

5. The permittee shall immediately notify the EPA of any violation of any condition of this general permit.

B. Requirements for Any Alaska Native Engaged in Subsistence Uses

Notwithstanding Section A, any Alaska Native engaged in subsistence uses is hereby granted a general permit to transport for the purpose of disposal and dispose of marine mammal carcasses in ocean waters subject to the following conditions:

1. The permittee shall submit a report (via email or letter) on all disposal activities authorized by this general permit that the permittee has conducted in the prior calendar year. Reports shall be submitted to EPA Region 10 within 30 days of the end of the calendar year. Contact information for EPA Region 10 is available at <http://www.epa.gov/ocean-dumping/ocean-disposal-marine-mammal-carcasses>. This report shall include:

a. The number and type of carcasses disposed;

b. A description of the general vicinity in which the carcasses were disposed; and

c. The name and contact information of the permittee.

2. Where ocean disposal is the selected approach, marine mammal carcasses must be towed or otherwise transported to a site offshore where, based on available information, which may include local or traditional knowledge, currents and winds are not expected to return the carcass to shore and the carcass is not expected to pose a hazard to navigation.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 248825]

Privacy Act; System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice of a modified system of records.

SUMMARY: The Federal Communications Commission (FCC, Commission, or Agency) proposes to modify an existing system of records, FCC/OS-1, Electronic Comment Filing System (ECFS), subject to the Privacy Act of 1974, as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. The

Commission uses this system to handle and process public comments related to FCC rulemakings and other proceedings. This modification makes various necessary changes to the Categories of Records and identifies a new FCC point of contact.

DATES: This modified system of records will become effective on October 8, 2024. Written comments on the routine uses are due by November 7, 2024. The routine uses in this action will become effective on November 7, 2024 unless comments are received that require a contrary determination.

ADDRESSES: Send comments to Brendan McTaggart, Federal Communications Commission, 45 L Street NE, Washington, DC 20554 or privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Brendan McTaggart, (202) 418-1738, or privacy@fcc.gov (and to obtain a copy of the Narrative Statement and the Supplementary Document, which include details of the proposed alterations to this system of records).
SUPPLEMENTARY INFORMATION: As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of the proposed modification of a system of records maintained by the FCC. The FCC previously provided notice of the system of records, FCC/OS-1 by publication in the **Federal Register** on December 19, 2023 (88 FR 87774).

The substantive changes and modifications to the previously published version of the FCC/OS-1 system of records include:

1. Updating the Authority, Purposes, Categories of Individuals, and Categories of Records to include the submission of responses to audits of the Equal Employment Opportunity (EEO) programs of multi-channel video program distributors (MVPDs) (including complainants and, via the annual EEO Public File Reports submitted therewith, recruitment and referral sources).

2. Updating Routine Use (5) Law Enforcement and Investigation, and making minor clerical edits to other routine uses, to maintain consistency with recently published FCC SORNs.

SYSTEM NAME AND NUMBER:

FCC/OS-1, Electronic Comment Filing System (ECFS).

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Office of the Secretary, Federal Communications Commission, 45 L

Street NE, Washington, DC 20554 and 1270 Fairfield Road, Gettysburg, PA 17325.

SYSTEM MANAGER(S):

Office of the Secretary, Federal Communications Commission (FCC), 45 L Street NE, Washington, DC 20554.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

44 U.S.C. chapter 36; 47 U.S.C. 151, 154, and 554; and sections 504 and 508 of the Rehabilitation Act, 29 U.S.C. 794.

PURPOSE(S) OF THE SYSTEM:

The ECFS collects comments and related data or metadata received by the FCC, whether electronically through the ECFS via an internet web-browser, by mail, by hand delivery of paper copy, or by other methods, as well as other files and records submitted in response to Commission rulemakings and docketed proceedings, and by the FCC's administrative law staff as the repository for official records for administrative proceedings. In order to comply with the requirements of various statutes and regulations, the FCC offers multiple avenues through which the public can be involved in the FCC decision-making process and can inform the FCC of concerns regarding compliance with FCC rules and requirements. Collecting and maintaining these types of information allows the FCC to be fully informed in decision-making, implementation, and enforcement endeavors. The FCC Enforcement Bureau also uses ECFS to collect and process responses to audits of the EEO programs of MVPDs to enforce compliance with the Commission's EEO requirements. The ECFS also allows staff access to documents and data necessary for key activities discussed in this SORN including analyzing effectiveness and efficiency of related FCC programs, informing future rule and policy-making activity, and improving staff efficiency. Records in this system are available for public inspection.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals and representatives of groups, companies, and other entities who have filed comments and other files and records in FCC rulemakings and docketed proceedings or other matters arising under the Communications Act of 1934, as amended, the Rehabilitation Act, or related statutes, as well as individuals (including EEO complainants and, via the annual EEO Public File Reports submitted therewith, recruitment and referral sources) identified in responses

to audits of the EEO programs of MVPDs.

