

initiatives to encourage public action to increase preparedness.” Similarly, in FEMA’s 2022–2026 Strategic Plan, Goal 3 is to “promote and sustain a ready FEMA and prepared nation.”

Presidential Policy Directive-8 (PPD-8) directs the Secretary of Homeland Security to “coordinate a comprehensive campaign to build and sustain national preparedness, including public outreach and community-based and private sector programs to enhance national resilience, the provision of Federal financial assistance, preparedness efforts by the Federal Government, and national research and development efforts.”

The Post Katrina Emergency Management Reform Act (PKEMRA) (Pub. L. 109–295) (6 U.S.C. 749(a)) requires the FEMA Administrator, in coordination with the National Council on Disability and the National Advisory Council, to establish a comprehensive system to assess, on an ongoing basis, the Nation’s prevention capabilities and overall preparedness, including operational readiness.

In response to the charge to FEMA, and to the DHS and FEMA strategic priorities, FEMA manages programs to improve the public’s knowledge and actions for preparedness and resilience. Information from this collection will be used to track changes in knowledge, attitudes, and behaviors related to preparedness in the general public. This information collection will be in the form of a public opinion survey administered to a sample of American adults across the nation. The nature of the information collected will focus on people’s attitudes, behaviors, and motivations related to disaster preparedness and disaster risk.

Collection of Information

Title: National Household Survey on Disaster Preparedness.

Type of Information Collection: Extension of a currently approved information collection.

OMB Number: 1660–0105.

FEMA Forms: FEMA Form FF–008–FY–21–103 (formerly 008–0–15), National Household Survey on Disaster Preparedness (Telephone); FEMA Form FF–008–FY–21–104, National Household Survey on Disaster Preparedness (Web).

Abstract: The Individual and Community Preparedness Division (ICPD) analyzes and uses data collected in the two versions of the National Household Survey on Disaster Preparedness to identify progress and gaps in individual and community preparedness and to better understand the motivational factors and barriers to

preparedness that people face. The survey measures the public’s knowledge, attitudes, and behaviors relative to preparing for disasters. This information is used by ICPD and FEMA components to tailor messaging and public information efforts, community outreach, and strategic planning initiatives to more effectively improve the state of individual preparedness and participation across the country. The findings are compiled in a report that is circulated internally to DHS and FEMA officials as well as made available to the public on the FEMA website, OpenFEMA (<https://www.fema.gov/about/openfema/data-sets/national-household-survey>).

Affected Public: Individuals or Households.

Estimated Number of Respondents: 3,751.

Estimated Number of Responses: 3,751.

Estimated Total Annual Burden Hours: 1,282.

Estimated Total Annual Respondent Cost: \$58,524.

Estimated Respondents’ Operation and Maintenance Costs: \$0.

Estimated Respondents’ Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$323,932.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Extension From OMB of One Current Public Collection of Information: Airport Security

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0002, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR will describe the nature of the information collection and its expected burden. TSA airport security programs require airport operators to submit certain information to TSA, as well as to maintain and update records to ensure compliance with security provisions.

DATES: Send your comments by December 3, 2024.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA–11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227–2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be made available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency’s estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0002; Airport Security Part 1542. The information collection is used to determine compliance with 49 CFR part 1542¹ and to ensure passenger safety and security by monitoring airport operator security procedures. The information collection and other recordkeeping requirements that currently fall under this OMB control number are associated with an airport operator's compliance with TSA's regulatory requirements, including the following: (1) development of an Airport Security Program (ASP), submission to TSA for review and approval, and implementation; (2) as applicable, development of airport operator requested or TSA-required ASP amendments and temporary changed conditions, submission to TSA for review and approval, and implementation; (3) collection of data necessary to complete a criminal history records check (CHRC) for those individuals with unescorted access to a Security Identification Display Area (SIDA); (4) submission to TSA of identifying information about individuals to whom the airport operator has issued identification media, such as name, address, and country of birth, in order for TSA to conduct a Security Threat Assessment (STA); and (5) information collection and recordkeeping requirements associated with compliance with the regulation, employees who have access privileges to secured areas of the airport, and compliance with Security Directives (SDs) issued pursuant to the regulation.

TSA will continue to collect information to determine airport operator compliance with other requirements of 49 CFR part 1542. TSA estimates that there will be approximately 435 airport operator respondents to the information collection requirements described above, with a total annual burden

¹ In July 2016, OMB approved TSA's request to revise OMB Control Number 1652-0002, by including in it the recordkeeping requirements under OMB Control Number 1652-0006, Employment Standards, which also applies to 49 CFR part 1542. This action combined two previously-approved ICRs into this single request to simplify TSA collections, increase transparency, and reduce duplication.

estimate of approximately 2,147,899 hours.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: 24 CFR part 50—Protection and Enhancement of Environmental Quality.

OMB Approval Number: 2506-0177.

Type of Request: Extension of currently approved collection.

Description of the need for the information and proposed use: HUD requests its applicants to supply environmental information that is not otherwise available to HUD staff for the environmental review on an applicant's proposal for HUD financial assistance to develop or improve housing or community facilities. HUD itself must perform an environmental review for the purpose of compliance with its environmental regulations found at 24 CFR part 50, Protection and Enhancement of Environmental Quality. Part 50 implements the National Environmental Policy Act and implementing procedures of the Council on Environmental Quality, as well as the related federal environmental laws and executive orders. HUD's agency-wide provisions—24 CFR 50.3(h)(1) and 50.32—regulate how individual HUD program staffs are to utilize such collected data when HUD itself prepares the environmental review and compliance. Separately, individual HUD programs each have their own regulations and guidance implementing environmental and related collection responsibilities. For the next three years, this approved collection will continue unchanged under this OMB control number to assure adequate coverage for all HUD programs subject to part 50.

Respondents: Businesses, not-for-profit institutions, and local governments receiving HUD funding.

Information Collection/Form Number: N/A.

Estimated Number of Respondents: 1,159.

Frequency of Response: 1.
