

steel flanges from India.¹ The administrative review covered 46 companies.² The following companies were among the 45 companies which were not selected for individual examination: Balkrishna Steel Forge Pvt. Ltd.; Bebitz Flanges Works Private Limited;³ Echjay Forgings Private Ltd.; Goodluck India Ltd.; Hilton Metal Forging Limited; Jai Auto Pvt. Ltd.; Jay Jagdamba Forgings Private Limited; Jay Jagdamba Limited; Jay Jagdamba Profile Private Limited; Kisaan Die Tech;⁴ Pradeep Metals Limited; and Shree Jay Jagdamba Flanges Pvt. Ltd. (collectively, the non-selected companies). The non-selected companies are all producers/exporters of stainless steel flanges from India. In the *Final Results*, Commerce assigned a margin of 145.25 percent to these companies for the POR because that was the margin assigned to the sole company which Commerce individually examined.⁵

Following the publication of the *Final Results*, the non-selected companies filed a lawsuit with the U.S. Court of International Trade (CIT) challenging Commerce’s decision to assign a dumping margin which was determined using facts available with adverse inferences for the sole mandatory respondent to all non-selected companies.⁶

On September 30, 2024, the United States and the non-selected companies entered into an agreement to settle this dispute. Pursuant to the terms of the settlement and the stipulation for entry of judgment, the amended dumping

margins for the non-selected companies are set forth below in the “Amended Final Results of Administrative Review” section of this notice. The CIT issued its order of judgment by stipulation on September 30, 2024.⁷

Amended Final Results of Administrative Review

The non-selected companies’ final estimated weighted-average dumping margins are listed below for POR, March 28, 2018, through September 30, 2019.

Pradeep Metals Limited	5.20
Shree Jay Jagdamba Flanges Pvt. Ltd	5.20

* AKA BFN Forgings Private Limited.
 ** AKA Kisaan Die Tech Private Limited.

Assessment Rates

Consistent with the settlement agreement and September 30, 2024, order of judgment by stipulation, Commerce will instruct U.S. Customs and Border Protection (CBP) within 15 days following publication of these amended final results to liquidate all unliquidated entries of stainless steel flanges from India produced and/or exported by the non-selected companies and entered, or withdrawn from consumption in the United States during the POR, at the assessment rates noted above. Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these amended final results of review.

⁷ See *Kisaan Die Tech Private Limited v. United States*, Consol. Court No. 21–000512, ECF No. 85 (September 30, 2024).

Cash Deposit Requirements

Because all of the non-selected companies have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review, we will not issue revised cash deposit instructions to CBP. This notice will not affect the current cash deposit rates for the non-selected companies.

Notification to Interested Parties

We are issuing this determination and publishing these amended final results and notice in accordance with section 516a(e) of the Act.

Dated: September 30, 2024.

SUPPLEMENTARY INFORMATION:

The Following Conditions for Participation Will Be Used for the Mission

Applicants must submit a completed and signed mission application and supplemental application materials, including adequate information on their products and/or services, primary market objectives, and goals for participation that is adequate to allow the Department of Commerce to evaluate their application. If the Department of Commerce receives an incomplete application, the Department of Commerce may either: reject the application, request additional information/clarification, or take the lack of information into account when evaluating the application. If the requisite minimum number of participants is not selected for a particular mission by the recruitment deadline, the mission may be cancelled.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, are marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content by value. In the case of a trade association or organization, the applicant must certify that, for each firm or service provider to be represented by the association/organization, the products and/or services the represented firm or service provider seeks to export are either produced in the United States or, if not, marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content by value.

A trade association/organization applicant must certify to the above for every company it seeks to represent on the mission. In addition, each applicant must:

- Certify that the products and services that it wishes to market through the mission would be in compliance with U.S. export controls and regulations;
- Certify that it has identified any matter pending before any bureau or office in the Department of Commerce;
- Certify that it has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the Department of Commerce; and
- Sign and submit an agreement that it and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with a company's/participant's involvement in this mission, and (2) maintain and

enforce a policy that prohibits the bribery of foreign officials.

In the case of a trade association/organization, the applicant must certify that each firm or service provider to be represented by the association/organization can make the above certifications.

The Following Selection Criteria Will Be Used for the Mission

Targeted mission participants are U.S. firms, services providers and trade associations/organizations providing or promoting U.S. products and services that have an interest in entering or expanding their business in the mission's destination markets. The following criteria will be evaluated in selecting participants:

- Suitability of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) products or services to these markets;
- The applicant's (or in the case of a trade association/organization, represented firm's or service provider's) potential for business in the markets, including likelihood of exports resulting from the mission; and
- Consistency of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) goals and objectives with the stated scope of the mission.

Balance of company size and location may also be considered during the review process.

Referrals from a political party or partisan political group or any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The applicant will be notified of these exclusions. The Department of Commerce will evaluate applications and inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected.

Definition of Small- and Medium-Sized Enterprise

For purposes of assessing participation fees, an applicant is a small or medium-sized enterprise (SME) if it qualifies as a "small business" under the Small Business Administration's (SBA) size standards (<https://www.sba.gov/document/support-table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool (<https://www.sba.gov/size-standards>) can help

you determine the qualifications that apply to your company.