CATEGORIES OF RECORDS IN THE SYSTEM:

Comments received by the FCC, whether electronically through the Electronic Comment Filing System (ECFS) via an internet web-browser, by mail, by hand delivery of paper copy, or other methods which include personally identifiable information provided by the filer such as name, home or business address, phone number, and/or email address. ECFS also collects certain network information from a filer and/or user submitting information to the FCC, such as IP address, geolocation, and computer operating system. The system also contains other files and records submitted in response to Commission rulemakings and docketed proceedings, EEO audit responses as well as the annual EEO Public File Reports submitted therein by MVPDs, and records submitted by the FCC's administrative law staff into ECFS as the repository for official records arising out of the conduct of administrative proceedings.

RECORD SOURCE CATEGORIES:

Information in this system is provided by individuals, groups, companies, and other entities who make or provide comments or other files and records in FCC rulemakings, and docketed proceedings, as well as FCC staff.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed to authorized entities, as is determined to be relevant and necessary, outside the FCC as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

1. **Public Access**—Under the rules of the Commission, public comments as well as other files and records submitted in rulemakings and other docketed proceedings are routinely available to the public—unless confidentiality is requested (47 CFR 0.459)—via the ECFS and may also be disclosed to the public in Commission releases.

2. **FCC Enforcement Actions**—When a record in this system involves an informal complaint filed alleging a violation of FCC rules, regulations, orders, or requirements by an applicant, licensee, certified or regulated entity, or an unlicensed person or entity, the complaint may be provided to the alleged violator for a response. Where a

complainant in filing his or her complaint explicitly requests confidentiality of his or her name from public disclosure, the Commission will endeavor to protect such information from public disclosure. Complaints that contain requests for confidentiality may be dismissed if the Commission determines that the request impedes the Commission's ability to investigate and/or resolve the complaint.

3. **Litigation**—Records may be disclosed to the Department of Justice (DOJ) when: (a) the FCC or any component thereof; (b) any employee of the FCC in his or her official capacity; (c) any employee of the FCC in his or her individual capacity where the DOJ or the FCC has agreed to represent the employee; or (d) the United States Government is a party to litigation or has an interest in such litigation, and by careful review, the FCC determines that the records are both relevant and necessary to the litigation, and the use of such records by the Department of Justice is for a purpose that is compatible with the purpose for which the FCC collected the records.

4. **Adjudication**—Records may be disclosed in a proceeding before a court or adjudicative body, when: (a) the FCC or any component thereof; or (b) any employee of the FCC in his or her official capacity; or (c) any employee of the FCC in his or her individual capacity; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the FCC determines that the records are both relevant and necessary to the litigation, and that the use of such records is for a purpose that is compatible with the purpose for which the agency collected the records.

5. **Law Enforcement and Investigation**—When the FCC investigates any violation or potential violation of a civil or criminal law, regulation, policy, executed consent decree, order, or any other type of compulsory obligation and determines that a record in this system, either alone or in conjunction with other information, indicates a violation or potential violation of law, regulation, policy, consent decree, order, or other compulsory obligation, the FCC may disclose pertinent information as it deems necessary to the target of an investigation, as well as with the appropriate Federal, State, local, Tribal, international, or multinational agencies, or a component of such an agency, responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order.

6. **Congressional Inquiries**—Information may be disclosed to a

Congressional office from the record of an individual in response to an inquiry from that Congressional office made at the written request of that individual.

7. **Government-wide Program Management and Oversight**—Information may be disclosed to DOJ to obtain that department's advice regarding disclosure obligations under the Freedom of Information Act (FOIA); or to the Office of Management and Budget (OMB) to obtain that office's advice regarding obligations under the Privacy Act.

8. **Breach Notification**—Records may be disclosed to appropriate agencies, entities, and persons when: (a) the Commission suspects or has confirmed that there has been a breach of PII maintained in the system of records; (b) the Commission has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, the Commission (including its information system, programs, and operations), the Federal Government, or national security; and; and (c) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Commission's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

9. **Assistance to Federal Agencies and Entities Related to Breaches**—Records may be disclosed to another Federal agency or Federal entity, when the Commission determines that information from this system is reasonably necessary to assist the recipient agency or entity in: (a) responding to a suspected or confirmed breach or (b) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, program, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

10. **Non-Federal Personnel**—Information may be disclosed to non-Federal personnel, including contractors, other vendors (e.g., identity verification services), grantees, and volunteers who have been engaged to assist the FCC in the performance of a contract, service, grant, cooperative agreement, or other activity related to this system of records and who need to have access to the records in order to perform their activity.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

This an electronic system of records that resides on the FCC's network.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records in this system of records can be retrieved by any category field, *e.g.*, individual name, entity name, rulemaking number, and/or docket number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The information in this system is maintained and disposed of in accordance with the National Archives and Records Administration (NARA) General Records Schedule 6.6: Rulemaking Records (DAA-GRS-2017-0012).

