 75.591 to maintain the format of the current heading;
- The wording of the regulatory text being replaced in the amendatory instruction for § 76.100;
- The section number in the amendatory instruction for § 76.564;
- A reference to Catalog of Federal Domestic Assistance, or "CFDA number," in § 76.711, and making a related conforming edit to replace that term with Assistance Listing Number, or "ALN";
- The instruction for § 76.783, to remove only one instance of the word "or"; and
- A typo in the instruction for § 79.4.

### Waiver of Proposed Rulemaking and Delayed Effective Date

In accordance with the Administrative Procedure Act (APA), 5 U.S.C. 553, the Department generally offers interested parties the opportunity to comment on proposed regulations. However, the APA provides that an agency is not required to conduct notice-and-comment rulemaking when the agency, for good cause, finds that notice and public comment thereon are impracticable, unnecessary, or contrary

to the public interest (5 U.S.C. 553(b)(3)(B)). There is good cause to waive rulemaking here as unnecessary.

Rulemaking is “unnecessary” in those situations in which “the administrative rule is a routine determination, insignificant in nature and impact, and inconsequential to the industry and to the public.” *Utility Solid Waste Activities Group v. EPA*, 236 F.3d 749, 755 (D.C. Cir. 2001), quoting U.S. Department of Justice, *Attorney General’s Manual on the Administrative Procedure Act* 31 (1947) and *South Carolina v. Block*, 558 F. Supp. 1004, 1016 (D.S.C. 1983). The regulatory changes in this document are necessary to correct technical errors and do not establish any new substantive rules and do not make substantive changes to these regulations. Therefore, the Department has determined that publication of a proposed rule is unnecessary under 5 U.S.C. 553(b)(3)(B).

The APA generally requires that regulations be published at least 30 days before their effective date, unless the agency has good cause to implement its regulations sooner (5 U.S.C. 553(d)(3)). As previously stated, because the regulatory changes correct errors, there is good cause to waive the delayed effective date in the APA and make the corrections effective September 30, 2024.

**Accessible Format:** On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotope, or compact disc, or other accessible format.
