

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP24–521–000.

*To file via USPS:* Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

*To file via any other method:* Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).

Protests and motions to intervene must be served on the applicant either by mail at: Spencer D Trichell, Director, Environmental Projects and Certificates Eastern Gas Transmission and Storage, Inc., 10700 Energy Way, Glen Allen, Virginia 23060, or by email (with a link to the document) at [Spencer.Trichell@bhegts.com](mailto:Spencer.Trichell@bhegts.com). Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

#### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the “eLibrary” link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

which is located on the Commission's website at [www.ferc.gov](http://www.ferc.gov) under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

Dated: September 30, 2024.

**Debbie-Anne A. Reese,**  
*Acting Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2307–086]

#### Alaska Electric Light & Power Company; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Alaska Electric Light and Power Company's application for a non-capacity amendment of license of the Annex Creek and Salmon Creek Hydroelectric Project No. 2307, and have prepared an Environmental Assessment (EA) for the proposed amendment. The licensee proposes to replace the upper Salmon Creek penstock, which runs from the valvehouse to the abandoned upper powerhouse. The licensee would also replace penstock bridges over Salmon Creek that have not been recently rebuilt with new bridges to support the new penstock. The project is located on Annex and Salmon Creeks in the City and Borough of Juneau, Alaska. The project occupies Federal lands within the Tongass National Forest administered by the U.S. Forest Service. The EA contains Commission staff's analysis of the potential environmental effects of the proposed amendment to the license, alternatives to the proposed action, and concludes that the proposed amendment, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number (P–2307) in the docket number field to access the document. For assistance, contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

For further information, contact Marybeth Gay at 202–502–6125 or [Marybeth.Gay@ferc.gov](mailto:Marybeth.Gay@ferc.gov).

Dated: September 30, 2024.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. EL24–148–000]

#### Sierra Club, et al., v. PJM Interconnection, L.L.C.; Notice of Complaint

Take notice that on September 27, 2024, pursuant to sections 206 and 306 of the Federal Power Act, 16 U.S.C. 824e, 825e and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Sierra Club, Natural Resources Defense Council, Public Citizen, Sustainable FERC Project, and the Union of Concerned Scientists (Complainants) filed a complaint against PJM Interconnection, L.L.C. (PJM or Respondent). Complainants assert that PJM's capacity market auction rules are unjust and unreasonable because they fail to account for the resource adequacy contributions of Reliability Must Run units in the capacity auction. Complainants request that the Commission delay the upcoming 2026/2027 Base Residual Auction (BRA) for a limited time as needed for a revised tariff to be approved and implemented, or otherwise have the 2026/2027 BRA run subject to refund.

The Respondent's answer and all interventions, or protests must be filed on or before October 10, 2024, and should address the complaint regarding the treatment of RMR units as well as the request to delay the upcoming 2026/2027 BRA. Answers to Respondent's