Global Diversity Export Initiative (GDEI) Trade Mission to India, Singapore, and Hong Kong—March 2-8, 2025

Summary

The United States Department of Commerce, International Trade Administration (ITA), U.S. and Foreign Commercial Service (USFCS) is organizing a Global Diversity Export Initiative (GDEI) Trade Mission to India, Singapore, and Hong Kong that will include the Export Markets Providing Opportunities for Women's Economic Rise (EMPOWER) Asia Business Conference in Bengaluru, India, Monday, March 3–Tuesday, March 4, 2025. The mission is focused on expanding export opportunities for U.S. businesses that are founded, led, operated, or owned by members of underserved communities from industries with growing potential in India, Singapore, and Hong Kong, but is open to all export-ready U.S. companies.

All trade mission members will participate in the EMPOWER Asia Business Conference, which will also be open to U.S. companies not participating in the trade mission. On Monday, March 3, the EMPOWER Asia Business Conference will include country briefings, a networking lunch, afternoon workshops and one-on-one meetings with key service providers and U.S. diplomats and/or industry specialists, information and material on trade-related resources, and an evening networking reception. On Tuesday, March 4, the second day of business conference, participants will take apart in plenary session, break-out sessions, meeting with U.S. diplomats from the region, and workshops. On Tuesday afternoon, participants who elect India as one of their trade mission stops will engage in business-to-business (B2B) meetings in Bengaluru, India. Wednesday, March 5, will be a travel day for trade mission participants who elect trade mission stop(s) in Singapore (Thursday, March 6) and/or Hong Kong (Friday, March 7).

Trade mission participants may apply to participate one, two, or three trade mission stops. Each trade mission stop will include one-on-one business appointments with pre-screened potential buyers, agents, distributors and joint-venture partners, and networking events.

Recruitment and consideration will be extended to all export-ready U.S. companies, including small businesses, trade associations, and other exporting organizations that meet the established criteria for participation in the mission. This mission is focused on expanding export opportunities to U.S. small and medium-sized businesses that are founded, led, operated, or owned by leaders from underserved communities with growing potential in India, Singapore, and Hong Kong. The mission is horizontal, with various sectors represented, based on best prospects for U.S. companies in the region.

Best prospect sectors *:

- Information and Communication Technology (ICT) sector and subsectors:
 - cybersecurity
 - smart city infrastructure and technology solutions
 - artificial intelligence markets and cloud computing
- Finance and FinTech
- Healthcare & Biotechnology
- Clean Energy
- Environmental Technology
- Critical and Emerging Technologies
- Aerospace and Defense, and Space

* Other sectors will not be excluded.

Recruitment and consideration will be extended to all export-ready U.S. companies, including small businesses, trade associations and other exporting organizations that meet the established criteria for participation in the mission. In keeping with the U.S. Department of Commerce's Equity Action Plan, ITA seeks to improve outreach to and representation of businesses with owners and/or leaders from underserved communities, including through the Global Diversity Export Initiative of the U.S. Commercial Service. This mission will expand access to export opportunities to U.S. small and medium-sized businesses, including those founded, led, operated, or owned by members of underserved communities from industries with growing potential in India, Singapore, and Hong Kong.

This mission is designed to be responsive to the priorities stated by Secretary of Commerce Gina Raimondo and outlined in the Equity Action Plan released in April 2022 which aspires to "harness the talents and strengths of all parts of the country, including women, people of color, and others who are too often left behind" including by

"[s]trengthen[ing] small businesses in underserved communities by helping them be successful exporters."

In line with the Biden-Harris Administration Executive Orders¹ and the National Export Strategy chapter on bolstering export assistance for small businesses and underserved communities, the GDEI has increased awareness and participation of diverse companies in the export ecosystem. With almost 272,000 U.S. small and medium-sized businesses exporting, the limited number of companies from underserved communities participating in international trade is in stark contrast with the total universe of exporters. According to the most recent Census data (2021), from a sample of approximately 146,000 firms that export, 15 percent are women-owned; 6 percent are Hispanic-owned; 6 percent are Veteran-owned; and 1 percent are Black or African American-owned firms. The Department of Commerce, through events such as this mission seeks to continue to scale the next generation of innovation, maintain global competitiveness, and ensure that more diverse businesses benefit from harnessing the potential of exports. Additionally, based on the 2020–2021 Census Bureau Profile of U.S. Importing and Exporting Companies and the 2022 Annual Business Survey, India, Singapore, and Hong Kong were not in

¹ This mission is in alignment with Executive Order 13985 on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government (January 25, 2021) (E.O. 13985), Executive Order 14091 on Further Advancing Racial Equity and Support for Underserved Communities Through the Federal Government (February 22, 2022) (E.O. 14091), Executive Order 14020 on the Establishment of the White House Gender Policy Council (March 11, 2021) (E.O. 14020), and the Global Diversity Export Initiative of the U.S. Commercial Service.

