

asides for the observer and research programs for fishing year 2025 and default specifications for fishing year 2026. This action will also consider modifying the current seasonal flatfish closure in Closed Area II, and adjusting regulations to allow NGOM permitted vessels to possess scallops outside of the management unit. They will also receive an update on ongoing 2024 scallop work priorities. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
