## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101238; File No. SR-NASDAQ-2024-045]

### Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change To Modify the Application of the Minimum Bid Price Compliance Periods and the Delisting Appeals Process for Bid Price Non-Compliance in Listing Rules 5810 and 5815 Under Certain Circumstances

October 3, 2024.

On August 6, 2024, The Nasdaq Stock Market LLC (“Nasdaq”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) <sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to modify the application of the minimum bid price compliance periods and the delisting appeals process for bid price non-compliance in Nasdaq Listing Rules 5810 and 5815 under certain circumstances. The proposed rule change was published for comment in the **Federal Register** on August 23, 2024.<sup>3</sup>

Section 19(b)(2) of the Act<sup>4</sup> provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for this proposed rule change is October 7,

2024. The Commission is extending this 45-day time period.

The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change and the comments received.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,<sup>5</sup> designates November 21, 2024, as the date by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-NASDAQ-2024-045).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>6</sup>

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101244; File No. SR-CboeBYX-2024-035]

### Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend the Implementation Date of Functionality That Will Provide Members and Clearing Members With the Option To Utilize Additional Credit Risk Settings Under Interpretation and Policy .03 of Rule 11.13 (“Aggregate Credit Risk Checks”)

October 3, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 26, 2024, Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) proposes to extend the implementation date of functionality that will provide Members and Clearing Members with the option to utilize additional credit risk settings under Interpretation and Policy .03 or Rule 11.13 (“Aggregate Credit Risk Checks”).

The text of the proposed rule change is also available on the Exchange’s website ([http://markets.cboe.com/us/equities/regulation/rule\\_filings/byx/](http://markets.cboe.com/us/equities/regulation/rule_filings/byx/)), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange is filing this proposal to extend the implementation date of functionality providing Members and Clearing Members with the option to utilize additional Aggregate Credit Risk Checks. The functionality relating to these additional risk settings was submitted by the Exchange on an immediately effective basis on May 29, 2024.<sup>3</sup>

The Aggregate Credit Risk Checks offered under Interpretation and Policy .03 or Rule 11.13, provide Members and Clearing Members with additional, optional credit risk settings, at the Market Participant Identifier (“MPID”) level and/or to a subset of orders identified within the MPID level (the “risk group identifier” level) that authorizes the Exchange to take automated action if a designated limit for a Member is breached. These risk

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> See Securities Exchange Act Release No. 100767 (Aug. 19, 2024), 89 FR 68228. Comments on the proposed rule change are available at: <https://www.sec.gov/comments/sr-nasdaq-2024-045/srnasdaq2024045.htm>.

<sup>4</sup> 15 U.S.C. 78s(b)(2).

settings will provide Members and Clearing Members with enhanced abilities to manage their risk with respect to orders on the Exchange. Specifically, the Exchange intends to offer two aggregate credit risk settings as follows:

- The “Aggregate Gross Credit Exposure Limit”, which refers to a pre-established maximum daily dollar amount for purchases and sales across all symbols, where both purchases and sales are counted as positive values. For purposes of calculating the Aggregate Gross Credit Exposure Limit, both executed and open orders are included; and

- The “Aggregate Net Credit Exposure Limit”, which refers to a pre-established maximum daily dollar amount for purchases and sales across all symbols, where purchases are counted as positive values and sales are counted as negative values. For purposes of calculating the Aggregate Net Credit Exposure Limit, both executed and open orders are included.

The Exchange initially proposed to implement the Aggregate Credit Risk Checks by October 31, 2024. While this date is not included in the relevant rule text codifying the Aggregate Credit Risk Checks, the Exchange separately notates in its rulebook when it plans to implement new functionality that was either immediately effective upon rule filing, or approved by the SEC. Estimated implementation dates are sometimes necessary so because implementing new functionality sometimes requires additional time to develop, test, and deploy, and such timeline may not always coincide with the statutory rule filing process. As such, the Exchange provides estimated implementation dates to make Members aware that certain rule text is subject to amendment post implementation of the new functionality, as well as to provide Members with sufficient notice so that they can make any necessary technological or operational adjustments to their systems (if applicable). However, more time is needed to design, test, and implement the Aggregate Credit Risk Checks. Accordingly, the Exchange proposes to implement the Aggregate Credit Risk Checks on or after November 22, 2024. The Exchange would issue a Trade Desk Notice announcing the exact implementation date to Users.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the