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

The electronic records, files, and data are stored in a database housed in the FCC computer network. While comments and other files and records are generally publicly available, access to certain information associated with filings is restricted to authorized employees and contractors; and to IT staff, contractors, and vendors who maintain the IT networks and services. Other employees and contractors may be granted access on a need-to-know basis. The electronic files and records are protected by the FCC privacy safeguards, a comprehensive and dynamic set of IT safety and security protocols and features that are designed to meet all Federal privacy standards, including those required by the Federal Information Security Modernization Act of 2014 (FISMA), the Office of Management and Budget (OMB), and the National Institute of Standards and Technology (NIST).

RECORD ACCESS PROCEDURES:

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

CONTESTING RECORD PROCEDURES:

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

NOTIFICATION PROCEDURES:

Individuals wishing to determine whether this system of records contains information about themselves may do so by writing to *privacy@fcc.gov*. Individuals requesting access must also comply with the FCC's Privacy Act regulations regarding verification of identity to gain access to records as required under 47 CFR part 0, subpart E.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

88 FR 87774 (December 19, 2023).

Federal Communications Commission.

GENERAL SERVICES ADMINISTRATION

[Notice—PBS-2024-13; Docket No. 2024-0002; Sequence No. 45; UNIQUE IDENTIFIER: SEIS-023-00-009-1727281974]

Notice of Intent To Prepare a Supplemental Environmental Impact Statement for the Expansion and Modernization of the Raul Hector Castro Land Port of Entry and Proposed Commercial Land Port of Entry in Douglas, Arizona

AGENCY: Public Buildings Service (PBS), General Services Administration (GSA).

ACTION: Notice of intent (NOI); announcement of public scoping meeting.

SUMMARY: Pursuant to the requirements of the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality Regulations, and the GSA Public Buildings Service NEPA Desk Guide, GSA is issuing this notice to advise the public that a Supplemental Environmental Impact Statement (SEIS) will be prepared to evaluate potential environmental impacts from a proposed flood channel realignment and expansion of retention basin to the west of the Raul Hector Castro (RHC) Land Port of Entry (LPOE) in Douglas, Arizona. This NOI also announces the public scoping process for the SEIS.

DATES:

Public Scoping Period—The public scoping period begins on Friday, October 11, 2024. Interested parties are encouraged to provide comments regarding the scope of the SEIS. Written comments must be received by November 11, 2024 (see **ADDRESSES** section of this NOI on how to submit comments).

Meeting Date—A public scoping meeting will be held on Thursday, October 24, 2024, from 4:00 p.m. to 6:00 p.m. The meeting will be held in the Douglas Visitor Center (see **ADDRESSES** section for location address), where GSA will meet with governmental and public stakeholders to explain the project and obtain input on the scope of the project. The meeting will be an informal open house, where visitors may come, receive information, and

provide written comments. No formal presentation will be provided.

SUPPLEMENTARY INFORMATION:**Background**

GSA is beginning preparation of a SEIS to analyze the potential impacts resulting from the proposed realignment and reconstruction of the Rose Avenue Channel and construction of a new stormwater retention basin west of the expanded and modernized RHC LPOE. This SEIS will supplement the previous Environmental Impact Statement (EIS) for the RHC LPOE expansion and modernization project. GSA signed the Record of Decision (ROD) for the Final EIS for the Expansion and Modernization of the RHC LPOE and Proposed Commercial LPOE in Douglas, Arizona on May 6, 2024. GSA approved the preferred alternative, identified in the Final EIS as Alternative 2 (Concurrent Construction—Westward Expansion), which would involve construction of a new Commercial LPOE and phased expansion and modernization of the existing RHC LPOE at the same time, with expansion primarily to the west of the existing RHC LPOE.

Under the Proposed Action for the SEIS, the existing concrete box culvert beneath the LPOE would be partially maintained and extended westward near the existing vehicle inspection booths. From there, an open channel would be constructed generally parallel and to the north of Border Road and would discharge into an existing wash just west of Chino Road. The existing north-south channel that runs parallel to Pan American Avenue would be abandoned and sealed or demolished in conjunction with the expansion and modernization of the RHC LPOE. An expanded stormwater retention basin would also be constructed just west of
