

2. The Raytheon Multi-Spectral Targeting System-D (MTS-D) AN/DAS-4 integrates electro-optical (EO), infrared (IR), laser designation and laser illumination capabilities to provide detection, ranging, and tracking capabilities specifically for high-altitude applications. This advanced EO and IR system provides long-range surveillance, high altitude target acquisition, tracking, range finding, and laser designation for the Hellfire missile and for all tri-service and NATO laser-guided munitions. The MTS-D provides greater target location accuracy than the MTS-B.

3. The AN/APY-8 Lynx Synthetic Aperture Radar (SAR) and Ground Moving Target Indicator (GMTI) system provides all-weather surveillance, tracking, and targeting for military and commercial customers from manned and unmanned vehicles.

4. The Selex Seaspray is an Active Electronically Scanned Array (AESA) surveillance radar suitable for a range of capabilities from long-range search to small target detection.

5. The SeaVue Maritime Multi-Role Patrol Radar is a synthetic aperture X-band radar that provides small-target maritime detection in high seas, maritime search (including submarine periscopes and semi-submersibles), radar imaging of ocean targets, and weather detection and avoidance.

6. The M299 launcher provides mechanical and electrical interface between the Hellfire missile and aircraft.

7. ARC-210 radios are voice communications radio systems equipped with HAVE QUICK II and Second Generation Antijam Tactical UHF Radio for NATO (SATURN), which employ cryptographic technology. Other waveforms may be included as needed.

8. The Ruggedized Aircraft Maintenance Test Station (RAMTS) is a mobile test station used to perform diagnostic and operational checks on the MQ-9.

9. The AN/APX-119 is an Identification Friend or Foe (IFF) transponder that provides military aircraft with a secure combat identification capability to help reduce fratricide and enhance battlespace awareness, while providing safe access to civilian airspace.

10. The KIV-77 is a cryptographic applique for IFF. It can be loaded with Mode 5 classified elements.

11. The KY-100M is a lightweight terminal for secure voice and data communications. The KY-100M provides wideband/narrowband half-duplex communication. Operating in tactical ground, marine, and airborne applications, the KY-100M enables secure communication with a broad range of radio and satellite equipment.

12. The AN/PYQ-10 Simple Key Loader is a handheld device used for securely receiving, storing, and transferring data between compatible cryptographic and communications equipment.

13. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

14. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

15. A determination has been made that the Netherlands can provide substantially the same degree of protection for the sensitive technology

being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

16. All defense articles and services listed in this transmittal have been authorized for release and export to the Netherlands.

[Transmittal No. 23-0L]

Arms Sales Notification

AGENCY: Defense Security Cooperation Agency, Department of Defense (DoD).

ACTION: Arms sales notice.

SUMMARY: The DoD is publishing the unclassified text of an arms sales notification.

FOR FURTHER INFORMATION CONTACT: Pamela Young at (703) 953-6092, pamela.a.young14.civ@mail.mil, or dsca.ncr.rsrgmgt.list.cns-mbx@mail.mil.

SUPPLEMENTARY INFORMATION: This 36(b)(5)(C) arms sales notification is published to fulfill the requirements of section 155 of Public Law 104-164 dated July 21, 1996. The following is a copy of a letter to the Speaker of the House of Representatives with attached Transmittal 23-0L.

Dated: October 2, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001-FR-P

DEFENSE SECURITY COOPERATION AGENCY

2800 DEFENSE PENTAGON
WASHINGTON, D.C. 20301-2800

June 21, 2023

The Honorable Kevin McCarthy
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 23-0L. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 21-13 of April 30, 2021.

Sincerely,

James A. Hursch
Director

Enclosures:

I. Transmittal

BILLING CODE 6001-FR-C

Transmittal No. 23-0L

REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)

(i) *Purchaser:* Government of India
(ii) *Sec. 36(b)(1), AECA Transmittal*
No.: 21-13

Date: April 30, 2021

Implementing Agency: Navy

Funding Source: National Funds

(iii) *Description:* On April 30, 2021, Congress was notified by congressional certification transmittal number 21-13 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act,

of six (6) P-8I Patrol Aircraft; eight (8) Multifunctional Information Distribution System-Joint Tactical Radio Systems 5 (MIDS-JTRS 5) (6 installed, 2 spares); forty-two (42) AN/AAR-54 Missile Warning Sensors (36 installed, 6 spares); and fourteen (14) LN-251 with Embedded Global Positioning Systems (GPS)/Inertial Navigations Systems (EGIs) (12 installed, 2 spares). Also included were CFM56-7 commercial engines; Tactical Open Mission Software (ITOMS) variant for P-8I; Electro-Optical (EO) and Infrared (IR) MX-20HD; AN/AAQ-2(V) Acoustic System; ARES-1000 commercial variant Electronic Support Measures; AN/APR-

39D Radar Warning Receiver; AN/ALE-47 Counter Measures Dispensing System; support equipment and spares; publications; repair and return; transportation; aircraft ferry; training; U.S. Government and contractor engineering, software, technical, and logistics support services; and other related elements of logistical and program support. The total estimated cost was \$2.42 billion. MDE constituted \$2.05 billion of this total.