objectives of Section 6(b) of the Act<sup>4</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange’s proposal to delay the implementation of Aggregate Credit Risk Checks to on or after November 22, 2024, is consistent with the Act and protection of investors and general public because it will permit the Exchange additional time to ensure the Exchange can properly develop, test, and deploy the Aggregate Credit Risk Checks. Moreover, the Aggregate Credit Risk Checks themselves were previously approved [sic] by the Commission,<sup>5</sup> and this proposal does not change the substance of those functionalities. As noted, the Exchange would issue a Trade Desk Notice announcing the exact implementation date to members and member organizations.

### *B. Self-Regulatory Organization’s Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the purpose of this proposal is simply to extend the implementation date for the additional aggregate credit risk settings so that the Exchange has additional time for development, testing, and deployment.

### *C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

## **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>6</sup> and Rule 19b-4(f)(6) thereunder.<sup>7</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if

consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>9</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>10</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>11</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that more time is required to ensure optimal design, testing, and implementation for the Aggregate Credit Risk Checks, and thus, waiver of the operative delay will provide Exchange with such additional time. As such, the Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it would ensure that the Exchange has extra time to properly deploy these new aggregate credit risk functionalities, which is to the benefit of market participants that will eventually utilize the Aggregate Credit Risk Checks. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.<sup>12</sup>

At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>13</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

<sup>8</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>9</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange’s intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>10</sup> 17 CFR 240.19b-4(f)(6).

<sup>11</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>12</sup> For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>13</sup> 15 U.S.C. 78s(b)(2)(B).

<sup>4</sup> 15 U.S.C. 78f(b).

#### SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101246; File No. SR-OCC-2024-014]

#### **Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Proposed Rule Change, as Modified by Partial Amendment No. 1, by the Options Clearing Corporation Concerning Its Process for Adjusting Certain Parameters in Its Proprietary System for Calculating Margin Requirements During Periods When the Products It Clears and the Markets It Serves Experience High Volatility**

October 3, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act" or "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 24, 2024, The Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by OCC. On October 1, 2024, OCC filed a partial amendment ("Partial Amendment No. 1") to the proposed rule change.<sup>3</sup> The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Partial Amendment No. 1 (hereafter the "proposed rule change") from interested persons.

#### **I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change**

This proposed rule change would codify OCC's process for adjusting certain parameters in its proprietary system for calculating margin requirements during periods when the products OCC clears and the markets it serves experience high volatility. Proposed changes to OCC's Margin Policy are submitted in Exhibit 5 to File

<sup>15</sup> U.S.C. 78s(b)(1).

<sup>17</sup> 17 CFR 240.19b-4.

<sup>3</sup> In Partial Amendment No. 1, OCC submitted a revised Exhibit 3D to SR-OCC-2024-014 without changing the substance of the proposed rule change. Partial Amendment No. 1 does not materially alter the substance of the proposed rule change or raise any novel regulatory issues.

No. SR-OCC-2024-014. Material proposed to be added is marked by underlining and material proposed to be deleted is marked with strikethrough text. All terms with initial capitalization that are not otherwise defined herein have the same meaning as set forth in the OCC By-Laws and Rules.<sup>4</sup>

#### **II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

##### *(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

OCC is the sole clearing agency for standardized equity options listed on national securities exchanges registered with the Commission. OCC also clears certain stock loan and futures transactions. In its role as a clearing agency, OCC guarantees the performance of its Clearing Members for all transactions cleared by OCC by becoming the buyer to every seller and the seller to every buyer (or the lender to every borrower and the borrower to every lender, in the case of stock loan transactions). These clearing activities could expose OCC to financial risks if a Clearing Member fails to fulfil its obligations to OCC. In its role as guarantor for all transactions cleared through OCC, one of the more material risks related to a Clearing Member's failure to perform is credit risk arising from the activity of the Clearing Members whose performance OCC guarantees. OCC manages these financial risks through financial safeguards, including the collection of margin collateral from Clearing Members designed to, among other things, address the market risk associated with a Clearing Member's positions during the period of time OCC has determined it would take to liquidate those positions.

OCC has established a proprietary system, the System for Theoretical Analysis and Numerical Simulation ("STANS"), that runs various models used to calculate each Clearing