For the purposes of the trade mission, ITA adopts the definition of "underserved communities" in E.O. 14020, incorporated into E.O. 14091:

"populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life, as exemplified by the list in the preceding definition of "equity." "Equity" is defined as "the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as women and girls; Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality."

the top 10 export markets ranked for women-owned, Hispanic American-owned, and Native American-owned small and medium sized-businesses, while India ranked as the 8th top export market for veteran-owned small and medium-sized businesses and the 10th top export market for Black or African American-owned small and medium-sized businesses and Singapore ranked as the 8th top market for Native Hawaiian and other Pacific Islander-owned small and medium-sized businesses, indicating room for growth in the region. The EMPOWER Asia initiative surveying women-owned businesses also ranks India as a top 4 "Desirable" market. Survey participants also emphasized the need for specific knowledge while entering the Asian market, including e-commerce, financing, regulatory compliance, and supply chain resilience. This trade mission in conjunction with the EMPOWER Asia Business conference will help address an urgent demand to have region-specific training combined with networking, consultations, and exposure to new opportunities to unlock these key portals to the South Asia region.

The Minority Business Development Agency finds that "[ex]porting creates a competitive advantage for all Minority Business Enterprises (MBEs), regardless of home country" and "significant engagement in international sales and trade, leads to stronger businesses, creates new jobs, and in the long-term, contributes to the sustainability of the commercial ecosystems necessary to create thriving communities."

Participation Requirements

All parties interested in participating in the GDEI Trade Mission to India, Singapore, and Hong Kong must complete and submit an application package for consideration by the U.S. Department of Commerce. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined above. A minimum of 10 and a maximum of 25 firms and/or trade associations will be selected to participate in the mission on a rolling basis. Mission stop participation will be limited as follows:

India: 15.

Singapore: 10.

Hong Kong: 10.

Additional delegates may be accepted based on available space. U.S. firms and/or trade associations already doing business in India, Singapore, and/or Hong Kong or seeking business in these markets for the first time may apply.

Fees and Expenses

After a firm or trade association has been selected to participate on the trade mission, a payment to the Department of Commerce in the form of a participation fee is required. The fees are as follows:

- The participation fee will be \$3,500 for small or medium-sized enterprises (SME) and \$6,225 for large firms, which includes the EMPOWER Asia Business Conference in Bengaluru and one mission stop. Additional participants will be \$1,000 per participant.

- If a second stop/market is selected for B2B meetings, the total participation

fee will be \$5,000 for small and medium-sized enterprises (SME) and \$8,750 for large firms. Additional participants will be \$1,750 total per participant.

- If all three stops/markets are selected for B2B meetings, the total participation fee will be \$6,500 for small and medium-sized enterprises (SME) and \$11,275 for large firms. Additional participants will be \$2,500 total per participant.

If and when an applicant is selected to participate on a particular mission, a payment to the Department of Commerce in the amount of the designated participation fee is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government rates for hotel rooms. In the event that a mission is cancelled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the

responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

Trade mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to

organize a virtual program, the Department will adjust fees accordingly, prepare an agenda for virtual activities, and notify the previously selected applicants with the option to opt-in to the new virtual program.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Department of Commerce trade mission calendar (<https://www.trade.gov/trade-missions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than December 4, 2024. The Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected. Applications received after December 4, 2024, will be considered only if space and scheduling constraints permit.

Certain Quartz Surface Products From the People's Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain quartz surface products (quartz surface products) from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping. The magnitude of the dumping margin likely to prevail is indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable October 4, 2024.

FOR FURTHER INFORMATION CONTACT: Nathan Araya, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3401.

SUPPLEMENTARY INFORMATION:

Background

On July 11, 2019, Commerce published the AD order on quartz surface products from China.¹ On June 3, 2024, Commerce published the notice of initiation of the first five-year sunset review of the *Order* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On June 18, 2024, Commerce received notices of intent to participate from Cambria Company LLC, Dal-Tile LLC, and Guidoni USA (collectively, the domestic interested parties) within the 15-day deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed interested party status under section 771(9)(c) of the Act as domestic producers engaged in the production of quartz surface products in the United States.

On July 3, 2024, the domestic interested parties submitted a timely substantive response within the 30-day

¹ See *Certain Quartz Surface Products from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 84 FR 33053 (July 11, 2019) (*Order*).

deadline specified in 19 CFR 351.218(d)(3)(i).⁴ Commerce did not receive a substantive response from any other interested party in these proceedings, and no party requested a hearing. On July 22, 2024, Commerce tolled the deadline in this administrative proceeding by seven days.⁵ The deadline for the final results is now October 8, 2024.

On July 23, 2024, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁶ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order*.

Scope of the Order

The products covered by the *Order* are quartz surface products. For a complete description of the scope of these *Order*, see the Issues and Decision Memorandum.⁷

Analysis of Comments Received

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum.⁸ A list of topics discussed in the Issues and Decision Memorandum is included as the appendix to this notice. The Issues and Decision memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. A complete version of the Issues and Decision Memorandum can be accessed directly at [https://access.trade.gov/public/FRNotices/ListLayout.aspx](https://access.trade.gov/public/FRNotices>ListLayout.aspx).

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* on quartz surface products from China