This transmittal reports a net value increase in MDE of \$.55 billion to \$2.6 billion due to price increases. No additional MDE equipment will be included. The following non-MDE will be added: AN/ARC-210 RT-2036(C)

UHF/VHF Radio Transceivers; AN/AAR-47 Missile Warning Sensors; Electronic Countermeasure AN/ALQ-213; Advanced Digital Antenna Production (ADAP) Antenna Electronics (AE); and Advanced Digital Antenna Production (ADAP) Controlled Reception Pattern Antenna (CRPA). Also, the non-MDE AN/APR-39D Radar Warning Receiver previously notified will be replaced with the AN/APR-39D(V)2 Processor Radar. These revisions will result in an increase in estimated non-MDE value of \$.23 billion to \$.60 billion. The total case value will increase by \$0.78 billion, resulting in an estimated total case value of \$3.2 billion.

(iv) *Significance*: The additional non-MDE represents an increase in capability over what was previously notified. The proposed articles and services will improve India's capability to meet current and future threats by providing critical capabilities to India's maritime operations.

(v) *Justification*: This proposed sale will support the foreign policy and national security objectives of the United States by helping to strengthen the U.S.-Indian strategic relationship and to improve the security of a major defensive partner which continues to be an important force for political stability, peace, and economic progress in the Indo-Pacific and South Asia region.

(vi) *Sensitivity of Technology*: The Sensitivity of Technology Statement contained in the original notification applies to items reported here with the exceptions of:

- Electronic Warfare Self Protection (EWSP). The aircraft EWSP consists of the ALQ-213 Electronic Warfare Management System (EWMS), the AN/ALE-47 Counter Measures Dispensing System (CMDS), and the AN/AAR-47 Missile Warning System.

- AN/ARC-210 RT-2036(C) Radios. The RT-2036(C) is the first airborne software-defined radio to have MUOS (Mobile User Objective System) Satellite Communications (SATCOM), Second Generation Anti-Jam Tactical UHF Radio for NATO (SATURN) Electronic Counter-Counter Measures (ECCM) waveform, high-speed mobile ad hoc networked communications, and beyond-line-of-sight connectivity for secure data, voice and imagery.

- AN/APR-39D(V)2 Processor Radar. The Radar provides increased Probability of Detection (Sensitivity), corrects ID/Ambiguity Resolution, improves Direction of Arrival (DOA) accuracy versus Circular Polarized (CP) Emitters, and improves DOA Indications versus CID Band Emitters.

- Advanced Digital Antenna Production (ADAP) Antenna Electronics (AE). The ADAP Antenna provides digital anti-jam processing and protected GPS L1 and GPS L2 for the majority of Radio-Frequency (RF) and Infrared Frequency (IF) input GPS receivers.

- Advanced Digital Antenna Production (ADAP) Controlled Reception Pattern Antenna (CRPA). The CRPA Antenna removes interference based on direction of arrival.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: June 21, 2023

Local Redevelopment Authority for the Pueblo Chemical Depot

AGENCY: Office of Local Defense Community Cooperation, Department of Defense (DoD).

ACTION: Base Closure and Realignment.

SUMMARY: This notice provides the point of contact, address, and telephone number for the Local Redevelopment Authority (LRA) for the Pueblo Chemical Depot, formerly known as the Pueblo Depot Activity, in Pueblo, Colorado to be closed, managed, and disposed of by the Army pursuant to the National Defense Authorization Act (NDAA) for Fiscal Year 2024 and in accordance with procedures and authorities of the Defense Base Closure and Realignment Act of 1990. The Pueblo Depot Activity Development Authority, dba PuebloPlex, was recognized as the LRA by the Secretary of Defense, acting through the DoD, Office of Local Defense Community Cooperation (OLDCC) on July 25, 2024. Representatives of state and local governments, and other parties interested in the redevelopment of the installation should contact this LRA.

FOR FURTHER INFORMATION CONTACT: The following point of contact information will also be published simultaneously in a newspaper of general circulation in the area of the installation. Mr. Patrick J. O'Brien, Director, Office of Local Defense Community Cooperation, Office of the Secretary of Defense, 2231 Crystal Drive, Suite 520, Arlington VA 22202-4704, (703) 697-2123.

SUPPLEMENTARY INFORMATION: This notice is provided pursuant to section 2905(b)(7)(B)(ii) of the Defense Base Closure and Realignment Act of 1990. Authority for PuebloPlex was enacted by the State of Colorado through the Pueblo Depot Activity Development Authority Act. This law established a broad-based governing public board representing the local governments concerned with authority to apply for and receive state and Federal grant funds; to contract, finance, acquire and hold, by lease or deed, all properties of the Pueblo Chemical Depot, formerly known as the Pueblo Depot Activity, made available pursuant to section 2854 of the NDAA FY24 in accordance with procedures and authorities of the Defense Base Closure and Realignment Act of 1990, a base closure law as defined by section 10 of title 10, United States Code.

Local Redevelopment Authority (LRA)

Colorado

Installation: Pueblo Chemical Depot.
LRA Name: Pueblo Depot Activity Development Authority dba PuebloPlex.

Point of Contact: Breann Magnone, Public Engagement Coordinator.

Address: 45825 CO-HWY 96 E, Building 46, Pueblo, CO 81006.

Phone: (719) 947-3770.

Email address: HQ@PuebloPlex.com.

Dated: October 2, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
