II. Extension

Section 19(b)(2)(i) of the Exchange Act⁶ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved unless the Commission extends the period within which it must act as provided in Section 19(b)(2)(ii) of the Exchange Act.⁷ Section 19(b)(2)(ii) of the Exchange Act allows the Commission to designate a longer period for review (up to 90 days from the publication of notice of the filing of a proposed rule change) if the Commission finds such longer period to be appropriate and publishes its reasons for so finding, or as to which the self-regulatory organization consents.⁸

The 45th day after publication of the Notice of Filing is September 26, 2024. In order to provide the Commission with sufficient time to consider the Proposed Rule Change, the Commission finds that it is appropriate to designate a longer period within which to take action on the Proposed Rule Change,

and therefore is extending this 45-day time period.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Exchange Act,⁹ designates November 10, 2024, as the date by which the Commission shall either approve, disapprove, or institute proceedings to determine whether to disapprove the Proposed Rule Change.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101189; File No. SR-OCC-2024-013]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Proposed Rule Change by The Options Clearing Corporation Concerning Modifications to its By-Laws and Rules Primarily To Discontinue Certain Outmoded or Unused Products and Services

September 25, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act" or "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 13, 2024, The Options Clearing Corporation ("OCC" or "Corporation") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by OCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

This proposed rule change would make modifications to its By-Laws and Rules primarily to discontinue certain outmoded or unused products and services.

Proposed changes to OCC's By-Laws are contained in Exhibit 5A [sic] that OCC provided as part of File No. SR-OCC-2024-013. Proposed changes to OCC's Rules are contained in Exhibit 5B [sic] that OCC provided as part of File

No. SR-OCC-2024-013. Material proposed to be added is underlined and material proposed to be deleted is marked in strikethrough text.

All terms with initial capitalization that are not defined herein have the same meaning as set forth in the OCC By-Laws and Rules.³

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

OCC is the sole clearing agency for standardized equity options listed on national securities exchanges registered with the Commission. OCC also clears certain stock loan and futures transactions. In its role as a clearing agency, OCC acts as a central counterparty ("CCP") guarantying all contracts it clears, meaning OCC becomes the buyer to every seller and the seller to every buyer (or the lender to every borrower and the borrower to every lender, in the case of stock loan transactions). As a CCP, OCC maintains a platform called ENCORE consisting of OCC's core clearing, risk management, and data management applications launched in 2000. Among other functions, ENCORE serves as OCC's real-time processing engine, receiving trade and post-trade data from a variety of sources on a transaction-by-transaction basis to facilitate OCC's clearance and settlement operations. OCC intends to retire ENCORE and implement a new, updated clearance and settlement system, known as "Ovation," that will leverage more current technology and enhanced security features. Ovation is designed to provide a more robust solution to meet market participants' needs and OCC's responsibilities, including in OCC's role as a systemically important financial market utility. As part of the transition to the Ovation system, OCC is considering which features of ENCORE should be carried over to Ovation and
