**Abstract:** Section 8546 of the Elementary and Secondary Education Act of 1965, as amended, (ESEA) requires that A State, State educational agency, or local educational agency in the case of a local educational agency that receives Federal funds under this Act shall have laws, regulations, or policies that prohibit any individual who is a school employee, contractor, or agent, or any State educational agency or local educational agency, from assisting a school employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if the individual or agency knows, or has probable cause to believe, that such school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law. In order to understand state and local compliance with section 8546 and provide technical assistance to support state and local efforts to keep students safe from sexual predators in K12 school settings, staff in the Office of Elementary and Secondary Education (OESE) at the U.S. Department of Education (the Department) will implement this monitoring protocol.

Congress included section 8546 as part of the ESEA reauthorized by the Every Student Succeeds Act and directed the Department to provide publicly available information on the status of each states compliance with this provision in the fiscal year 2024 Federal budget. Specifically, Congress directed the Department to brief the Committees on key actions completed and plans to ensure state and local compliance with the requirements of section 8546 of the ESEA not later than 90 days after enactment of this fiscal year 2024 budget. Such briefing shall include a discussion of actions taken on recommendations from the Department-funded “Study of State Policies to Prohibit Aiding and Abetting Sexual Misconduct in Schools, and other technical assistance and support, enforcement and accountability actions, implementation challenges, and the metrics the agency is using to measure improved State and local compliance with this section of the law. Not later than 240 days after enactment, the Department is directed to publicly post a status report on State and local compliance and its plans to ensure State and local compliance with such section.

This will be a new collection and rulemaking will not be involved.
